

JOOFO MF-18228G

JOOFO LED Floor Lamp Model MF-18228G Instruction Manual

Model: MF-18228G

INTRODUCTION

Thank you for choosing the JOOFO LED Floor Lamp. This manual provides detailed instructions for the setup, operation, and maintenance of your new floor lamp. This lamp features stepless dimming, adjustable color temperature, and convenient control options via a magnetic remote and a foot switch. Its upward-facing light design provides bright yet gentle illumination, suitable for various environments.

SETUP INSTRUCTIONS

Follow these steps to assemble your JOOFO LED Floor Lamp:

1. **Install the Light Head:** Carefully attach the light head to the top pole section. Ensure the connection is secure.
2. **Connect Light Pole Sections:** Screw the pole sections together clockwise until they are firmly connected. Ensure all wires are not pinched during assembly.
3. **Install the Base:** Attach the assembled pole to the weighted base. Turn clockwise until the base is securely fastened.

Once assembled, plug the power cable into a standard electrical outlet.

OPERATING INSTRUCTIONS

Control Methods

- **Remote Control:** The lamp can be operated using the included magnetic remote control. The remote allows for power on/off, brightness adjustment, color temperature changes, and setting the 1-hour timer.
- **Foot Switch:** A convenient foot switch is integrated into the power cord for basic power on/off functionality.

Brightness and Color Temperature Adjustment

The lamp offers stepless adjustment for both brightness (5%-100%) and color temperature (2700K-6500K). Use the dedicated buttons on the remote control to fine-tune your desired lighting. The lamp features a memory function, retaining your last settings when turned off and on again.

Adjustable Color Temperature

1-Hour Timer Function

Activate the 1-hour timer via the remote control to automatically shut off the lamp after one hour. This feature is useful for bedtime or when leaving a room.

Adjustable Lamp Head

The lamp head can be adjusted up to 350° horizontally and 180° vertically, allowing you to direct light precisely where needed. This flexibility makes it ideal for various tasks such as reading or ambient lighting.

MAINTENANCE

- **Cleaning:** Ensure the lamp is unplugged before cleaning. Use a soft, dry cloth to wipe down the lamp. Avoid abrasive cleaners or solvents that may damage the finish.
- **Bulb Replacement:** The LED light source is integrated and not user-replaceable. Do not attempt to disassemble the light head.
- **Storage:** If storing the lamp for an extended period, disassemble it carefully and store it in its original packaging in a dry, cool place.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lamp does not turn on.	No power supply. Remote control battery is low or depleted.	Check if the power cord is securely plugged into a working outlet. Replace the batteries in the remote control.
Remote control is not working.	Remote control battery is low or depleted. Obstruction between remote and lamp sensor.	Replace the batteries in the remote control. Ensure a clear line of sight between the remote and the lamp.
Light flickers or dims unexpectedly.	Unstable power supply. Loose connection.	Try plugging the lamp into a different outlet. Ensure all pole connections are tight.
