

CZUR ET MAX

CZUR ET MAX Professional Book Scanner User Manual

1. INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your CZUR ET MAX Professional Book Scanner. The CZUR ET MAX is designed for efficient and high-quality scanning of books, documents, and other materials up to A3 size, featuring advanced technologies like laser curve-flattening and multi-language OCR.

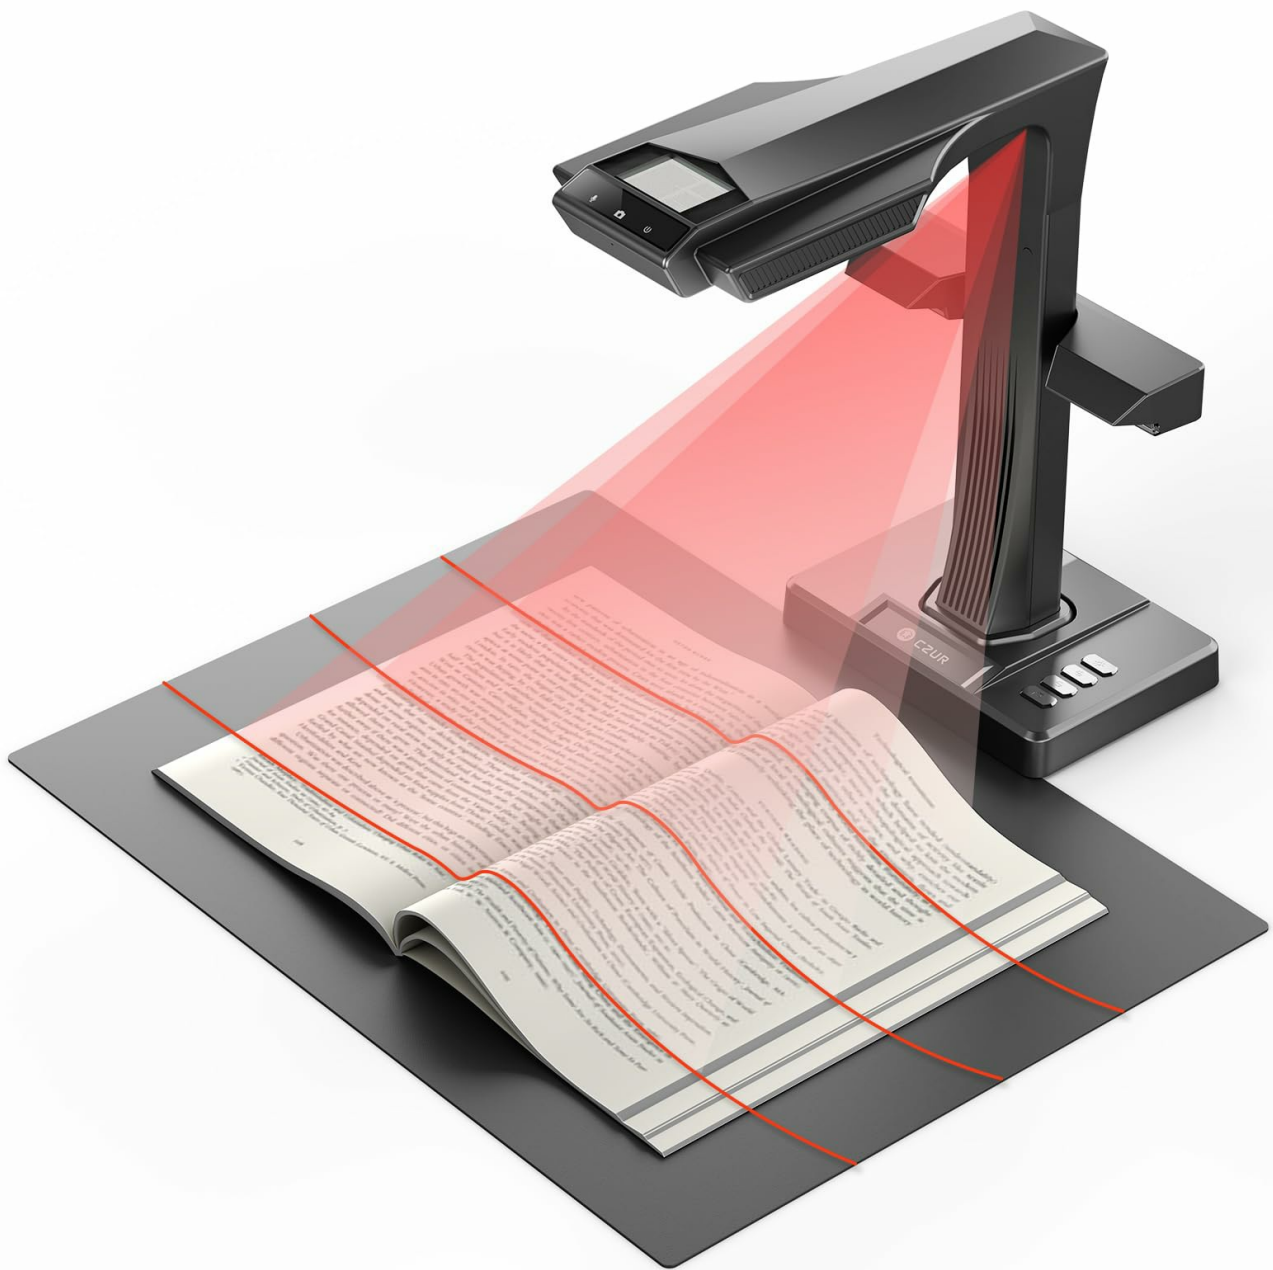

Image 1.1: The CZUR ET MAX Professional Book Scanner in use, demonstrating its laser-guided scanning of an open book.

2. KEY FEATURES

The CZUR ET MAX scanner incorporates several advanced features to enhance your scanning experience:

- **High-Resolution Scanning:** Equipped with a 38MP CMOS sensor, providing a resolution of 7168×5376 pixels and 410 DPI for clear and detailed image capture.

Resolution Boost

The CZUR ET MAX features 38MP resolution and 410 DPI for clear, detailed scans

Image 2.1: Resolution comparison highlighting the 38MP and 410 DPI capabilities of the ET MAX.

- **Patented Curve-Flattening Technology:** Automatically detects and flattens the curved pages of bound books, removing distortion for accurate scans without damaging the book.

Proprietary Book Curve Flattening Technology

Supports Mac, Windows, and Linux systems
plus HDMI output for flexible use

Image 2.2: Visual representation of the curve-flattening technology in action.

- **Powerful OCR Functionality:** Converts scanned images into editable and searchable file formats such as Word, Excel, and searchable PDFs. Supports over 180 languages. Note: Thai, Arabic, and Hebrew are not supported.

Powerful Multi-Language OCR

Recognizes 180+ languages and exports to Word Excel, or searchable PDFs

Important Product Information (page 1 of 3) ~

ally return to the point of the pattern from which it had started, except that the maze, being spiral, would appear to flow into a third dimension. It had no end and therefore no beginning, yet it progressed. Thus it was timeless, infinitely present, and so could be taken to be a representation of time, which cannot be pictured by those who imagine themselves linear subjects to it. The pattern of the spiral maze, subtly varied, connected the floors of all the ceremonial chambers in the castle.

The triangular walls of the Crystal Chamber, rising to meet at the open portal high above the crystal, had been fashioned by fine masons, honest to their craft. Throughout the reign of the Skeksis in that place, ugly embossments had been added, grotesque carvings made in the stone, symbols defaced, gaudy cloths and painted insignia hung, all emblems of power: the pentacle, the nine-pointed star, the four phases of the secret moon of Thra, the tetraktys, hexagrams, pyramids, tetrahedrons, double helices, left-handed and right-handed spiral swastikas, the alchemical symbols of the four elements and the three principles of nature, and, most obsessively pictured, a triangle containing three concentric circles, the icon of the Great Conjunction. Throughout the castle, in the great halls and small, in the filthy dungeons, in the dark and in death, that triangular icon was to be seen, a pilgrim's talisman, a hunter's supplication, a prisoner's reckoning.

In the ceremonial chamber, the pools of light lost their radiance. The sun had passed over. The Skeksis began to stir their swaddled bodies again, walking on their hind legs, forelegs poised in the air, talons arched, their heads, protruding from the humped cowls, thrust out as if to strike. They watched each other closely.

The Emperor had not appeared.

SkekNa the Slave-Master nodded a signal to a balcony built into the rock high up beside the Crystal. A cover was slowly closed across the triangular portal at the summit of the tower.

JPG Word PDF Excel

Note: Thai, Arabic, and Hebrew are not supported

Image 2.3: Multi-language OCR capabilities and supported output formats.

- **Fast Scanning Speed:** Capable of scanning a single page in approximately 1.5 seconds with practiced operation, ideal for high-volume scanning tasks.

A3 Large Format Scanning

Supports documents and books up to A3 size (16.5" x 11.7", 42cm x 29.7cm)

Image 2.4: Comparison illustrating the speed and convenience of the ET MAX over traditional scanning methods.

- **Large Scanning Area:** Supports documents and books up to A3 size (16.5" x 11.7"). Note: Not recommended for glossy or highly reflective materials.

Wide Compatibility Seamless Connectivity

Compatible with **Mac, Windows, and Linux** systems,
and features **HDMI** output for flexible use.

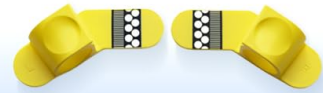

Image 2.5: Demonstration of the A3 large format scanning capability.

- **Wide System Compatibility:** Compatible with Windows, macOS, and specific Linux distributions (Kubuntu 22.04, Linux Mint 21.2, MX-3.1, Ubuntu 16.04/18.04.2/20.04/22.04, TUXEDO-OS-2).

- **HDMI Output Supported:** Features a built-in HDMI port for direct output to external displays, facilitating real-time projection and live demonstrations.

3. PACKING LIST

Please verify that all items listed below are included in your package:

Faster, Hassle-Free Book Scanning

No damage, no unbinding
a better alternative to traditional scanners

Image 3.1: Contents of the CZUR ET MAX package.

- CZUR ET MAX Scanner Unit
- Specialized Finger Cots
- CD (for software installation, though online download is recommended)
- Getting Started Guide
- Converters (if applicable)
- Hand Button
- Black Work Mat

- Power Adapter
- USB Cable
- Detachable Side Light
- Foot Pedal
- Instructions Manual

4. SETUP

4.1 Hardware Installation

1. Place the Black Work Mat on a flat, stable surface.
2. Position the CZUR ET MAX Scanner Unit on the designated area of the Black Work Mat.
3. Connect the Power Adapter to the scanner and a power outlet.
4. Connect the USB Cable from the scanner to your computer.
5. If desired, attach the Detachable Side Light to the scanner and connect the Foot Pedal and Hand Button to their respective ports.

4.2 Software Installation

The latest software version is always available for download from the official CZUR website. While a CD is included, downloading ensures you have the most up-to-date features and compatibility.

Scan Multiple Small-Sized Documents at Once

Each file saved separately-perfect for business cards, postcards, and more. Save time effortlessly.

Image 4.1: Steps to download CZUR software.

1. Visit the official CZUR website (search "CZUR" in any search engine).
2. Navigate to the "Download Software" section.
3. Select your device model, "ET MAX", from the list.
4. Download the software compatible with your operating system (Windows, macOS, or Linux).
5. Follow the on-screen instructions to complete the software installation.

5. OPERATING INSTRUCTIONS

5.1 Basic Scanning Process

1. Ensure the scanner is connected to your computer and powered on.
2. Launch the CZUR scanning software on your computer.
3. Place the document or book on the Black Work Mat, ensuring it is within the scanning area. For books, open it to the desired page.
4. Adjust the document's position as needed. The laser lines from the scanner will help guide placement for optimal curve flattening.
5. In the software, select your desired scanning mode and settings (e.g., color, grayscale, resolution).
6. Initiate the scan using the software interface, the Hand Button, or the Foot Pedal.
7. Review the scanned image in the software. The curve-flattening technology will automatically process bound pages.
8. Save the scanned document in your preferred format (JPG, PDF, Word, Excel).

5.2 Using the Foot Pedal

The Foot Pedal allows for hands-free scanning, increasing efficiency, especially during bulk scanning tasks. Simply press the pedal to trigger a scan after positioning your document.

5.3 Using the Detachable Side Light

For scanning glossy or highly reflective materials, the Detachable Side Light can be used to minimize reflections. Turn off the main top light and use the side light to illuminate the document from an angle. Ambient light conditions may still affect results.

5.4 Scanning Multiple Small Documents

The CZUR ET MAX can scan multiple small-sized documents (e.g., business cards, postcards) placed within the scanning area simultaneously. The software will automatically detect and save each document as a separate file.

6. MAINTENANCE

To ensure optimal performance and longevity of your CZUR ET MAX scanner, follow these maintenance guidelines:

- **Cleaning:** Gently wipe the scanner's exterior with a soft, dry cloth. Do not use liquid cleaners or abrasive materials.
- **Lens Care:** Keep the camera lens clean and free of dust. Use a lens cleaning cloth or air blower if necessary. Avoid touching the lens directly.
- **Storage:** When not in use, store the scanner in a clean, dry environment away from direct sunlight and extreme temperatures.
- **Software Updates:** Regularly check the official CZUR website for software updates to benefit from new features and performance improvements.

7. TROUBLESHOOTING

This section addresses common questions and issues you might encounter:

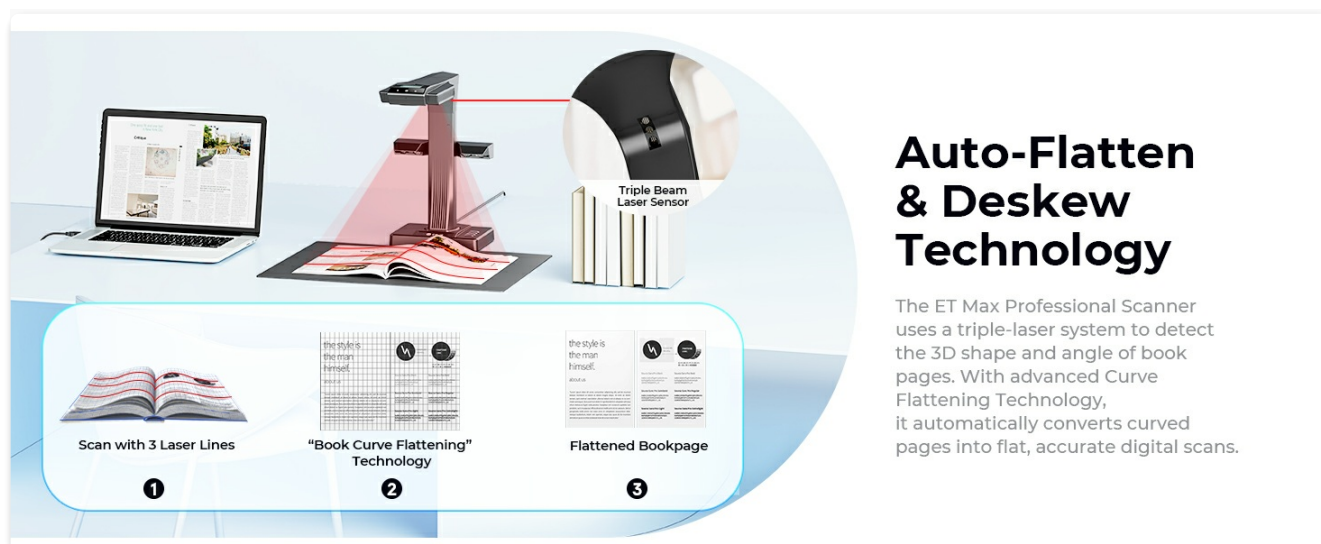

Image 7.1: Common questions and answers regarding the CZUR ET MAX scanner.

- **Q: Why does the scanner still come with a CD? Isn't that outdated?**
A: The CD is included for security reasons, as CDs are read-only and less prone to malware compared to USB drives. However, it is not required for software installation. The latest version of the software is always available for download from the official CZUR website.
- **Q: Does the OCR software support my language?**
A: The OCR software supports over 180 languages. For a full list of supported languages, please refer to the CZUR website or contact customer service. Note that Thai, Arabic, and Hebrew are currently not supported.
- **Q: Why does the software say my serial number is incorrect?**
A: Please double-check your serial number carefully. Ensure all letters and numbers are entered correctly. Avoid confusing similar characters, such as the letter "l" and the number "1". Important: There is no number "0" in any valid serial number. If you have double-checked and the issue persists, please contact CZUR customer service for assistance.
- **Q: The scanner sometimes fails to remove the yellow finger cots. Why?**
A: The scanner features automatic yellow finger cot removal. For the best results, ensure the finger cots are used as shown in the reference image within the software or quick start guide. Proper placement is crucial for the software to accurately identify and remove them from the scan.

8. SPECIFICATIONS

Feature	Detail
Scanner Type	Book, Document
Brand	CZUR
Connectivity Technology	USB
Resolution	7168*5376 (38MP, 410 DPI)
Optical Sensor Technology	CMOS
Sheet Size	Up to A3 (16.53 x 11.69 Inches)
Item Weight	1 Kilograms (2.2 pounds)
Package Dimensions	18 x 16.5 x 9.5 inches

Manufacturer	CZUR
Date First Available	June 7, 2025

9. WARRANTY AND SUPPORT

For warranty information, technical support, and further assistance, please visit the official CZUR website or contact their customer service directly. Details regarding product registration and warranty claims can typically be found on the manufacturer's support pages.
