4.2 Cleaning

Use a soft, lint-free cloth to clean the screen and exterior. Avoid harsh chemicals or abrasive materials. For the keyboard, use compressed air to remove dust and debris.

4.3 Software Updates

Regularly check for and install Windows updates to ensure system stability, security, and optimal performance.

5. TROUBLESHOOTING

- **Laptop not powering on:** Ensure the power adapter is securely connected and the outlet is functional. Try a different power outlet.
- **Slow performance:** Close unnecessary applications, check for background processes, and ensure sufficient free storage space. Consider running a disk cleanup.
- **No Wi-Fi connection:** Verify Wi-Fi is enabled in Windows settings. Restart your router and the laptop. Check for updated wireless drivers.
- **Display issues:** Check cable connections if using an external monitor. Adjust display resolution and refresh rate in Windows settings.
- **Audio problems:** Ensure volume is not muted and drivers are installed correctly. Test with headphones.

If you encounter persistent issues, refer to the support section for assistance.
