## HOSTACK Modern 6-Drawer Dresser Instruction Manual

Brand: HOSTACK | Model: B0FC5683K1

### INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your HOSTACK Modern 6-Drawer Dresser. Designed for efficient storage and a modern aesthetic, this dresser is a functional addition to any bedroom, living room, or entryway. Please read all instructions carefully before beginning assembly.

## SAFETY INFORMATION

---

- **Anti-Tipping Hardware:** Always install the included anti-tipping hardware to secure the dresser to a wall. This is crucial to prevent serious injury from tipping furniture.
- **Weight Capacity:** Each drawer has a maximum weight capacity of 35 lbs. Do not exceed this limit to ensure proper function and longevity of the dresser.
- **Assembly:** This dresser is designed for assembly by individuals aged 12 and above. Adult supervision is recommended for younger individuals.
- **Placement:** Place the dresser on a flat, stable surface. Avoid placing heavy objects on the top surface that could cause instability.

## PARTS LIST

---

Before beginning assembly, ensure all components listed below are present and undamaged. Refer to the included "Accessories Bag" and "Step-to-step Instructions" for detailed part identification.

- 1x Six Drawer Dresser (disassembled components)
- 1x Step-to-step Instructions Manual
- 1x Accessories Bag (containing hardware, screws, dowels, drawer slides, etc.)

If any parts are missing or damaged, please contact customer support for assistance.

## SETUP AND ASSEMBLY

Follow the step-by-step instructions provided in the included manual. It is recommended to assemble the dresser on a soft, clean surface to prevent scratches. Ensure all screws and connectors are tightened securely, but do not overtighten.

### Key Assembly Tips:

- **Identify Parts:** All parts are numbered or lettered. Match them carefully with the diagrams in the instruction manual.
- **Drawer Slides:** The drawer slides often come pre-assembled. You will need to separate the inner and outer rails before attaching them to the drawer sides and the dresser frame, respectively. Look for a small lever or tab to release them.
- **Cam Locks:** When using cam locks (round metal pieces), ensure the arrow on the cam lock points towards the screw head it is locking into before tightening. Turn clockwise until snug.
- **Power Tools:** While not strictly necessary, a power drill with appropriate bits can expedite assembly. Use caution to avoid overtightening screws, which can damage the wood.

## Assembly Video Guide:

Video: This video provides helpful tips and visual guidance for assembling the HOSTACK Modern Dresser, demonstrating key steps and hardware usage.

Image: A detailed view of an open drawer, highlighting the smooth-gliding mechanism and the cut-out handle design.

## OPERATING INSTRUCTIONS

- **Drawer Use:** The dresser features 6 easy-glide drawers. To open, gently pull the cut-out handle. To close, push the drawer firmly until it is fully seated.
- **Weight Distribution:** Distribute weight evenly across the drawers. Avoid placing excessively heavy items in a single drawer.
- **Child Safety:** The cut-out handles are designed to minimize the risk of pinched fingers when closing drawers, offering a safer experience for children.

## MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the MDF wood finish.
- **Spills:** Immediately wipe up any spills to prevent moisture damage or staining.
- **Hardware Check:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Drawer Rails:** If drawers become stiff, a small amount of silicone lubricant can be applied to the drawer slides.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Drawers do not close smoothly or are misaligned.	Incorrect installation of drawer slides or cam locks; uneven assembly of the dresser frame.	<ol style="list-style-type: none"><li>1. Verify that drawer slides are correctly installed and aligned on both the drawer and the dresser frame.</li><li>2. Ensure all cam locks are fully tightened and oriented correctly (arrow pointing to screw head).</li><li>3. Check that the dresser frame is level and all connecting screws are secure.</li><li>4. Apply a small amount of silicone lubricant to the drawer slides if they are stiff.</li></ol>
Dresser feels wobbly or unstable.	Loose connections; anti-tipping hardware not installed or improperly secured.	<ol style="list-style-type: none"><li>1. Retighten all screws and connections throughout the dresser.</li><li>2. Ensure the anti-tipping hardware is securely fastened to both the dresser and a wall stud.</li><li>3. Verify the dresser is on a flat, level surface.</li></ol>
