Dnxao Floating Queen Bed Frame User Manual

Model: floating queen bed frame PU

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Dnxao Floating Queen Bed Frame. This bed frame features a unique floating design, an upholstered headboard with hidden storage, integrated LED lighting, and a convenient charging station. Please read this manual thoroughly before assembly and use to ensure proper function and safety.

2. IMPORTANT SAFETY INFORMATION

- Do not exceed the weight capacity of 1200 lbs.
- Be cautious of sharp edges during assembly and use.
- Always follow the assembly instructions carefully to prevent instability or collapse.
- Keep all electrical components (LED lights, charging station) away from water or excessive moisture.
- Ensure all connections for the charging station are secure before use.
- Children should not play on or around the bed frame without adult supervision.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present. If any parts are missing or damaged, please contact Dnxao customer support.

- Floating Bed Frame components
- Storage Headboard with integrated shelves and pockets
- Charging Station unit (pre-installed in headboard)
- RGB LED Light strips and controller

- Assembly hardware (screws, bolts, Allen wrench, etc.)
- Installation Manual

4. ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward. It is recommended to have two people for certain steps. Please follow the numbered steps in the included installation manual for precise guidance. The bed frame features a robust metal framework and a noise-free design for enhanced stability.

4.1 Unpacking and Part Identification

Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Identify each part using the provided parts list in your installation manual.

4.2 Frame Assembly

Assemble the main bed frame structure according to the manual. Ensure all bolts are tightened securely. The frame incorporates a central beam and triangular structure for superior support and durability.

4.3 Headboard Attachment

Attach the headboard to the assembled frame. The headboard is upholstered in PU leather for comfort and easy cleaning.

4.4 LED Light and Charging Station Setup

The LED light strips are pre-installed with acrylic adhesive and metal clips for secure attachment. Connect the power supply for the LED lights and the integrated charging station as per the manual. Ensure all cables are neatly managed.

5. OPERATING INSTRUCTIONS

5.1 LED Lights Operation

The integrated RGB LED lights can be controlled via a dedicated app on your smartphone. This allows for customization of over 60,000 colors, various modes (e.g., Mic Mode, Music Function, Timing Function, Dynamic Modes), and brightness levels. Refer to the LED light controller manual for app download and pairing instructions.

Ours

- LED backing uses acrylic adhesive, 50% stronger than standard 3mm glue.
- Secured with metal lamp clips for extra reinforcement.

Others

- Only offers sticky clips (prone to detachment)

5.2 Charging Station Usage

The headboard includes a built-in charging station with two 125V/12A AC outlets, one 5V/2.1A USB port, and one 5V/2.1A Type-C port. Simply plug your devices into the appropriate ports for convenient bedside charging. The illuminated storage cabinet provides safer and better lighting for finding items at night.

5.3 Storage Headboard Features

The headboard offers practical storage solutions:

- **2-Tier Shelves:** Open shelves at the top provide space for decorative items, books, or frequently used personal belongings.
- **3 Hidden Spacious Storage Spaces:** Behind the upholstered panels, there are three hidden compartments for discreet storage of larger items.
- **4 Bedside Storage Pockets:** Located on the sides of the headboard, these pockets are ideal for keeping phones, remotes, or glasses within easy reach.

6. MAINTENANCE

To maintain the appearance and longevity of your Dnxao Floating Queen Bed Frame, follow these care instructions:

- **Cleaning:** Wipe the upholstered PU leather surfaces with a damp cloth. Avoid harsh chemicals or abrasive cleaners, as these may damage the material.
- **Dusting:** Regularly dust the headboard shelves and frame with a soft, dry cloth.
- **Inspections:** Periodically check all bolts and connections to ensure they remain tight. Re-tighten if necessary.
- **LED Lights:** If LED lights dim or stop working, check the power connection and controller.

7. TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Bed frame is noisy/creaking	Loose bolts or connections.	Check and tighten all assembly bolts. Ensure slats are properly seated.

Problem	Possible Cause	Solution
LED lights not working	Power connection issue, faulty controller, or damaged strip.	Verify power adapter is plugged in. Check connections to the LED controller. Ensure the app is correctly paired. If issues persist, contact support.
Charging station not functioning	Power connection issue or overloaded circuit.	Ensure the bed frame's main power cord is securely plugged into a working wall outlet. Avoid plugging in too many high-power devices simultaneously.
Mattress slides on the frame	Incorrect mattress size or lack of anti-slip measures.	Ensure your mattress fits the queen size dimensions. The embedded design should prevent most sliding; if not, consider adding a non-slip mat between the mattress and slats.
