2. Connecting to Your Smartphone

To unlock all features, connect your smartwatch to your smartphone via the GloryFit app.

1. **Enable Bluetooth:** On your smartphone, go to Settings and ensure Bluetooth is turned on.
2. **Download GloryFit App:** Scan the QR code in the manual or search for "GloryFit" in the Google Play Store (for Android) or Apple App Store (for iOS) and download the app.
3. **Register/Log In:** Open the GloryFit app and follow the on-screen instructions to register a new account or log in if you already have one.
4. **Pair Device:** In the GloryFit app, navigate to the "Device" section and tap "Add Device" or "Bind Device". Select "P98PRO" from the list of available devices.
5. **Confirm Pairing:** A pairing request will appear on your smartwatch. Confirm the pairing on both your phone and the watch.

Figure 4: Smartwatch Connection Process. This visual guide outlines the steps to connect the smartwatch to a smartphone, including enabling Bluetooth, downloading the GloryFit app from app stores, and pairing the device within the app.

OPERATING INSTRUCTIONS

1. Basic Navigation

The taopodo P98PRO Smartwatch features a 1.91-inch HD full-touch display for intuitive navigation.

- **Swipe Up/Down:** Scroll through menus and notifications.
- **Swipe Left/Right:** Access quick functions or different data screens.
- **Tap:** Select an item or confirm an action.
- **Press and Hold:** Customize watch faces on the home screen.

3. Smart Notifications

Receive real-time notifications for calls, messages, and social media apps directly on your wrist. Ensure notification permissions are enabled in the GloryFit app settings.

Figure 8: AI & Information Reminder. This image demonstrates the smartwatch's ability to display notifications from popular messaging and social media applications, keeping the user informed without needing to check their phone.

4. Health Monitoring

The smartwatch provides comprehensive health tracking features:

- **Heart Rate Monitoring:** Continuous 24-hour heart rate tracking. View your heart rate data in real-time on the watch or in the GloryFit app for detailed analysis.
- **Blood Oxygen (SpO2) Monitoring:** Monitor your blood oxygen saturation levels throughout the day.
- **Sleep Monitoring:** Tracks your sleep patterns, including deep sleep, light sleep, REM, and awake times, to help you understand and improve your sleep quality.
- **Women's Health Tracking:** Dedicated features for tracking menstrual cycles, fertile periods, and safe days.

5. Sport Modes

The smartwatch supports over 120 sport modes, allowing you to track various activities with detailed metrics like distance, calories burned, and intensity.

- **Accessing Sport Modes:** Navigate to the "Sport" section on your watch to select your desired activity.
- **Data Tracking:** During your workout, the watch will display real-time data. After your workout, sync with the GloryFit app for a comprehensive summary.

Figure 14: 120+ Sport Modes and Health Data Monitoring. This image highlights the extensive range of sport modes available on the smartwatch, along with its capability to track and display detailed health and activity data, such as steps, distance, calories, and heart rate.

6. Customizing Watch Faces

Personalize your smartwatch with over 200 free watch faces available through the GloryFit app, or create your own using your favorite photos.

- **Changing Watch Faces:** Long-press the home screen on your watch or browse options within the GloryFit app.
- **DIY Dials:** Upload personal photos via the app to create unique watch faces.

200+ Stylish Dials and DIY Dials

Figure 16: Elegant and DIY Dials. This image further illustrates the extensive customization options for watch faces, including both pre-designed elegant styles and the ability to upload personal images for a unique look.

MAINTENANCE

1. Waterproofing (IP68)

The taopodo P98PRO Smartwatch is IP68 waterproof, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for 30 minutes. It is suitable for daily use, including hand washing, rain, and sweating during exercise.

- Do NOT use in hot water, saunas, or steam rooms.
- Avoid prolonged immersion or high-pressure water.
- Dry the watch thoroughly after exposure to water.

Figure 17: IP68 Waterproof Feature. This image demonstrates the smartwatch's resistance to water, showing it being used while washing hands, and indicating its suitability for sweat and rain exposure.

2. Cleaning and Care

- Wipe the watch and straps regularly with a soft, dry cloth.
- If necessary, use a slightly damp cloth for cleaning, then dry thoroughly.
- Avoid using harsh chemicals or abrasive materials.
- Keep the charging contacts clean and dry.

TROUBLESHOOTING

If you encounter issues with your smartwatch, please refer to the following common solutions:

Problem	Possible Solution
Watch not turning on	Ensure the watch is fully charged. Connect to the charger for at least 10 minutes.
Cannot pair with phone	Ensure Bluetooth is enabled on your phone. Make sure the watch is within range of your phone. Restart both the watch and your phone. Clear Bluetooth cache on your phone (Android). Try unpairing and re-pairing the device in the GloryFit app.
Notifications not received	Check notification permissions in the GloryFit app and your phone's settings. Ensure the watch is connected via Bluetooth. Disable "Do Not Disturb" mode on both the watch and phone.
Inaccurate health data	Ensure the watch is worn snugly on your wrist, not too loose or too tight. Clean the sensor on the back of the watch. Avoid excessive movement during measurements.
Short battery life	Reduce screen brightness. Limit continuous heart rate monitoring if not needed. Turn off unnecessary notifications. Ensure the watch is fully charged each time.
