## 6. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your garden furniture set.

- **General Cleaning:** Wipe the rattan and wood surfaces with a dry cloth regularly to remove dust and debris. For more stubborn dirt, use a damp cloth with mild soap and water, then wipe dry immediately.
- **Rattan Care:** The hand-woven rattan is durable, waterproof, and UV-resistant. Avoid using harsh chemicals or abrasive cleaners that could damage the material.
- **Wood Care:** The acacia wood table and legs are naturally resistant to cracking. To maintain the wood's appearance, you may periodically apply a suitable outdoor wood oil or sealant, especially if exposed to direct sunlight and rain frequently.
- **Cushion Care:** The cushions are made from waterproof and fade-resistant fabric. For spills, wipe immediately with a clean cloth. For deeper cleaning, remove covers (if removable) and hand wash with mild soap and cold water, then

air dry. Do not machine wash or tumble dry. Store cushions indoors during prolonged periods of non-use or inclement weather to preserve their quality.

- **Seasonal Storage:** During winter months or extended periods of non-use, it is recommended to cover the furniture with a protective outdoor cover or store it in a dry, sheltered area to protect it from harsh elements.
