

Fienhund ACF190W-C

Fienhund 5G WiFi Automatic Cat Feeder User Manual

Model: ACF190W-C

For 2 Cats/Dogs with 7L Large Food Storage

1. PRODUCT OVERVIEW

The Fienhund 5G WiFi Automatic Cat Feeder is designed to provide scheduled and controlled feeding for up to two cats or small to medium-sized dogs. Featuring a 7-liter food storage capacity, dual-band WiFi connectivity, and remote app control, this feeder ensures your pets are fed consistently, even when you are away. Its detachable components facilitate easy cleaning, promoting a hygienic feeding environment.

2. KEY FEATURES

- **Remote APP Control:** Manage feeding schedules, dispense food on demand, and review feeding history from anywhere using the "Smart Life" app (iOS/Android). Supports up to 30 meals per day with 1-12 portions per meal.

Do Anything with Peace of Mind

Automatically Feed Your Pet on Time

Image 2.1: Remote control functionality, illustrating how the feeder can be managed via a smartphone app, allowing for flexible feeding schedules whether at home, traveling, or working.

- **Dual-Band WiFi Connectivity:** Compatible with both 2.4GHz and 5GHz WiFi networks, ensuring stable and seamless app control without requiring router modifications.

Image 2.2: Dual-band WiFi support, highlighting the feeder's compatibility with both 2.4GHz and 5GHz networks for enhanced connectivity stability.

- **Dual Feeding Bowls with Safe Distance:** Two feeding bowls are positioned 18.7 inches apart to provide a comfortable and stress-free eating space for multiple pets, preventing competition.

Feed Two Pets at The Same Time

Safe Distance Ensures Every Cat Can Eat Comfortably

3. PACKAGE CONTENTS

Please verify that all items listed below are included in your package:

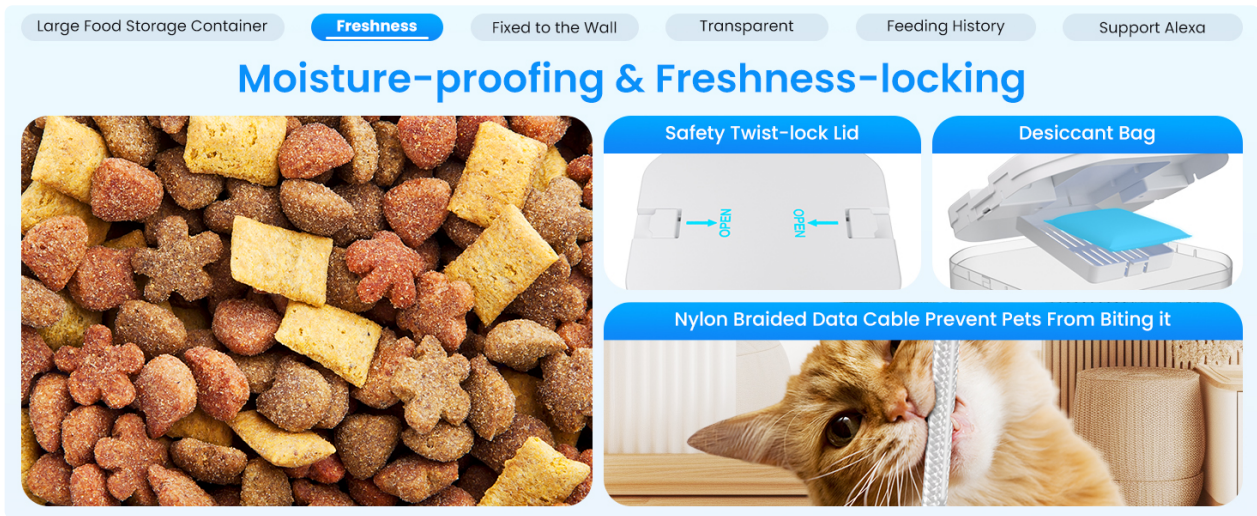

Image 3.1: All components included in the Fienhund 5G WiFi Automatic Cat Feeder package.

- Lid (x1)
- Meal Splitter (x1)
- Power Adapter (x1)
- Desiccant (x1)
- Stainless Steel Feeding Bowl (x2)
- Food Tank (x1)
- Feeder Base (x1)
- USB Cable (x1)
- Desiccant Compartment (x1)
- Bowl Tray (x2)
- ABS Wall Hook (x1)
- Screws (x4)
- Anchors (x4)
- User Manual (x1)

4. SETUP GUIDE

1. Assemble the Feeder:

- Place the feeder base on a flat, stable surface.
- Insert the food tank onto the feeder base, ensuring it clicks securely into place.
- Place the meal splitter inside the food tank if you intend to feed two pets.
- Attach the bowl trays to the front of the feeder base, then place the stainless steel bowls into the trays.
- Insert the desiccant bag into the desiccant compartment located under the lid, then close the lid securely.

2. Power Connection:

- Connect the USB cable to the feeder and the power adapter, then plug the adapter into a standard wall outlet.
- For backup power, insert 3 D cell batteries (not included) into the battery compartment at the bottom of the feeder. Ensure correct polarity.

3. Download and Install the App:

- Scan the QR code in the included User Manual or search for "Smart Life" in your device's app store (iOS/Android).
- Install the app and create an account.

4. Connect to WiFi:

- Open the Smart Life app and follow the on-screen instructions to add a new device. Select "Pet Feeder" or similar category.
- Ensure your smartphone is connected to your home WiFi network (2.4GHz or 5GHz).
- Follow the app's prompts to connect the feeder to your WiFi network. This typically involves putting the feeder into pairing mode (refer to the specific instructions in the app or included manual for button presses).

5. Load Food:

- Open the lid and pour dry pet food into the food tank. Ensure the food size is between 5-15mm (0.19-0.59 inches) for optimal dispensing.
- Close the lid securely to maintain food freshness.

5. OPERATING INSTRUCTIONS

5.1 Setting Up Feeding Schedules

Use the Smart Life app to create customized feeding plans for your pets.

- Open the Smart Life app and select your Fienhund pet feeder.
- Navigate to the "Feeding Schedule" section.
- Tap to add a new feeding time. Set the desired time, number of meals (up to 30), and portion size (1-12 portions per meal).
- Save the schedule. The feeder will automatically dispense food at the programmed times.

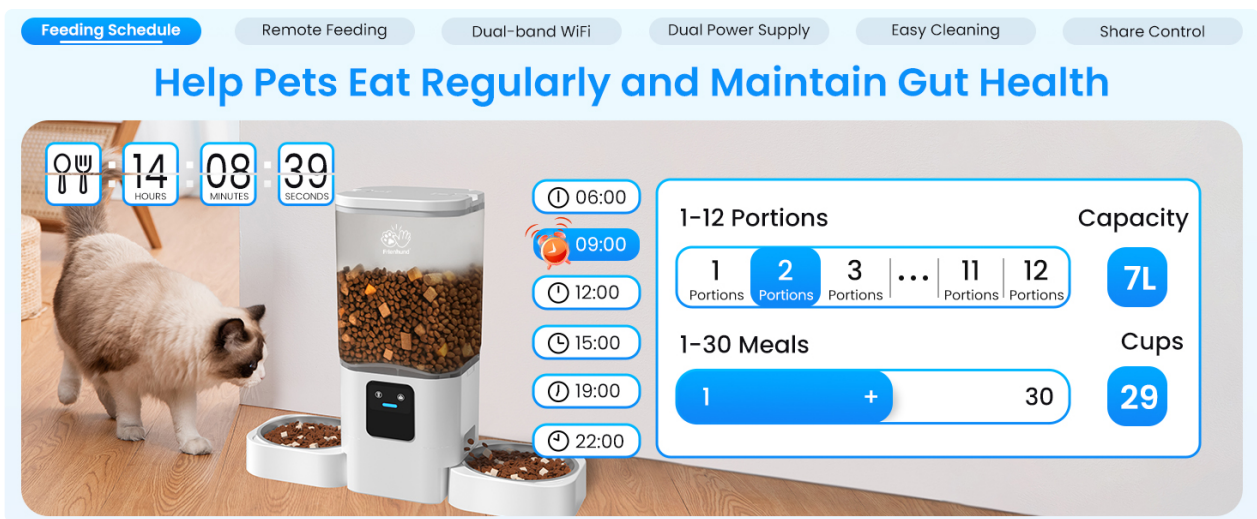

Image 5.1: App interface for setting up feeding schedules, allowing precise control over meal times and portion sizes.

5.2 Manual Feeding

To dispense food immediately:

- **Via App:** On the main screen of the feeder in the Smart Life app, tap the "Feed" button and select the number of portions to dispense.
- **Via Feeder Button:** Press the manual feed button on the feeder's control panel. Each press will dispense one portion.

5.3 Activating Slow Feeding Mode

This mode helps prevent rapid eating and digestive issues.

- In the Smart Life app, navigate to the feeder settings.
- Locate and enable the "Slow Feeding Mode" option.
- When activated, the feeder will dispense one portion of food every minute until the scheduled amount is fully dispensed. This feature can be toggled on or off at any time.

5.4 Using with Alexa

Integrate your feeder with Amazon Alexa for voice commands.

- Ensure your Fienhund feeder is connected to the Smart Life app and your Alexa device is set up.
- Open the Alexa app, go to "Skills & Games," and search for "Smart Life." Enable the skill and link your Smart Life account.
- Discover devices. Once discovered, you can use voice commands such as: "Alexa, feed my cat [number] portions." or "Alexa, ask [feeder name] to feed."

6. MAINTENANCE AND CLEANING

Regular cleaning ensures hygiene and extends the life of your feeder.

1. Disassembly:

- Unplug the feeder from the power outlet and remove any D cell batteries.
- Remove the lid and empty any remaining food from the tank.

- Detach the food tank from the feeder base.
- Remove the stainless steel bowls and bowl trays.

2. **Cleaning:**

- The stainless steel bowls are dishwasher safe.
- The food tank, meal splitter, and bowl trays can be hand-washed with mild soap and water. Rinse thoroughly.
- Wipe the feeder base with a damp cloth. Do not submerge the base in water.
- Ensure all components are completely dry before reassembling to prevent mold or mildew.

3. **Desiccant Replacement:**

- Replace the desiccant bag every 1-2 months, or as needed, to maintain food freshness.

7. **TROUBLESHOOTING**

Problem	Possible Cause	Solution
Feeder not dispensing food.	Food tank empty; food jammed; power issue; incorrect schedule.	Refill food tank. Check for food jams and clear them. Ensure power adapter is connected and/or batteries are installed correctly. Verify feeding schedule in app.
Cannot connect to WiFi.	Incorrect WiFi password; feeder too far from router; router settings.	Double-check WiFi password. Move feeder closer to router. Ensure router supports 2.4GHz or 5GHz and try re-pairing.
App shows feeder offline.	WiFi disconnected; power outage.	Check home WiFi connection. Verify feeder has power (adapter or batteries). Reconnect feeder to WiFi if necessary.
Food gets stuck or dispenses unevenly.	Food size too large; moisture in food.	Use recommended food size (5-15mm). Ensure desiccant is fresh and lid is sealed. Clean the dispensing mechanism.
Feeder is unstable or knocked over.	Not placed on a flat surface; active pets.	Place on a firm, level surface. Utilize the included wall mount kit for added stability.

8. **SPECIFICATIONS**

Feature	Detail
Model Name	automatic cat feeder
Item Model Number	ACF190W-C
Dimensions (LxWxH)	18.7 x 7.1 x 15.8 inches

Feature	Detail
Item Weight	4.1 Pounds
Food Tank Capacity	7 Liters (approx. 29 Cups)
Material	Acrylonitrile Butadiene Styrene (ABS), Stainless Steel (BPA-Free)
