## GDFStudio 336668

# GDFStudio King Size Upholstered Platform Bed Frame Instruction Manual

Model: 336668

## INTRODUCTION

Thank you for choosing the GDFStudio King Size Upholstered Platform Bed Frame. This manual provides detailed instructions for assembly, usage, and maintenance to ensure safe and proper operation of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

## Important Safety Information

- Ensure all parts are present and undamaged before assembly. Do not use if any parts are missing or broken.
- Assemble the bed frame on a soft, clean surface to prevent scratches.
- It is recommended that two adults assemble this product.
- Do not overtighten screws during assembly.
- Ensure the bed is assembled correctly and does not exceed the weight limit of 800 lbs to prevent collapse and potential injury.
- Keep small parts away from children during assembly.

## PACKAGE CONTENTS

Before assembly, verify that all components listed below are present in your package. All parts and tools are well-labeled.

- Headboard (1)
- Side Rails (2)
- Footboard (1)
- Center Support Beam (1)
- Support Legs (6)
- Wooden Slats (12)
- Hardware Pack (bolts, washers, nuts, Allen wrench)

## SETUP AND ASSEMBLY INSTRUCTIONS

Follow these steps carefully for proper assembly. Two adults can complete setup within an hour.

- 1. Unpack Components:** Carefully remove all parts from the packaging and lay them out on a soft, clean surface to prevent damage. Identify each component using the provided labels.
- 2. Attach Support Legs:** Secure the 6 support legs to the center support beam and the frame corners using the provided hardware. Ensure they are tightened firmly but do not overtighten.
- 3. Assemble Frame:** Connect the headboard, footboard, and side rails. Align the pre-drilled holes and insert bolts, securing them with washers and nuts. Hand-tighten all connections initially.

Image: A side view of the GDFStudio bed frame, illustrating the connection points of the side rail to the headboard and footboard, with wooden slats visible inside.

- 4. Install Center Support:** Place the center support beam into the designated slots or brackets within the frame. Secure it according to the instructions, ensuring it is centered and stable.
- 5. Insert Wooden Slats:** Lay the 12 wooden slats across the frame, evenly spaced. Many slats may have pre-drilled holes or clips to secure them to the side rails or center beam. Ensure each slat is properly seated and secured to provide optimal mattress support.

Image: A detailed view of the wooden slats, showing how they are positioned and secured within the bed frame structure, providing a sturdy base for the mattress.

6. **Final Tightening:** Once all components are in place, go back and fully tighten all bolts and screws using the provided Allen wrench. Do not overtighten.
7. **Place Mattress:** Your GDFStudio King Size Upholstered Platform Bed Frame does not require a box spring. Place your King size mattress directly onto the assembled slats.

## USAGE GUIDELINES

To ensure the longevity and safety of your bed frame, please observe the following guidelines:

- **Weight Capacity:** The bed frame is designed to support a maximum weight of 800 lbs, including the mattress and occupants. Do not exceed this limit.
- **Mattress Compatibility:** This platform bed frame is designed for a King size mattress. A box spring is not required. Recommended mattress thickness is between 8 and 12 inches.

### Weight Capacity

Max to 800 lbs

### Mattress

8" -12"

## KING SIZE:INCH

Image: A technical diagram illustrating the King size dimensions of the bed frame (87.5" L x 83.1" W x 27.5" H) and indicating a maximum weight capacity of 800 lbs and recommended mattress thickness of 8"-12".

- **Even Weight Distribution:** Avoid concentrating heavy loads on a single point of the bed frame. Distribute weight evenly across the mattress and slats.
- **Movement:** When moving the bed frame, lift it rather than dragging it to prevent damage to the legs or frame structure.

## CARE AND MAINTENANCE

Proper care will help maintain the appearance and structural integrity of your bed frame.

- **Cleaning the Upholstery:** The fabric upholstery is soft, breathable, and wear-resistant. For general cleaning, gently vacuum the fabric to remove dust and debris. For spills or stains, spot clean immediately with a mild fabric cleaner and a soft, damp cloth. Test the cleaner on an inconspicuous area first. Do not saturate the fabric.

Image: A close-up view of the beige fabric upholstery, highlighting its texture and weave, which is designed for comfort and durability.

- **Frame Inspection:** Periodically check all bolts and screws to ensure they remain tight. Retighten if necessary to maintain stability.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, strong detergents, or chemical solvents on any part of the bed frame, as these can damage the finish or fabric.
- **Sunlight Exposure:** Avoid prolonged direct exposure to sunlight, which can cause fading of the fabric.

## TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Bed frame feels unstable or wobbly.	Loose bolts or screws.	Check and tighten all assembly hardware. Ensure all support legs are firmly attached and touching the floor.
Squeaking noises.	Loose connections or friction between parts.	Retighten all bolts. Ensure slats are properly seated and not rubbing against the frame. Applying a small amount of lubricant (e.g., paraffin wax) to contact points between wood and metal can help.
Slats are shifting or falling out.	Improper slat installation or excessive movement.	Ensure all slats are correctly placed in their designated positions and secured if applicable. Verify the center support beam is correctly installed.

## PRODUCT SPECIFICATIONS

**Brand:** GDFStudio

**Model Number:** 336668

**Size:** King

**Product Dimensions:** 87.5" L x 83.1" W x 27.5" H

**Color:** Beige

**Material:** Fabric (Upholstered)

**Frame Material:** Solid Wood

**Weight Capacity:** 800 lbs

**Mattress Compatibility:** King size, no box spring needed

**Recommended Mattress Thickness:** 8" - 12"

**Assembly Required:** Yes (approx. 1 hour for two adults)

**Product Care:** Spot Clean

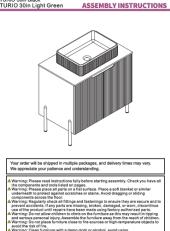

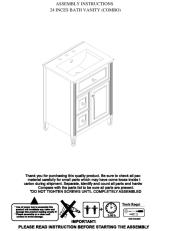

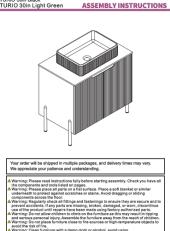

**Item Weight:** 103.2 pounds

**UPC:** 637162317952

## WARRANTY AND SUPPORT

GDFStudio is committed to providing quality products. For specific warranty details, please refer to the documentation included with your purchase or visit the official GDFStudio website. If you have any questions, require assistance with assembly, or need to report missing/damaged parts, please contact GDFStudio customer support.

**GDFStudio Customer Support:** Please refer to your purchase receipt or the GDFStudio official website for contact information.
