## Doublepow D23

# Doublepow Camping LED Fan with Light - User Manual

Model: D23-Orange 20000mAh

## PRODUCT OVERVIEW

The Doublepow Camping LED Fan with Light is a versatile, portable device designed for various outdoor and indoor scenarios. It combines a powerful fan with an integrated LED light, powered by a high-capacity rechargeable battery. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure optimal performance and longevity of your device.

## KEY FEATURES

- **High-Capacity Rechargeable Battery:** Equipped with a 20000 mAh rechargeable battery, providing 8-100 hours of operation depending on usage. Fully charges in 8-9 hours via a 5V3A Type-C cable.
- **Super Bright LED Light:** Features 16 LED beads with Cold and Warm Illumination modes. Offers 5 brightness settings (3 for cold light, 2 for warm light), ideal for various lighting needs.
- **Powerful Airflow and Rotation:** Double clover design for enhanced airflow. Offers 5 different fan speeds. The fan head can rotate 270° to direct airflow as needed.
- **User-Friendly Controls:** Fan and LED lights are controlled independently. Features 4 speed indicator lights and 4 battery indicator lights. Includes a sleep mode button to turn off lights.
- **Durable and Portable Design:** Constructed from durable ABS material, making it fall-proof and collision-proof. Features a 360° swivel table base and foldable hooks for versatile placement, including hanging in tents.

## PACKAGE CONTENTS

Please verify that all items are present in the package:

- Doublepow Camping LED Fan with Light (Model D23)
- Type-C Charging Cable
- Lanyard
- User Manual (this document)

## SETUP

### 1. Initial Charging

Before first use, fully charge the fan's internal battery. Connect the provided Type-C charging cable to the fan's charging port and plug the other end into a 5V3A power adapter (not included). The battery indicator lights will show charging

progress. A full charge typically takes 8-9 hours.

## 2. Placement Options

The fan offers multiple placement options for convenience:

- **Tabletop Use:** Utilize the stable base for placement on any flat surface. The fan head can be rotated 270° to adjust the airflow direction.
- **Hanging:** Extend the foldable hook located at the bottom of the unit to hang the fan inside a tent, from a branch, or any suitable fixture.

## ***Sturdy & Durable***

Wide sturdy base to prevent tipping over,  
overall construction pretty solid.

## ***Essential Camping Gear***

The portable fan for adventurers seeking cooling  
relief and illumination on their journeys

## 2-in-1 Design Rechargeable Fan

Suitable for a variety of outdoor of indoor occasions

Figure 5: Examples of the fan's 2-in-1 design for different indoor and outdoor occasions.

## OPERATING INSTRUCTIONS

### 1. Powering On/Off and Fan Speed Control

Locate the fan control knob on the front panel. Rotate the knob clockwise to turn on the fan and increase the speed. There are 5 distinct fan speeds. Rotate counter-clockwise to decrease speed and turn off the fan. The speed indicator lights will illuminate to show the current fan speed setting.

### 2. LED Light Operation

The LED lights are controlled separately from the fan. Press the light button to cycle through the 5 brightness settings (3 cold light, 2 warm light). Press the sleep mode button to turn off the lights while the fan continues to operate, ideal for nighttime use.

### 3. Battery Level Indicator

The front panel features 4 battery indicator lights (25%, 50%, 75%, 100%) to display the remaining battery capacity.

## 4. Power Bank Function

The fan can also serve as a power bank to charge other USB-powered devices. Locate the USB output port on the side of the unit. Connect your device's charging cable to this port to begin charging.

## MAINTENANCE

To ensure the longevity and optimal performance of your Doublepow Camping LED Fan, follow these maintenance guidelines:

- **Cleaning:** Periodically wipe the exterior of the fan with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, ensuring no moisture enters the internal components. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use for extended periods, store the fan in a cool, dry place away from direct sunlight and extreme temperatures. Ensure the battery is partially charged (around 50%) before storage to preserve battery health.
- **Battery Care:** Avoid completely draining the battery frequently. Recharge the fan when the battery indicator shows low capacity.

## TROUBLESHOOTING

If you encounter issues with your fan, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not turn on.	Battery is depleted.	Charge the fan using the provided Type-C cable.
LED lights do not turn on.	Battery is depleted or light function is off.	Charge the fan. Press the light button to activate the lights.
Fan airflow is weak.	Fan speed is set too low or battery is low.	Increase the fan speed using the control knob. Recharge the battery if low.
Device not charging from USB output.	Fan battery is too low or cable is faulty.	Ensure the fan has sufficient charge. Try a different USB cable.

## SPECIFICATIONS

Feature	Detail
Brand	Doublepow
Model Name	D23
Color	D23-Orange
Battery Capacity	20000mAh
Power Source	Battery Powered

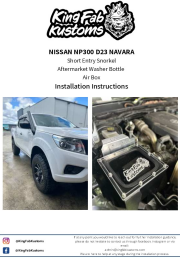

Feature	Detail
Voltage	5 Volts
Fan Speeds	5
Light Settings	5 brightness settings (Cold & Warm Illumination)
Rotation Angle	270° (fan head)
Product Dimensions	2.83"D x 3.35"W x 4.06"H
Item Weight	3.19 pounds
Included Components	Lanyard
Indoor/Outdoor Usage	Outdoor
Control Method	Remote

WARRANTY AND SUPPORT

For warranty information, technical support, or service inquiries, please contact Doublepow customer service directly. Refer to the product packaging or the official Doublepow website for the most current contact details.

Please retain your purchase receipt as proof of purchase for any warranty claims.
