## CIKUNASI Cloud Queen Platform Bed Frame

# CIKUNASI Cloud Queen Size Platform Bed Frame with LED Light User Manual

*Model: Cloud Queen Platform Bed Frame (B0FCB2F5RX)*

## INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your CIKUNASI Cloud Queen Size Platform Bed Frame with LED Light. Please read all instructions carefully before assembly and use to ensure safe and proper operation.

## Important Safety Information

- Do not load more than 1100 pounds on the bed frame. Exceeding this weight limit may cause damage to the product or injury.
- Ensure all connections are secure before use to prevent wobbling or squeaking.
- Keep small parts away from children during assembly.

## PACKAGE CONTENTS

Before beginning assembly, verify that all components are present. Refer to the included parts list in your packaging. Typical components include:

- Headboard (Cloud-shaped, upholstered with LED strip)
- Footboard
- Side Rails
- Wood Slats and Support Bars
- Assembly Hardware (screws, bolts, washers, Allen wrench)
- LED Light Remote Control
- Power Adapter for LED Lights

# QUEEN

Product Specifications 

For Mattress Size: **8" - 14"**

Load-bearing Capacity: **1100** LBS

## SETUP AND ASSEMBLY

Assembly typically requires two people and takes approximately 45 minutes. No additional tools are required beyond what is provided.

- 1. Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches. Verify all parts against the included parts list.
- 2. Attach Side Rails to Headboard:** Connect the side rails to the headboard using the provided hardware. Ensure connections are firm but do not overtighten initially.
- 3. Attach Footboard:** Connect the footboard to the other end of the side rails using the provided hardware.
- 4. Install Center Support Bar(s):** Secure any center support bars to the frame as indicated in the detailed assembly diagram.
- 5. Place Wood Slats:** Distribute the wood slats evenly across the frame. Secure them in place using the designated connectors or screws to prevent movement and squeaking.
- 6. Final Tightening:** Once all components are in place, carefully tighten all screws and bolts. Do not

overtighten.

7. **Connect LED Lights:** Locate the LED light strip on the headboard and connect it to the power adapter. Plug the adapter into a standard electrical outlet.

## OPERATING INSTRUCTIONS (LED LIGHT)

The integrated RGB LED lights offer customizable ambiance for your bed frame. Control the lights using the provided remote control or a compatible mobile application (iOS/Android).

### Remote Control Functions:

- **Power On/Off:** Press the power button to turn the LED lights on or off.
- **Color Selection:** Use the color palette buttons to choose from over 60,000 colors.
- **Brightness Adjustment:** Increase or decrease brightness using the dedicated buttons.
- **Mode Selection:** Cycle through various modes such as steady, flashing, or fade effects.
- **Timing Function:** Set timers for the lights to turn off automatically.
- **Music Mode:** Activate music synchronization mode, where lights respond to sound.
- **Mic Mode:** Lights respond to ambient sounds detected by the remote's microphone.

### Mobile App Control:

Download the compatible iOS/Android application (refer to the QR code or app store link provided in your packaging) to access additional control features and customization options for your LED lights.

## MAINTENANCE

Regular maintenance will help prolong the life and appearance of your bed frame.

- **Cleaning the Upholstery:** The lambswool fabric is stain-resistant. For minor spills, gently blot with a clean, damp cloth. For tougher stains, use a mild upholstery cleaner according to its instructions. Avoid harsh chemicals.
- **Dusting:** Regularly dust the headboard and frame with a soft, dry cloth.
- **Checking Connections:** Periodically check all bolts and screws to ensure they remain tight. Retighten if necessary to prevent squeaking or instability.
- **LED Lights:** The LED lights are designed for long-term use. If an issue occurs, first check the power connection and remote control battery.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed frame squeaks or wobbles.	Loose connections or uneven assembly.	Ensure all bolts and screws are securely tightened. Check that the bed frame is on a level surface.
LED lights do not turn on.	Power connection issue, remote control battery, or LED strip malfunction.	Verify the power adapter is securely plugged into both the LED strip and the wall outlet. Replace remote control batteries. If the issue persists, contact customer support.
Mattress slides on the frame.	Mattress not properly seated or lack of anti-slip measures.	Ensure the mattress is centered on the slats. The high footboard is designed to help fix the mattress. Consider using a non-slip mat between the mattress and slats if sliding continues.

## SPECIFICATIONS

- **Size:** Queen
- **Product Dimensions (L x W x H):** 60.6" x 83.4" x 45.2"
- **Color:** Pink
- **Finish Type:** Upholstered (Lambswool fabric)
- **Included Components:** Headboard, Footboard, Side Rails, Slats, Hardware, LED Remote
- **Compatible Mattress Size:** Queen (8" - 14" thickness recommended)
- **Maximum Weight Recommendation:** 1100 Pounds
- **Assembly Required:** Yes
- **Special Feature:** Cloud-shaped Headboard with RGB LED Lighting
