## OPERATING INSTRUCTIONS

### Power On/Off

To power on the module, connect the included power adapter to the DC 9V input on the back of the module and plug it into a power outlet. Press the Power button on the module to turn it on. To power off, press and hold the Power button.

### Selecting Kits and Sounds

Use the 'KIT' buttons (+/-) to cycle through the 12 pre-programmed drum kits. Each kit offers a unique set of 110 individual drum sounds. You can also adjust individual drum sounds using the 'VOICE' button and parameter knob.

### Adjusting Volume

The main volume knob on the module controls the overall output level of the drum set. Adjust it to a comfortable listening level, especially when using headphones.

### Playing Along with Music (Bluetooth/AUX In)

The Turbo Max module features convenient Bluetooth integration. Stream your favorite music or lesson content

wirelessly from any Bluetooth-enabled device directly to the module. Alternatively, use the AUX In port to connect external audio devices via a 3.5mm cable for wired play-along practice.

## **STREAM AND JAM ALONG WIRELESSLY**

**BLUETOOTH AUDIO AND AUX IN  
FOR JAMMING ALONG  
WITH YOUR DEVICE**

**CONNECT TO MUSIC APPS  
AND RECORDING SOFTWARE  
TO EXPAND THE KIT'S POSSIBILITIES**

### **Learning Features (Melodics, Metronome, Recording)**

The module is equipped with features to aid learning and practice:

- **Melodics Lessons:** Includes a 30-day Premium trial and 100 lessons to keep forever from Melodics, an interactive learning platform.
- **Play-Along Tracks:** Practice with 20 built-in play-along tracks.
- **Metronome:** Use the built-in metronome for timing practice.
- **Recording:** Record and playback your performances to track progress.

# DRUM LESSONS AND TOOLS INCLUDED

## LEARN FASTER WHILE HAVING FUN

**30-DAY PREMIUM  
SUBSCRIPTION TRIAL  
+ 100 DRUM LESSONS  
TO KEEP FOREVER**

## CARE AND MAINTENANCE

To ensure the longevity and optimal performance of your Alesis Turbo Max Electric Drum Set, follow these care and maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the drum pads, cymbals, module, and rack. Avoid abrasive cleaners or solvents.
- **Storage:** When not in use, fold the drum set to its compact size and store it in a dry, dust-free environment. Avoid extreme temperatures.
- **Cable Management:** Ensure all cables are neatly organized and not tangled to prevent damage. Use the provided cable wrap strips.
- **Pad Tension:** The mesh drumheads feature twist-tension adjustment, similar to acoustic drum sets. Adjust as needed for your preferred playing feel.

## TROUBLESHOOTING

If you encounter any issues with your Alesis Turbo Max, refer to the following common troubleshooting tips:

- **No Sound:** Check all cable connections, especially the audio output to headphones or an amplifier. Ensure the module's volume is turned up.
- **Pad Not Responding:** Verify the pad's cable is securely connected to the module. Check the pad tension.
- **Bluetooth Connectivity Issues:** Ensure Bluetooth is enabled on your external device and the drum module. Try restarting both devices.
- **Power Issues:** Confirm the power adapter is correctly connected and the power outlet is functional.

For more detailed troubleshooting or persistent issues, consult the **Safety and Warranty Manual** or contact Alesis customer support.
