GDFStudio 337250

GDFStudio Modern LED Coffee Table User Manual

Model: 337250 | Brand: GDFStudio

PRODUCT OVERVIEW

The GDFStudio Modern LED Coffee Table is designed to enhance your living space with its sleek high-gloss finish, wood grain texture, and integrated LED lighting. This versatile table features a tempered glass top and a convenient storage compartment, making it a functional and stylish addition to any room.

Key Features:

- **Modern High-Gloss Design:** Sleek black high-gloss surface with wood grain accents.
- **Glass Top with LED Lighting:** Tempered glass tabletop with 16-color adjustable LED lights.
- **Ample Storage Space:** Built-in compartment for organizing items.
- **Sturdy & Durable Construction:** Made from high-quality particle board with a solid base.

SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- Do not exceed the maximum weight capacity of **130 lbs (59 kg)** on the tabletop.
- Ensure all screws and fasteners are securely tightened during assembly and periodically check for looseness.

- A protective film is applied to the high-gloss surfaces. *Please remove this film completely before use* to reveal the intended finish.
- Keep small parts and assembly tools out of reach of children.
- Avoid placing hot items directly on the surface without protection.

SETUP AND ASSEMBLY

Assembly of the GDFStudio Modern LED Coffee Table is required. All necessary instructions and tools are included in the packaging. It is recommended to assemble the table on a soft, clean surface to prevent scratches.

Before You Begin:

- Unpack all components and verify against the parts list provided in your assembly manual.
- Ensure you have adequate space for assembly.
- Have a Phillips head screwdriver and any other basic tools ready, though most specialized tools should be included.

Assembly Steps (General Guidance):

1. Identify and separate all components according to the assembly diagram.
2. Attach the main support structures using the provided hardware.
3. Assemble the storage compartment and integrate it into the main structure.
4. Carefully place the tempered glass top onto the designated area.
5. Connect the LED lighting system according to the specific wiring instructions.
6. Tighten all fasteners securely, but do not overtighten.
7. Remove the protective film from all high-gloss surfaces.

OPERATING INSTRUCTIONS (LED LIGHTING)

The GDFStudio Modern LED Coffee Table features built-in 16-color adjustable LED lights to create the perfect ambiance. The LED system is controlled via a remote control or a compatible mobile application (if applicable, refer to your specific LED kit instructions).

LED Features:

- **16 Changing Colors:** Select from a wide spectrum of colors to match your mood or decor.
- **Multiple Modes:** Includes Flash mode (single or multi-color) and Gradient mode (single or multi-color) for dynamic lighting effects.
- **Adjustable Brightness:** Dim or brighten the lights to your preference.

Image: An illustration detailing the 16 available LED color options and the different lighting modes (Flash and Gradient) that can be controlled, possibly via a smartphone application.

Basic Operation:

1. Ensure the LED power adapter is securely plugged into a wall outlet.
2. Use the provided remote control (or app) to turn the lights ON/OFF.
3. Select your desired color from the color palette on the remote/app.
4. Toggle between Flash and Gradient modes using the dedicated buttons.
5. Adjust brightness using the brightness control buttons.

MAINTENANCE AND CARE

Proper care will ensure the longevity and appearance of your GDFStudio Modern LED Coffee Table.

- **Cleaning Surfaces:** For the high-gloss and wood grain surfaces, wipe with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that can damage the finish.

- **Tempered Glass Care:** Clean the glass top with a glass cleaner and a lint-free cloth. Do not use sharp objects on the glass.
- **LED Lights:** The LED lights are designed for long-term use and typically do not require maintenance. If issues arise, refer to the troubleshooting section.
- **Protective Film:** As mentioned, ensure the protective film is removed from all high-gloss surfaces before initial use.
- **Weight Distribution:** Distribute weight evenly on the tabletop and within the storage compartment to prevent stress on the structure.

TROUBLESHOOTING

If you encounter any issues with your coffee table, please refer to the common problems and solutions below. For persistent issues, contact customer support.

Problem	Possible Cause	Solution
LED lights not turning on.	Power adapter unplugged, remote battery dead, loose connection.	Check power connection. Replace remote battery. Ensure all LED wiring connections are secure.
Table feels wobbly after assembly.	Fasteners not fully tightened, uneven floor.	Re-tighten all assembly screws. Ensure the table is on a level surface; use furniture pads if necessary.
Scratches on high-gloss surface.	Protective film not removed, abrasive cleaning.	Ensure protective film is fully removed. Use only soft cloths and non-abrasive cleaners.
