LIVELYGLOW LF-DC LED Pink

LIVELYGLOW Small Makeup Vanity Desk with Smart LED Mirror - Instruction Manual

Model: LF-DC LED Pink

INTRODUCTION

Thank you for purchasing the LIVELYGLOW Small Makeup Vanity Desk. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure optimal use of your new vanity desk. Please read this manual thoroughly before assembly and use, and retain it for future reference.

SAFETY INFORMATION

- Ensure all parts are present and undamaged before assembly.
- Assemble on a soft, clean surface to prevent scratches.
- Do not overtighten screws during assembly.
- Keep small parts away from children.
- Always unplug the vanity from the power outlet before cleaning or maintenance.
- Do not expose the electrical components to water or excessive moisture.

PRODUCT COMPONENTS

The LIVELYGLOW Vanity Desk includes the following main components:

- Main Desk Unit with 2 Drawers
- Smart LED Mirror
- Integrated Shelving (5 open shelves)
- Built-in Power Outlet (2 AC outlets, 2 USB ports)
- Hairdryer Rack
- Assembly Hardware and Tools (typically included)

SETUP AND ASSEMBLY

Assembly is required for this vanity desk. Follow the step-by-step instructions provided in the included assembly manual. Ensure all parts are correctly oriented and securely fastened.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface. Verify all hardware and panels are present against the parts list.
2. **Assemble Base Structure:** Begin by assembling the main desk frame according to the diagrams. Attach the side panels to the bottom shelf and then to the desktop.
3. **Install Drawers:** Assemble the two drawers and slide them into their designated slots in the desk unit.
4. **Attach Mirror and Shelving:** Secure the smart LED mirror to the desktop. Then, attach the side shelving units to the mirror frame and desktop.
5. **Connect Power Outlet and Hairdryer Rack:** Mount the hairdryer rack and the power outlet unit to the side of the desk as indicated in the instructions. Connect the power cable for the LED mirror to the integrated power outlet.
6. **Final Placement:** Position the vanity desk in its desired location. Ensure it is stable and level.

OPERATING INSTRUCTIONS

Smart LED Mirror Operation

The integrated LED mirror features touch controls for light adjustment.

- **Power On/Off:** Lightly touch the power icon on the mirror surface to turn the LED lights on or off.
- **Change Color Temperature:** With the lights on, short press the power icon to cycle through three color temperatures: Warm White (3000K), Natural White (4000K), and Cold White (8000K).
- **Adjust Brightness:** With the lights on, long press the power icon to activate the stepless dimming function. Release when the desired brightness is achieved.

Using the Power Outlet

The vanity desk includes a built-in power outlet with 2 AC outlets and 2 USB ports for convenient charging of electronic devices and powering hair tools.

- Plug the vanity desk's main power cord into a wall outlet.
- Connect your hair dryer, phone charger, or other devices to the available AC outlets (125V/12A) or USB ports (5V/2.1A).

MAINTENANCE AND CARE

- **Cleaning the Surface:** Wipe the desk surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
 - **Cleaning the Mirror:** Use a glass cleaner and a microfiber cloth to clean the LED mirror. Do not spray cleaner directly onto the mirror; apply it to the cloth first.
 - **Dusting:** Regularly dust all surfaces with a dry, soft cloth to prevent buildup.
 - **Spills:** Immediately wipe up any spills to prevent staining or damage to the material.
 - **Electrical Components:** Ensure the power outlet and mirror connections are dry and free from debris.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
LED Mirror does not light up.	Power cord not plugged in; loose connection; power outage.	Ensure the vanity's main power cord is securely plugged into a working wall outlet. Check the connection between the mirror and the integrated power outlet. Verify the wall outlet has power.
Cannot change light color or brightness.	Incorrect touch operation; mirror sensor issue.	Ensure you are using the correct touch gestures (short press for color, long press for brightness). Clean the mirror surface around the touch sensor.
Power outlets/USB ports not working.	Vanity not plugged in; device not properly connected.	Confirm the vanity desk is plugged into a live wall outlet. Ensure devices are fully inserted into the AC or USB ports.
Desk feels wobbly after assembly.	Loose screws; uneven surface.	Check and tighten all assembly screws. Ensure the vanity is placed on a flat, level surface.
