Kitstorack 2 Pack under bed storage

Kitstorack Under Bed Storage with Wheels Instruction Manual

Model: 2 Pack under bed storage (Grey)

PRODUCT OVERVIEW

The Kitstorack Under Bed Storage with Wheels is designed to maximize unused space under beds, sofas, tables, and closets. This 2-pack of grey storage containers features a height-adjustable design, 360° rotating silent wheels, a clear window, and a label holder for easy organization. Constructed from durable 300D PU fabric and a sturdy metal frame, each unit can hold up to 70 lbs.

- **Height-adjustable Design:** Dimensions are 30.71 x 16.93 x 6.69 inches (with wheels), suitable for under-bed heights greater than 6.7 inches. The height can be adjusted up to 9.5 inches.
- **360° Rotating Silent Wheels:** Equipped with four smooth-gliding wheels, two of which have a locking function for stability.
- **Clear Window & Label:** A transparent top window allows for easy identification of contents, complemented by a label holder.
- **Easy to Install:** Designed for quick and straightforward assembly.
- **Durable Construction:** Made from high-quality 300D PU fabric and a robust metal frame, supporting up to 70 lbs.

SETUP INSTRUCTIONS

Follow these steps to assemble your Kitstorack Under Bed Storage unit:

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components are present: fabric storage container, metal frame pieces, casters (wheels), and screws.
2. **Assemble Metal Frame:** Connect the metal frame pieces according to the included diagram. Ensure all connections are secure.
3. **Attach Wheels:** Securely attach the four casters to the designated points on the metal frame using the provided screws. Ensure two of the wheels with locking mechanisms are placed on the same side for easy access.
4. **Insert Frame into Fabric Container:** Place the assembled metal frame inside the fabric storage container.

Ensure it fits snugly and provides structural support.

5. **Adjust Height (Optional):** If your unit features height adjustment, ensure the frame is positioned to achieve your desired height. The fabric sides can be extended or folded to accommodate different clearances.

Ours vs **Others**

Load-bearing

Newest sturdy metal frame supports up to 66lbs(30kg), strong load-bearing to prevent falling apart.

The image shows a comparison between a sturdy metal frame (Ours) and a flimsy fabric frame (Others). The 'Ours' side features a black metal frame with four casters on a wooden floor. The 'Others' side shows a fabric frame filled with pillows and blankets, appearing unstable.

Image: Step 1 of assembly, showing components.

Material

Enduring 600D PU fabric can withstand a long time of use and will not tear easily.

Wheels

4 silent wheels can be rotated 360 degrees, easy to push and pull will not scratch the floor and carpet.

The image shows a comparison between the product's material and wheels (Ours) and a competitor's (Others). The 'Ours' side shows a close-up of the grey 600D PU fabric and a 360-degree rotating wheel. The 'Others' side shows a competitor's product with a frayed fabric edge and a standard wheel.

OPERATING INSTRUCTIONS

Using your Kitstorack Under Bed Storage is simple and efficient:

1. **Loading Items:** Open the clear zippered lid. Place clothes, shoes, blankets, toys, or other items neatly inside the container. Avoid overfilling to ensure the zipper closes smoothly and to prevent damage to the fabric or frame.
2. **Closing the Lid:** Zip the clear lid closed to protect contents from dust and moisture. The clear window allows you to see what's inside without opening the unit.
3. **Moving the Unit:** Utilize the 360° rotating wheels to easily slide the storage unit under your bed, sofa, or into a closet. The wheels are designed for smooth movement on various floor surfaces, including carpet.
4. **Locking Wheels:** If you need the unit to remain stationary, press the locking mechanism on the two designated wheels. To unlock, simply lift the mechanism.
5. **Accessing Items:** Pull the unit out using the sturdy handles. Unzip the lid to retrieve or add items.

MAINTENANCE

Proper care will extend the life of your Kitstorack storage units:

- **Cleaning Fabric:** Wipe the nonwoven fabric exterior with a damp cloth and mild soap if necessary. Allow to

air dry completely. Do not machine wash or tumble dry.

- **Clear Window Care:** Clean the clear PVC window with a soft, damp cloth. Avoid abrasive cleaners that could scratch the surface.
- **Wheel Maintenance:** Periodically check the wheels for any accumulated dust or debris and clean as needed to ensure smooth rotation.
- **Zipper Care:** Ensure the zipper is free from obstructions before closing. If the zipper becomes stiff, a small amount of zipper lubricant can be applied.
- **Weight Limit:** Do not exceed the maximum weight capacity of 70 lbs per unit to maintain structural integrity.

TROUBLESHOOTING

Here are solutions to common issues you might encounter:

- **Wheels Not Rolling Smoothly:**
Solution: Check for hair, lint, or debris caught in the wheel mechanisms. Clean the wheels thoroughly. Ensure the locking mechanisms are disengaged. If a wheel is difficult to attach during assembly, ensure it is aligned correctly with the screw hole and apply firm, even pressure.
- **Zipper Sticking or Difficult to Close:**
Solution: Ensure the fabric or contents are not caught in the zipper teeth. Try moving the zipper slowly. If it continues to stick, apply a small amount of zipper lubricant (e.g., beeswax or a graphite pencil) to the teeth.
- **Unit Appears Unstable:**
Solution: Verify that the metal frame is fully assembled and securely inserted into the fabric container. Ensure all wheels are properly attached and the unit is not overloaded beyond its 70 lbs capacity.
- **Difficulty Adjusting Height:**
Solution: Ensure the internal frame components are correctly positioned to allow for height adjustment. The fabric should fold or extend smoothly.

SPECIFICATIONS

Brand	Kitstorack
Model Number	2 Pack under bed storage
Color	Grey
Material	300D PU Fabric, Metal Frame
Item Dimensions (L x W x H)	30.71 x 16.93 x 6.69 inches (with wheels)
