**DOGNESS P01A**

# DOGNESS Rechargeable Pet Shock Mat User Manual

Model: P01A

## 1. INTRODUCTION

The DOGNESS Rechargeable Pet Shock Mat is an electronic training aid designed to help keep pets away from restricted areas such as furniture, countertops, and doorways. It emits a harmless static pulse and a warning sound when a pet steps on it, effectively deterring them from unwanted locations. This manual provides essential information for the safe and effective use of your pet shock mat.

## 2. SAFETY INFORMATION

Please read and understand all safety instructions before using the product. Failure to follow these instructions may result in injury or damage.

- The static pulse emitted by this mat is designed to be harmless and startling, not painful. However, individual pet sensitivities may vary.

- Do not use this product on pets that are ill, injured, or pregnant. Consult a veterinarian if you have concerns about your pet's health.

- Keep the mat away from water or excessive moisture. The battery compartment is not washable.

- Do not attempt to disassemble or modify the control unit or mat. This will void the warranty and may cause malfunction.

- Ensure the mat is placed on a flat, stable surface to prevent tripping hazards.

- The mat features auto-deactivation after five consecutive shocks to prevent overuse and ensure pet safety.

## 3. PRODUCT FEATURES

- Safe and effective static pulse for pet deterrence.

- Three adjustable training modes: Low, Medium, and High.

- Rechargeable battery for convenience and environmental friendliness.

- Battery life indicator on the control unit.

- Automatic deactivation after five consecutive activations.

- Includes a test pen for verifying functionality.

- Mat is washable (control unit/battery compartment is not).

## 4. PACKAGE CONTENTS

- DOGNESS Pet Shock Mat (59"x15" Dog Cartoon design)

- Control Unit

- USB Charging Cable

- Test Pen

## 5. SETUP

### 5.1 Initial Charging

Before first use, fully charge the device. Connect the provided USB charging cable to the control unit and a 5V1A to 5V2A charger (not included). The battery indicator lights on the control unit will show charging progress.

## 5.2 Mat Placement

Place the mat in the desired area where you want to deter your pet. Common areas include:

- Couches and upholstered furniture
- Beds
- Doorways or entryways
- Countertops
- Areas under furniture

## 6. OPERATING INSTRUCTIONS

### 6.1 Powering On/Off

To power on the mat, press and hold the power button on the control unit for 3 seconds until you hear a beep. To power off, repeat the same action.

### 6.2 Selecting Training Mode

The mat offers three training modes: Low (L), Medium (M), and High (H). Press the selector button on the control unit to toggle between these modes. The corresponding indicator light will illuminate.
