KEY FEATURES & USAGE

360° Spin Magnetic Stand (MagicStand)

The patented MagicStand (US D1,038,922 S) offers unparalleled versatility. It features a 360° rotating base and a horizontally/vertically adjustable ring, allowing for optimal viewing angles. Constructed with aircraft-grade aluminum alloy and high-carbon steel hinges, it boasts 200% enhanced durability and zero failures in over 50,000 lab tests.

- **Adjustable Viewing:** Easily adjust the stand to watch videos, make hands-free calls, or capture stable photos in any orientation.
- **Integrated Design:** The stand seamlessly integrates into the case, providing a ring holder and magnetic function without adding bulk.

Image: The 360° Spin Magnetic Stand allows for versatile hands-free use, perfect for watching videos, video calls, or holding your phone securely.

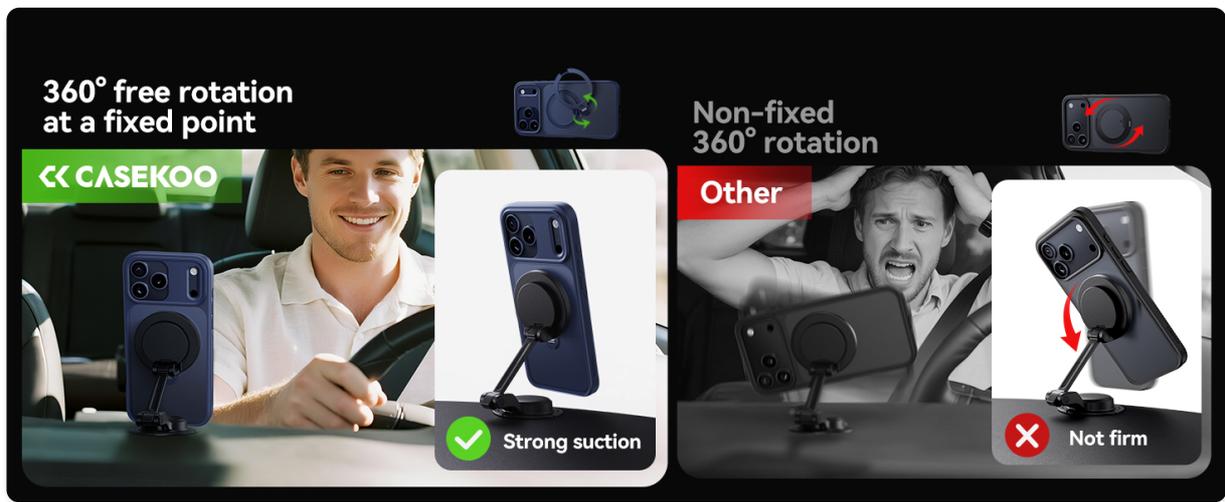

Image: The MagicStand 360° features a patented bearing, 4-way auto-locking structure, and aircraft-grade aluminum alloy hinge for durable and stable performance.

Super Magnetism (MagPrime Array)

The MagPrime Array integrates exclusive Halbach array technology with 48 premium N52 neodymium magnets, providing 2X stronger magnetism than official alternatives. This ensures near-zero wireless charging power loss and secure attachment to MagSafe-compatible accessories.

- **MagSafe & Qi Compatible:** Works seamlessly with MagSafe and Qi wireless chargers, car mounts (excluding Tesla), wallets, and power banks.
- **Secure Attachment:** Locks securely in an instant, preventing sway even on bumpy roads.
- **Dual-Sided Magnetic Design:** Allows attachment to iron surfaces like refrigerators and gym equipment for hands-free viewing.
