Scurrty buffet 022

Scurrty 31.5-inch Navy Blue Sideboard Cabinet Instruction Manual

Model: buffet 022 | Brand: Scurrty

1. INTRODUCTION AND SAFETY INFORMATION

Thank you for choosing the Scurrty 31.5-inch Navy Blue Sideboard Cabinet. This manual provides essential instructions for safe assembly, operation, and maintenance of your new furniture. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Important Safety Warnings:

- **Tip-Over Hazard:** Always assemble and secure the cabinet to the wall according to the manufacturer's instructions to prevent tip-over hazards. Wall anchoring hardware may be included or recommended.
- **Heat and Flames:** Never expose the cabinet to high heat or open flames to avoid damage and the release of harmful fumes.
- **Weight Capacity:** Do not exceed the recommended weight capacity for shelves and the top surface. Overloading can cause structural failure and injury.
- **Assembly:** Ensure all parts are correctly installed and fasteners are tightened securely before use. Periodically check and re-tighten fasteners as needed.
- **Children:** Keep small parts and packaging materials away from children during assembly to prevent choking hazards.

2. PACKAGE CONTENTS

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact Scurrty customer support for assistance.

- Cabinet Panels (Top, Bottom, Sides, Back)
- 3 Doors with Herringbone Design
- Adjustable Shelves
- Metal Base/Legs
- Golden Handles
- Hinges (Soft-closing)
- Assembly Hardware (screws, dowels, cam locks, etc.)

- Assembly Tools (basic wrench/hex key, screwdriver)
- Instruction Manual

Product Dimensions

SIZE: 47.2 "L * 15.7 "W * 30.8"H

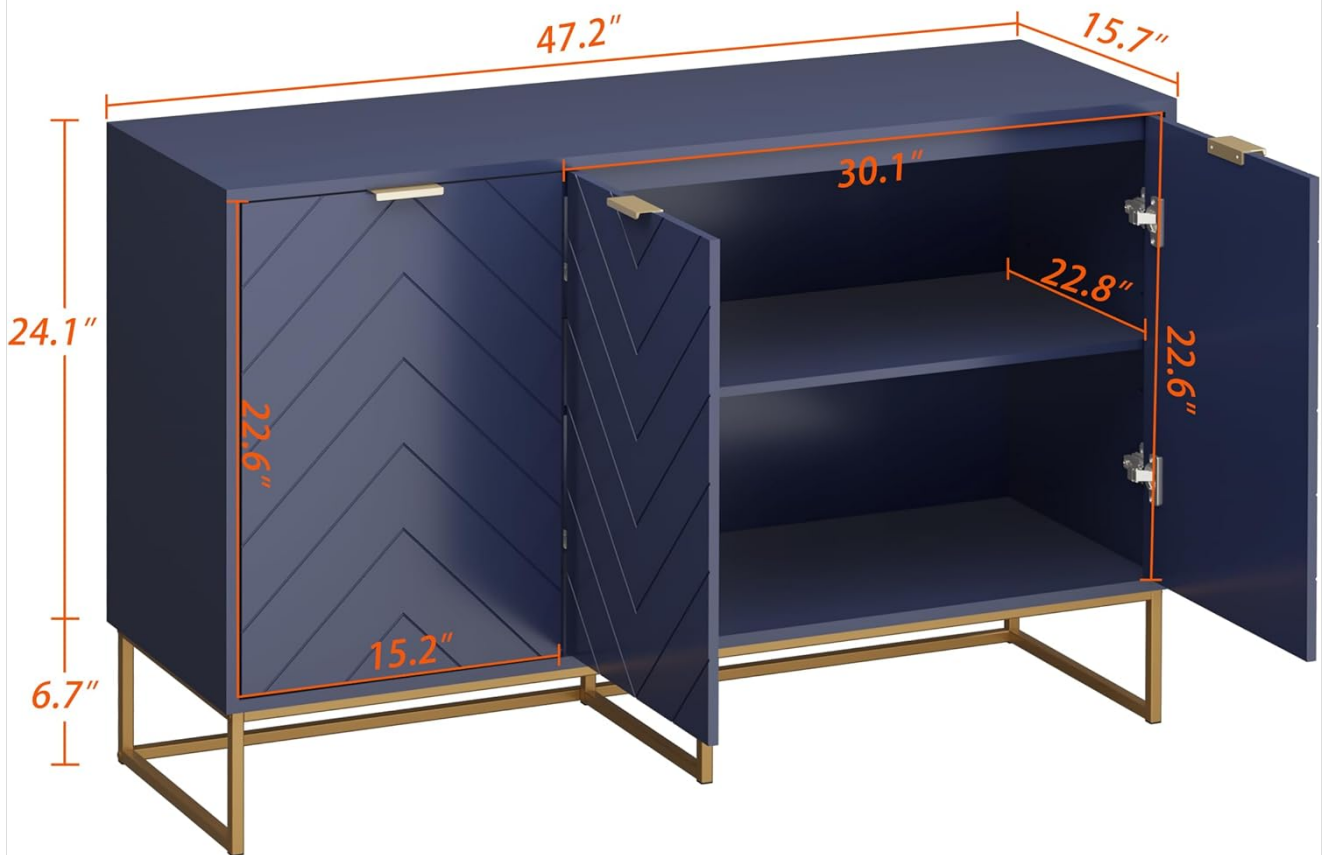

Image 1: Product Dimensions. This diagram illustrates the overall dimensions of the cabinet (47.2"L x 15.7"W x 30.8"H) and internal measurements for shelves and door panels.

3. ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward. Follow the numbered steps carefully. All parts are clearly labeled for easy identification.

Tools Required:

- Phillips Head Screwdriver
- Included Hex Key (if applicable)
- Hammer (for dowels, if applicable)

Assembly Steps:

1. **Prepare the Area:** Clear a spacious, clean, and flat surface for assembly. Lay down a blanket or cardboard to protect the cabinet parts and your floor.
2. **Attach the Metal Base:** Secure the metal base/legs to the bottom panel of the cabinet using the provided screws.

Ensure all connections are tight and stable.

3. **Assemble the Frame:** Connect the side panels to the bottom panel, followed by the top panel. Use the designated hardware (e.g., dowels, cam locks, screws) as indicated in the visual instructions.
4. **Install Back Panel:** Carefully align and attach the back panel to the assembled frame. This adds stability and squareness to the cabinet.
5. **Insert Shelves:** Place the adjustable shelf pins into the desired holes inside the cabinet. Then, rest the adjustable shelves on these pins.
6. **Attach Hinges to Doors:** Secure the soft-closing hinges to the inside of each door panel. Note that there may be different hinge types; ensure correct placement as per the visual guide.
7. **Mount Doors to Cabinet:** Attach the doors to the cabinet frame by connecting the hinges. Adjust the hinges to ensure proper door alignment and smooth closing. This step may require fine-tuning to achieve flush closure.
8. **Install Handles:** Attach the golden handles to the exterior of each door.
9. **Wall Anchoring:** For safety, secure the cabinet to a wall stud using appropriate wall anchoring hardware (not always included, but highly recommended).

4. OPERATING INSTRUCTIONS

The Scurry Sideboard Cabinet is designed for versatile storage in various home environments.

Adjustable Shelving:

The cabinet features adjustable and removable shelves behind its three doors. To adjust a shelf, simply remove any items, lift the shelf, and reposition the shelf pins into the desired holes. Ensure the shelf is level and securely seated on all four pins before placing items on it. This allows for customization based on the height of your stored items.

Versatile Usage:

- **Kitchen Buffet:** Ideal for storing cutlery, dishes, small appliances, or pantry items. The wide tabletop can accommodate coffee makers or serving dishes.
- **Living Room Storage:** Use it to organize books, media, decorative items, or board games.

- **Entryway Cabinet:** Perfect for stowing away shoes, bags, keys, and other entryway essentials, keeping your space tidy.

Separate storage at your disposal

Soft closing hinge

Image 5: Soft-Closing Hinge. A detailed view of the soft-closing hinge, which ensures quiet and gentle door closure, enhancing the cabinet's functionality.

5. MAINTENANCE

Proper care will ensure the longevity and appearance of your Scurry Sideboard Cabinet.

- **Cleaning:** Wipe the cabinet surfaces with a soft, damp cloth (wet rag) to remove dust and spills. Avoid abrasive cleaners or harsh chemicals, as these can damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or water damage to the engineered wood.
- **Sunlight:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration over time.
- **Humidity:** Maintain a stable humidity level in the room to prevent warping or cracking of the wood material.
- **Hardware Check:** Periodically inspect all screws and fasteners to ensure they remain tight. Re-tighten if necessary to maintain structural integrity.

6. TROUBLESHOOTING

If you encounter any issues with your cabinet, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Doors do not align or close flush	Hinges are not properly adjusted or installed.	Adjust the screws on the hinges to align the doors. Refer to the hinge adjustment guide (usually included with hinge hardware) for specific instructions. Ensure hinges are installed correctly (e.g., left vs. right, if applicable).
Cabinet feels wobbly or unstable	Fasteners are loose; cabinet is not level; wall anchoring not performed.	Check and tighten all assembly screws. Ensure the cabinet is on a level surface. If necessary, use shims under the legs. Securely anchor the cabinet to a wall stud.
Screws do not tighten properly or seem too small for holes	Incorrect screws used; manufacturing defect.	Verify you are using the correct screws for each step as per the instructions. If the issue persists and you suspect a defect, contact Scurrty customer support for replacement parts. Do not force screws.
Doors make noise when closing	Soft-closing mechanism not functioning; lack of rubber stoppers.	Ensure the soft-closing hinges are installed correctly. If the noise is a 'slap', consider adding small rubber stoppers (not included) to the inside of the cabinet frame where the doors meet.

7. SPECIFICATIONS

Brand: Scurrty

Model Name: sideboard buffet

Item Model Number: buffet 022

Color: Navy Blue

Size: 3 Doors

Product Dimensions: 15.7"D x 47.2"W x 30.8"H

Item Weight: 72.8 pounds

Material: Engineered Wood (Frame Material, Top Material Type)

Finish Type: High-Gloss

Special Feature: Removable Shelf

Mounting Type: Floor Mount

Installation Type: Freestanding

Number of Shelves: 3

Assembly Required: Yes
