Genérico H2002bg

H2002bg Wireless Gaming Headset User Manual

Model: H2002bg | Brand: Genérico

INTRODUCTION

This user manual provides comprehensive instructions for the H2002bg Wireless Gaming Headset. Please read this manual carefully before using the product to ensure proper operation and to maximize your gaming and audio experience. Keep this manual for future reference.

SAFETY INFORMATION

- Do not expose the headset to extreme temperatures, humidity, or corrosive substances.
- Avoid dropping or subjecting the headset to strong impacts.
- Do not disassemble or attempt to repair the headset yourself. This may void the warranty and cause damage.
- Clean the headset with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- Listen at moderate volume levels to prevent hearing damage. Prolonged exposure to loud sounds can cause permanent hearing loss.

PACKAGE CONTENTS

Please check the package for the following items:

- H2002bg Wireless Gaming Headset
- Detachable Microphone
- User Manual
- Charging Cable

PRODUCT OVERVIEW

The H2002bg is a wireless gaming headset designed for immersive audio and clear communication. While marketed under the brand Genérico, the headset itself features HAVIT branding, indicating its product line or manufacturer. It boasts a sleek black design with red accents and LED illumination. The headset is equipped with soft, adjustable ear cushions and a padded headband for extended comfort during long gaming sessions.

Figure 1: Front view of the H2002bg Wireless Gaming Headset with the detachable microphone attached. Note the red headband and black earcups.

Figure 2: Side view of the H2002bg Wireless Gaming Headset, highlighting the adjustable headband and the HAVIT branding on the side.

Key Features:

- **Premium Design:** Elegant black finish with red accents and LED illumination.
- **Exceptional Comfort:** Soft, adjustable ear cushions and a padded headband for prolonged use.
- **Clear Communication:** High-quality, removable microphone for crisp in-game communication.
- **Versatile Connectivity:** Wireless Bluetooth technology for freedom of movement.
- **Practical Controls:** Integrated buttons for volume adjustment and main functions directly on the headset.

SETUP

1. Charging the Headset

Before first use, fully charge the headset. Connect the charging cable to the headset's charging port and the other end to a USB power source. The LED indicator will show charging status and turn off when fully charged.

2. Attaching the Microphone

The H2002bg comes with a detachable microphone. Locate the microphone port on the headset (typically on the left earcup). Align the microphone connector with the port and gently push it in until it clicks into place. To remove, gently pull the microphone straight out.

3. Pairing via Bluetooth

1. Ensure the headset is charged and turned off.
2. Press and hold the Power button on the headset until the LED indicator flashes rapidly, indicating pairing mode.
3. On your device (console, mobile, desktop), go to Bluetooth settings and search for new devices.
4. Select "H2002bg" from the list of available devices.
5. Once connected, the LED indicator on the headset will stop flashing and remain solid or turn off, depending on the model.

The headset supports Bluetooth connectivity for seamless integration with various devices including consoles, mobile devices, and desktops.

OPERATING INSTRUCTIONS

Power On/Off

- **To Power On:** Press and hold the Power button for approximately 3 seconds.
- **To Power Off:** Press and hold the Power button for approximately 5 seconds.

Volume Control

The headset features integrated volume controls. Use the *Volume Up* and *Volume Down* buttons (or a scroll wheel, if applicable) located on one of the earcups to adjust the audio level.

Microphone Usage

- Ensure the detachable microphone is securely attached.
- Position the microphone approximately 1-2 inches from your mouth for optimal voice clarity.
- To mute/unmute the microphone, use the dedicated microphone mute button on the headset (if available) or through your device's audio settings.

LED Illumination

The headset features LED illumination. The LEDs typically activate when the headset is powered on. Refer to the product's specific controls for any options to change LED modes or turn them off, if available.

MAINTENANCE

- **Cleaning:** Use a soft, lint-free cloth to wipe down the earcups and headband. For stubborn dirt, slightly dampen the cloth with water. Do not use alcohol, benzene, or other chemical cleaners.
- **Storage:** When not in use, store the headset in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the headset frequently. Charge it regularly, even if not in constant use.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No sound from headset	Headset not powered on; Not paired correctly; Volume too low; Device audio output not set to headset.	Ensure headset is on; Re-pair the headset; Increase headset and device volume; Select headset as audio output in device settings.
Microphone not working	Microphone not attached properly; Microphone muted; Device input not set to headset mic.	Check microphone connection; Unmute microphone; Select headset microphone as input device in settings.
Headset not pairing	Headset not in pairing mode; Device Bluetooth off; Too far from device.	Ensure headset is in pairing mode (flashing LED); Turn on device Bluetooth; Move headset closer to device.
Short battery life	Not fully charged; Old battery.	Ensure full charge before use; If battery life significantly degrades, consider contacting support.

SPECIFICATIONS

Feature	Detail
