iQOO Z10 Lite 5G

iQOO Z10 Lite 5G Smartphone User Manual

Model: I2409

1. INTRODUCTION

This manual provides essential instructions for the safe and efficient operation of your iQOO Z10 Lite 5G smartphone. Please read this manual thoroughly before using your device and retain it for future reference.

2. SAFETY INFORMATION

- Do not expose the device to extreme temperatures or direct sunlight for prolonged periods.
- Avoid using the device in dusty or dirty environments.
- Do not attempt to disassemble or modify the device. This voids the warranty.
- Use only iQOO approved chargers and accessories.
- Keep the device away from water and liquids. While it has an IP64 rating for dust and splash resistance, it is not waterproof.
- Dispose of batteries and electronic components responsibly according to local regulations.

3. WHAT'S IN THE BOX

Upon opening your iQOO Z10 Lite 5G package, you should find the following items:

- iQOO Z10 Lite 5G Cell Phone
- Charger
- USB Cable
- SIM Eject Tool
- Quick Start Guide
- Warranty Card
- Phone Case

4. INITIAL SETUP

4.1. Inserting SIM Card and microSD Card

1. Locate the SIM card tray on the side of your device.
2. Insert the SIM eject tool into the small hole next to the tray and press gently until the tray pops out.
3. Place your Nano-SIM card(s) and/or microSD card into the designated slots on the tray. Ensure the gold contacts face downwards.
4. Carefully reinsert the tray into the phone.

IP64 Rated 5G Smartphone¹

1. This product is rated as IP64 for protection against tight dust and water splashes under IEC standard 60529 and was tested under controlled laboratory conditions. For more details on IP protection, kindly refer the actual IEC standard. The resistance to water splashes and tight dust is not permanent and may be reduced over time by external factors such as daily use (such as SIM insertion and removal, drops, impacts). Do not charge the mobile phone when it is wet. Refer to Safety information in Settings for cleaning and drying instructions. Damage due to liquid ingress is not covered by warranty.

4.2. Charging the Battery

Before first use, fully charge your iQOO Z10 Lite 5G. The device is equipped with a 6000 mAh battery and supports 15W FlashCharge.

1. Connect the USB cable to the charger.
2. Plug the charger into a power outlet.
3. Connect the USB cable to the charging port on your phone.
4. The charging indicator will appear on the screen.

4.3. Powering On/Off

- To power on: Press and hold the Power button until the iQOO logo appears.
- To power off: Press and hold the Power button, then select "Power off" from the options.
- To restart: Press and hold the Power button, then select "Restart" from the options.

5. OPERATING YOUR DEVICE

5.1. Display and Navigation

The iQOO Z10 Lite 5G features a 6.74-inch display with a 90Hz refresh rate and 1000 nits peak brightness for clear viewing.

- **Touch Gestures:** Tap, swipe, pinch-to-zoom for various functions.
- **Home Screen:** Customize with widgets and app shortcuts.
- **Notification Panel:** Swipe down from the top of the screen to access notifications and quick settings.

6. MAINTENANCE AND CARE

6.1. Cleaning Your Device

- Use a soft, lint-free cloth to clean the screen and body of the phone.
- Avoid using harsh chemicals or abrasive materials.
- If necessary, slightly dampen the cloth with water or a screen cleaner.

6.2. Battery Care

- Avoid completely draining the battery frequently.
- Do not leave the phone charging for excessively long periods after it's full.
- Use the provided charger for optimal battery health.

7. TROUBLESHOOTING

Problem	Possible Solution
Device does not power on	Ensure the battery is charged. Press and hold the Power button for at least 10 seconds.
Battery drains quickly	Close unused apps, reduce screen brightness, disable unnecessary features like GPS or Bluetooth when not in use. Check for background app activity.
Apps are crashing or freezing	Restart the device. Clear the cache of the problematic app. Update the app or the phone's operating system.
Cannot connect to Wi-Fi	Restart your router and phone. Forget the Wi-Fi network and reconnect. Ensure Wi-Fi is enabled on your device.

Problem	Possible Solution
Poor call quality	Check network signal strength. Move to an area with better reception. Ensure nothing is blocking the microphone or speaker.

8. SPECIFICATIONS
