Giro Launch Plus Helmet

Giro Launch Youth Snow Helmet Instruction Manual

Model: Launch Plus Helmet

PRODUCT OVERVIEW

The Giro Launch Plus Youth Snow Helmet combines playful designs with advanced performance technologies. It features the In-Form Fit System and is available in youth sizes to ensure a secure and comfortable fit. The helmet includes a soft interior lining and Super Cool Vents for all-day comfort on the slopes.

SETUP AND FIT

Sizing Guide

To ensure proper helmet fit, measure the circumference of the head. Wrap a flexible measuring tape around the widest part of the head, just above the eyebrows and ears. Refer to the size guide below to select the appropriate helmet size.

HOW TO GET YOUR MEASUREMENTS

Wrap a measuring tape around your head, keeping the tape level front to back. Note the measurement and reference the Size Guid

YOUTH SNOW HELMETS SIZE GUIDE

YOUTH SIZE	CIRCUMFERENCE
XS	48.5 - 52cm
S	52 - 55.5cm

In Form Fit System

The In Form Fit System allows for quick and easy adjustment of the helmet's fit, even while wearing gloves. A dial located at the base of the helmet provides up to 6cm of adjustment, enhancing stability. The Vertical Tuning feature accommodates various goggle types and head shapes, minimizing any gap between goggles and helmet.

Strap Adjustment

Adjust the chin strap so that it is snug but comfortable under the chin. The buckle should be centered and securely fastened. Ensure there is no excessive slack in the strap to prevent the helmet from shifting during activity.

USAGE GUIDELINES

Ventilation

The helmet features Super Cool Vents strategically placed on the top to allow hot air to escape, helping to regulate temperature and keep the wearer comfortable throughout the day.

Goggle Compatibility

Giro Launch Youth helmets are designed for seamless compatibility with Giro youth goggles. For the Launch size S, Giro Rev youth goggles are recommended. For Launch size XS, Giro Chico toddler goggles are recommended. This ensures a cohesive fit and optimal performance.

CARE AND MAINTENANCE

Cleaning Instructions

To clean the helmet exterior, use a soft cloth dampened with mild soap and water. Avoid harsh chemicals or abrasive cleaners. For the interior, the soft liner and earpads can be gently wiped clean. Ensure the helmet is completely dry before storage.

Storage

Store the helmet in a cool, dry place away from direct sunlight and extreme temperatures. Avoid placing heavy objects on top of the helmet to prevent damage to its structure.

TROUBLESHOOTING COMMON ISSUES

Fit Discomfort

If the helmet feels uncomfortable or too loose/tight, re-adjust the In Form Fit System dial and chin strap. Ensure the vertical tuning is set correctly to accommodate goggles without creating pressure points. If discomfort persists, re-check the sizing against the provided guide.

Visible Damage

Inspect the helmet regularly for any signs of damage, such as cracks in the shell, dents, or compromised straps. If the helmet has sustained an impact or shows significant wear, it should be replaced immediately, even if visible damage is minimal, as its protective capabilities may be compromised.

PRODUCT SPECIFICATIONS

Brand	Giro
Model Name	Launch Plus Helmet
Color	Black/Grey Tiger Shark
Size	Extra-Small
