## OPERATING INSTRUCTIONS

The YITAHOME Convertible Sofa Chair Bed offers three primary configurations and adjustable backrest positions for versatile use.

### Converting Between Modes (3-in-1 Functionality)

This product can be used as a single sofa, a chaise lounge, or a single sofa bed.

- **Single Sofa:** The chair is in its compact, upright position.
- **Chaise Lounge:** Pull the hidden footrest mechanism outwards from under the seat. This extends the seating area for lounging.
- **Single Sofa Bed:** With the footrest extended, recline the backrest to a flat position to create a sleeping surface.

**Figure 2: 3-in-1 Convertible Sofa Bed.** This diagram shows the three configurations: 1) Single Sofa with dimensions, 2) Chaise Lounge with extended footrest and dimensions, and 3) Single Sofa Bed with full extension and dimensions. Key dimensions are indicated for each mode.

**Figure 3: Multi-Mode Usage.** This image displays the YITAHOME sofa chair bed in three different practical configurations: a fully extended sleeper bed, a compact loveseat sofa, and a chaise lounge with the footrest extended.

### **Backrest Adjustment**

The backrest features 5 levels of adjustment, ranging from 90° (upright) to 180° (flat). To adjust, gently push the backrest forward until you hear a click, then recline it to your desired angle. To return to an upright position, push it fully forward until it resets, then recline to the first desired angle.

**Figure 4: 5-Position Adjustment.** This graphic illustrates the backrest's adjustable angles from 90° to 180°, allowing for various comfort levels for sitting, lounging, and sleeping. Examples show the chair used for gaming (90°), watching TV (reclined chaise), and sleeping (180° flat).

## MAINTENANCE

Proper care will extend the life and appearance of your YITAHOME Sofa Chair Bed.

- **Cleaning:** For general cleaning, gently vacuum the velvet fabric to remove dust and debris. For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild fabric cleaner specifically designed for velvet, testing on an inconspicuous area first.
- **Fabric Care:** Avoid harsh chemicals or abrasive cleaners. Do not machine wash or tumble dry the fabric.
- **Frame Care:** Periodically check all bolts and screws to ensure they remain tight. Retighten if necessary.
- **Protection:** Keep the product away from direct heat sources and sharp objects.
