LOW LATENCY BEAST™ MODE

Image: Close-up view of the right ear cup, highlighting the easy access control buttons for power, volume, and mode selection. The headphones feature an adaptive fit design and support dual pairing with Bluetooth v5.2.

Control Buttons:

- **Power Button:** Press and hold to power on/off. Short press for play/pause.
- **Volume Up (+):** Short press to increase volume. Long press for next track.
- **Volume Down (-):** Short press to decrease volume. Long press for previous track.
- **Multi-function Button:** (Specific function may vary, often for call management or voice assistant).
- **Mode Button:** Activates BEAST Mode for low latency gaming.

4. SETUP

4.1 Powering On/Off

- **To Power On:** Press and hold the Power Button for approximately 3 seconds until the LED indicator lights up.

- **To Power Off:** Press and hold the Power Button for approximately 5 seconds until the LED indicator turns off.

4.2 Bluetooth Pairing

1. Ensure the headphones are fully charged before first use.
2. Power on the headphones. They will automatically enter pairing mode, indicated by a flashing LED light (e.g., blue and red alternating).
3. On your device (smartphone, tablet, laptop), enable Bluetooth.
4. Search for available Bluetooth devices and select "boAt Rockerz 413" from the list.
5. Once connected, the LED indicator will show a steady blue light or flash slowly.

4.3 Dual Pairing

The Rockerz 413 supports dual pairing, allowing you to connect to two devices simultaneously (e.g., a smartphone and a laptop). This enables seamless switching between audio sources without manual disconnection.

1. Connect the headphones to the first device as described in section 4.2.
2. Disable Bluetooth on the first device. The headphones will re-enter pairing mode.
3. Connect the headphones to the second device.
4. Re-enable Bluetooth on the first device. The headphones will automatically connect to both devices.
5. Audio will play from the device that is actively playing content.

5. OPERATING INSTRUCTIONS

5.1 Audio Playback

- **Play/Pause:** Short press the Power Button.
- **Next Track:** Long press the Volume Up (+) button.
- **Previous Track:** Long press the Volume Down (-) button.
- **Volume Control:** Short press Volume Up (+) or Volume Down (-) buttons.

5.2 Call Management (ENx Technology)

The boAt Rockerz 413 features ENx Technology, which enhances your voice and cancels surrounding noise for clear call quality.

- **Answer/End Call:** Short press the Multi-function Button.

- **Reject Call:** Long press the Multi-function Button.
- **Voice Assistant:** Double press the Multi-function Button (if supported by your device).

6. CHARGING

Your boAt Rockerz 413 headphones offer an impressive 60 hours of playback on a single charge.

- Connect the provided charging cable to the charging port on the headphones.
- Connect the other end of the cable to a USB power source (e.g., wall adapter, computer USB port).
- The LED indicator will show a red light during charging.
- Once fully charged, the LED indicator will turn blue or off, depending on the model.
- Avoid using fast chargers or chargers with voltage exceeding 5V to prevent damage.

7. MAINTENANCE

To ensure the longevity and optimal performance of your headphones, follow these maintenance guidelines:

- Keep the headphones dry. Do not expose them to water or excessive moisture.
- Clean the ear cushions and headband regularly with a soft, dry cloth.
- Avoid extreme temperatures.
- Store the headphones in a cool, dry place when not in use.
- Do not attempt to disassemble or modify the headphones, as this will void the warranty.

8. TROUBLESHOOTING

Problem	Possible Solution
---------	-------------------

Problem	Possible Solution
Headphones not turning on	Ensure the headphones are charged. Connect to a power source and try again.
Cannot pair with device	<ul style="list-style-type: none"> ◦ Ensure headphones are in pairing mode (flashing LED). ◦ Disable and re-enable Bluetooth on your device. ◦ Forget "boAt Rockerz 413" from your device's Bluetooth list and try pairing again. ◦ Ensure headphones are not connected to another device (due to Dual Pairing).
No sound or low volume	<ul style="list-style-type: none"> ◦ Check volume levels on both headphones and connected device. ◦ Ensure headphones are properly connected to the device. ◦ Try playing audio from a different application or device.
Call quality issues (ENx Tech)	<ul style="list-style-type: none"> ◦ Ensure the microphone is not obstructed. ◦ Move to a quieter environment if possible. ◦ Check device settings to ensure the headphones are selected for calls.
Latency in gaming (BEAST Mode)	<ul style="list-style-type: none"> ◦ Ensure BEAST Mode is activated (press the Mode Button). ◦ Check for interference from other wireless devices. ◦ Ensure your device's Bluetooth connection is stable.
