4. OPERATING INSTRUCTIONS

4.1 Keyboard Features

- **Ergonomic Design:** The full-sized keyboard features a comfortable ergonomic design with a foldable stand, allowing you to adjust the tilt angle to reduce wrist fatigue during long typing sessions. Anti-slip pads on the base ensure stability.
- **Multimedia Keys:** Access common functions quickly with dedicated multimedia buttons.
- **Spill-Proof Design:** The keyboard is designed with drainage holes to allow liquids to pass through, preventing damage from accidental spills.

5. POWER SAVING FUNCTION

The Redragon BS-7367-B combo features an automatic power-saving function to extend battery life:

- The keyboard will enter sleep mode after 30 minutes of inactivity.
- The mouse will enter sleep mode after 25 seconds of inactivity.

To reactivate either device, simply click any button on the keyboard or mouse.

7. MAINTENANCE

7.1 Cleaning

- To clean the keyboard and mouse, use a soft, damp cloth.
- Avoid using harsh chemicals or abrasive cleaners.
- For the keyboard, you can gently shake out any crumbs or debris. The spill-proof design helps with liquid spills, but regular cleaning is recommended.

7.2 Battery Replacement

- When the battery indicator light on the keyboard or mouse illuminates, it's time to replace the batteries.
- Follow the battery installation steps in Section 3.1 to replace the AA batteries in both devices.

8. TROUBLESHOOTING

- **No Connection:**
  - Ensure the USB receiver is securely plugged into a USB port on your computer.
  - Check if the keyboard and mouse are turned ON.
  - Replace the batteries in both the keyboard and mouse if they are low or depleted.
  - Try plugging the USB receiver into a different USB port.

- **Lag or Intermittent Connection:**
  - Ensure the devices are within the 33-foot (10m) wireless range of the USB receiver.
  - Avoid placing the receiver near other electronic devices that might cause interference (e.g., Wi-Fi routers, cordless phones).

- **Mouse Cursor Jumps or is Inaccurate:**

- Adjust the DPI setting of the mouse by pressing the DPI button.
- Ensure the mouse is being used on a clean, non-reflective surface.

- **Keyboard Not Typing:**
  - Check battery levels and replace if necessary.
  - Ensure the keyboard is turned ON.
  - Re-insert the USB receiver into the computer.
