Samurbex 003T-WH

Samurbex Twin Size Bed Frame with Headboard, Charging Station & LED Lights

Model: 003T-WH

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Samurbex Twin Size Metal Platform Bed Frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

- Ensure all parts are present and undamaged before assembly. Do not use if any parts are missing or broken.
- Assemble the bed frame on a soft, clean surface to prevent scratches.
- Do not overtighten screws during assembly. Tighten all screws firmly but avoid stripping threads.
- Regularly check all connections to ensure they remain tight.
- Do not exceed the maximum weight capacity of 800 lbs.
- Keep children away from small parts during assembly.
- Ensure the power cord for the charging station and LED lights is routed safely to prevent tripping hazards.

PACKAGE CONTENTS

The following components are included in your package. Please verify all parts are present.

- Headboard and Footboard sections
- Side Rails
- Support Slats
- Center Support Legs
- Charging Station Unit
- LED Light Strip
- Remote Control for LED Lights

- Assembly Hardware (screws, bolts, washers, Allen wrench)
- Installation Manual (this document)

SETUP AND ASSEMBLY

This bed frame is designed for easy assembly. It is recommended to have two people for assembly, though one person can assemble it within 30 minutes.

Tools Required:

- Included Allen Wrench

Assembly Steps:

The assembly process involves connecting the headboard and footboard to the side rails, installing the support slats, and attaching the charging station and LED lights.

Step 1: Unpack and Identify Parts

Unpack all components and lay them out on a clean, soft surface. Identify each part using the provided diagram (if available in the physical manual) and ensure all hardware is present.

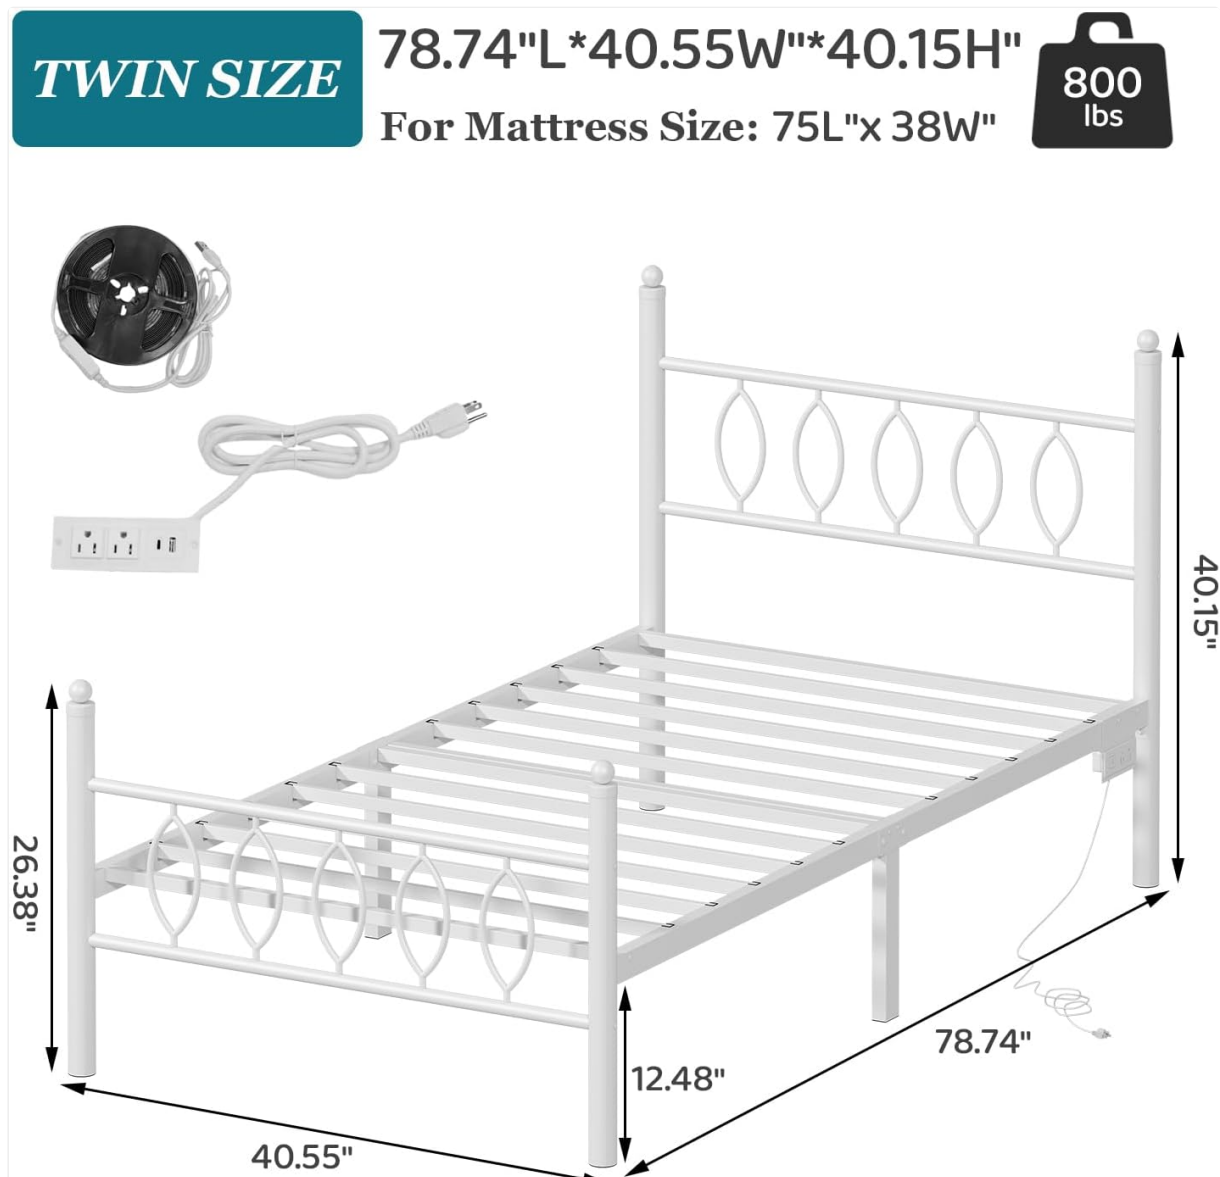

Image: Overview of bed frame components and dimensions.

Step 2: Assemble Headboard and Footboard

Attach the main headboard and footboard sections. Ensure all connections are secure but do not fully tighten bolts until the frame is fully assembled.

Step 3: Connect Side Rails

Connect the side rails to the headboard and footboard using the provided hardware. Ensure the frame is square and stable.

Step 4: Install Support Slats

Place the metal support slats across the frame. The slats feature a double rod locking structure for stability. Ensure each slat is properly seated and secured to prevent movement and noise.

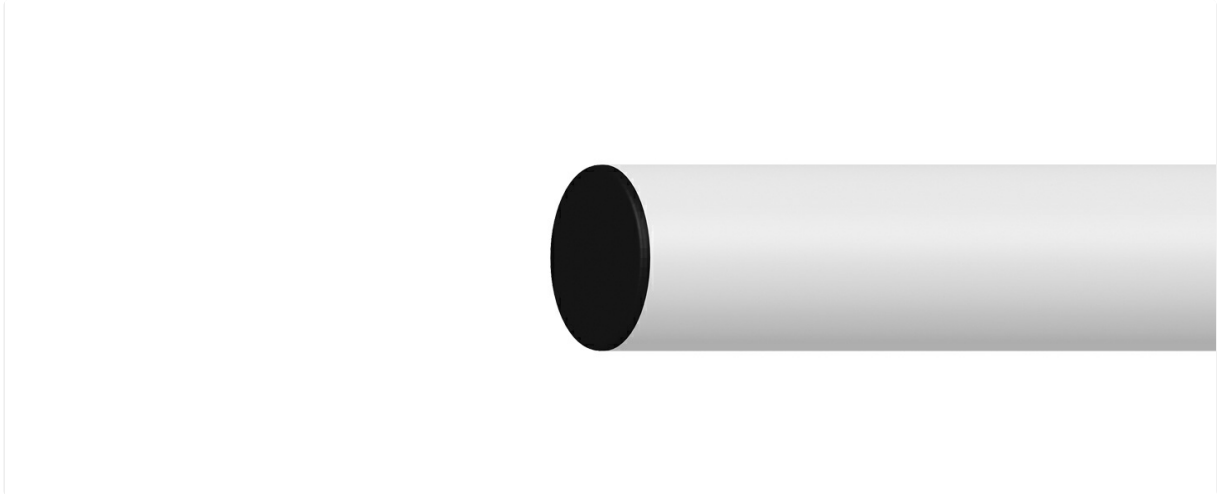

Image: Detail of the slat locking mechanism for secure installation.

Step 5: Attach Center Support Legs

Install any center support legs as indicated in the physical manual. These provide additional stability and weight distribution.

Step 6: Install Charging Station

Locate the designated mounting area for the charging station on the side rail. Secure the charging station using the provided screws. Ensure the power cable is accessible and can be routed safely to a wall outlet.

Step 7: Install LED Light Strip

Carefully attach the LED light strip to the designated areas, typically along the back of the headboard and under the side rails. Ensure the adhesive is firm and the strip is positioned correctly. Connect the LED strip to its controller and power source.

Step 8: Final Tightening

Once all components are in place and the frame is stable, go back and fully tighten all bolts and screws. Do not overtighten.

Goodbye Squeak! !! Sturdy and Quiet

OPERATING INSTRUCTIONS

Charging Station

The integrated charging station includes 2 AC outlets, 1 USB port, and 1 Type-C port.

- Connect the charging station's power cord to a standard wall outlet.
- Plug your devices into the available AC outlets, USB port, or Type-C port for convenient charging.

RGB LED Lights

The RGB LED light strip offers over 60,000 colors and various modes, controllable via remote or a mobile phone application.

- **Power On/Off:** Use the remote control or mobile phone application to turn the lights on or off.
- **Color Selection:** Choose from a wide range of colors using the remote or app.
- **Mode Selection:** Select different lighting modes (e.g., static, flashing, fading) as desired.
- **Brightness Adjustment:** Adjust the light intensity to your preference.
- **Timer Settings:** Set a timer for the lights to automatically turn off.

- **Music Mode:** The lights can synchronize with music played through the mobile application.

MAINTENANCE

To ensure the longevity and optimal performance of your bed frame:

- **Cleaning:** Wipe down the metal frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Connection Checks:** Periodically (e.g., every 3-6 months) check all bolts and screws to ensure they are tight. Retighten if necessary to prevent wobbling or squeaking.
- **LED Lights:** If the LED strip becomes dirty, gently wipe it with a dry, soft cloth. Do not use liquids directly on the LED strip or controller.
- **Charging Station:** Keep the charging ports free of dust and debris. Do not expose the charging station to liquids.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Bed frame is wobbly or squeaks.	Loose bolts or connections.	Ensure all bolts and screws are fully tightened. Check that all slats are properly seated in their locking mechanisms.
LED lights are not working.	Power connection issue; remote control battery dead; LED strip disconnected.	Check if the LED light strip is properly connected to the power adapter and controller. Ensure the power adapter is plugged into a working outlet. Replace the remote control battery if necessary. If using the app, ensure Bluetooth connection is active.
Charging station is not providing power.	Power cord not plugged in; wall outlet not working; device cable faulty.	Ensure the charging station's power cord is securely plugged into a functional wall outlet. Test the wall outlet with another device. Try a different charging cable for your device.
Bed frame feels unstable.	Incorrect assembly; missing support legs; exceeding weight limit.	Review the assembly instructions to ensure all parts are correctly installed. Verify all support legs are in place. Do not exceed the maximum weight capacity of 800 lbs.

SPECIFICATIONS

Feature	Detail
Model Number	003T-WH
Size	Twin Size
Material	Metal
Product Dimensions (L x W x H)	78.74" x 40.55" x 40.15"
Compatible Mattress Size	75" x 38" (Twin)
Under-bed Clearance	12.48 inches
Maximum Weight Recommendation	800 pounds
Charging Station	2 AC Outlets, 1 USB Port, 1 Type-C Port
LED Lights	RGB, 60,000+ colors, App/Remote Control, Music Mode, Timer
Special Features	Squeak Resistant, Non-slip Design, Easy Assembly
