BOBOVR F3

BOBOVR F3 Facial Interface User Manual

Model: F3 | Brand: BOBOVR

PRODUCT OVERVIEW

The BOBOVR F3 Facial Interface is designed to enhance the virtual reality experience for Meta Quest 3 users. It features an innovative cooling air duct system, adjustable field of view, and a comfortable, glasses-friendly design with a soft Lycra nose guard. This manual provides essential information for setup, operation, and maintenance of your F3 Facial Interface.

KEY FEATURES

- **Innovative Cooling Air Duct Design:** Features specially designed foam padding with three ventilation channels, working with the S3 Pro fan (sold separately) to deliver excellent airflow, prevent dry eyes, and block light leakage. Airflow can be directed to various points for comfort.

Works Perfectly with S3 Pro

Cooling Air Duct Design

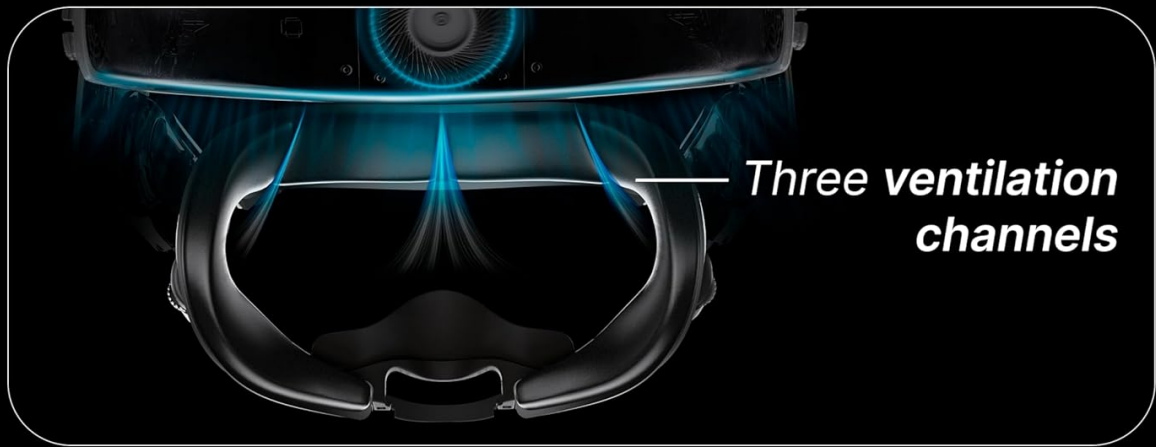

Figure 2: Cooling Air Duct Design with three ventilation channels.

- **Ultimate Comfort, Seamless Fit for All Face Shapes:** Combines soft silicone and foam padding to eliminate pressure points. The soft silicone provides cushioning and adapts to different face shapes, expanding naturally for a perfect fit.

Seamless Fit for All Face Shapes

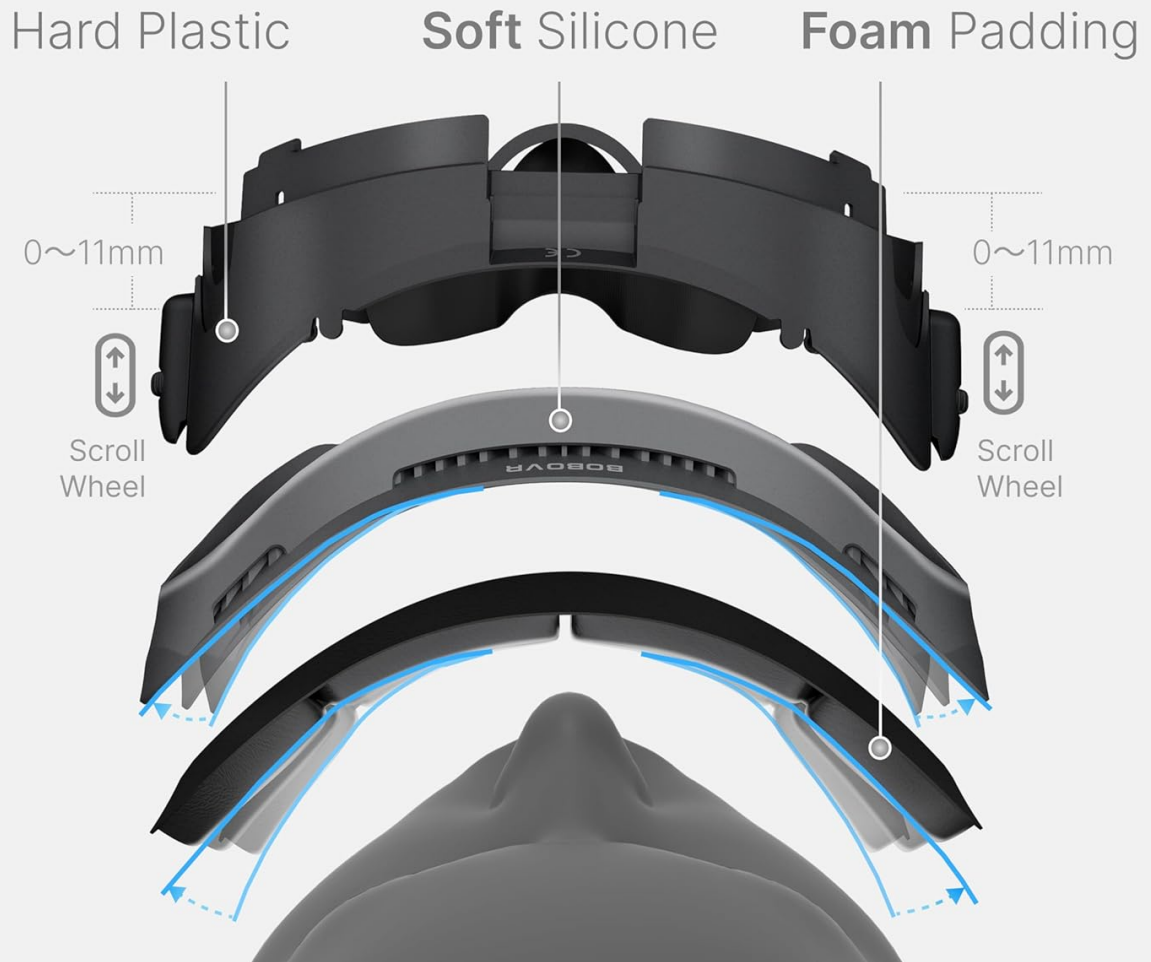

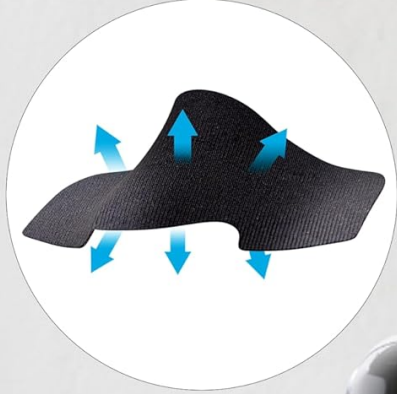

Figure 3: Multilayer Adaptive Material Design for comfort and fit.

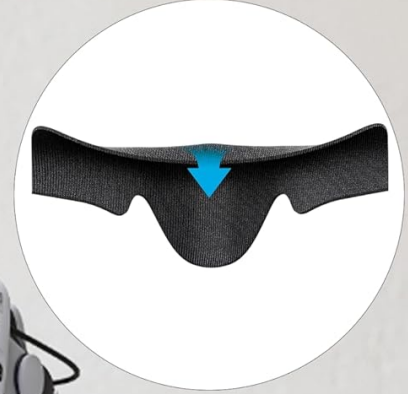

- **Lycra Fabric Nose Guard for Light Blocking:** The nose bridge area features premium Lycra fabric that is soft, smooth, and breathable. Its open-edge design adapts to various nose shapes, effectively blocking light leakage. Designed with consideration for glasses wearers to prevent frame pressure.

Lycra Nose Seal for Perfect Blackouts

Soft & Breathable

Foldable for use

* S3 Pro head strap
NOT included.

Figure 4: Lycra Nose Seal for effective light blocking.

- **Stepless Adjustment of Face Distance:** Equipped with stepless adjustment wheels on both sides, allowing easy modification of the distance between the face cover and the screen, optimizing the field of view (FOV) for comfort and different usage scenarios.

Figure 5: Stepless adjustment wheels for FOV optimization.

- **Perfect Integration with BOBOVR Ecosystem:** Seamlessly compatible with the S3 Pro head strap, providing enhanced comfort and ventilation. Can also be used with the D3 charging dock for convenient charging and storage (S3 Pro and D3 sold separately).

Seamless Compatibility

with BOBOVR accessories

* S3 Pro and D3 NOT included.

Works perfectly with S3 Pro head strap and D3 charging dock.

- Facial Interface x1
- Air Face Pad x1
- Classic Face Pad x1
- Instruction Manual x1

INSTALLATION GUIDE

Follow these steps to properly install the BOBOVR F3 Facial Interface onto your Meta Quest 3 headset.

1. **Prepare the Headset:** Ensure your Meta Quest 3 headset is powered off and disconnected from any power sources.
2. **Remove Existing Interface:** Gently detach the original facial interface from your Quest 3 headset.

3. **Attach F3 Facial Interface:** Align the BOBOVR F3 Facial Interface with the headset's attachment points and press firmly until it clicks securely into place. Ensure a snug fit around the headset's frame.
4. **Install Face Pad:** Choose either the Air Face Pad or Classic Face Pad and attach it to the facial interface using the integrated hook-and-loop fasteners.
5. **Adjust Nose Guard:** Position the Lycra nose guard for optimal light blocking and comfort.

OPERATION AND ADJUSTMENT

Adjusting Face Distance and FOV

The F3 Facial Interface allows for stepless adjustment of the distance between your face and the headset's lenses, which in turn adjusts the Field of View (FOV). This feature helps optimize visual clarity and comfort.

- Locate the scroll wheels on both sides of the facial interface.
- Turn the wheels to move the face cover closer to or further away from the screen.
- Adjust until you achieve the desired FOV and comfort level.

Utilizing the Cooling System

When paired with a compatible BOBOVR S3 Pro fan (sold separately), the F3 Facial Interface's three ventilation channels provide effective cooling. The design prevents direct airflow into the eyes, reducing dryness, while maintaining optimal temperature around the face.

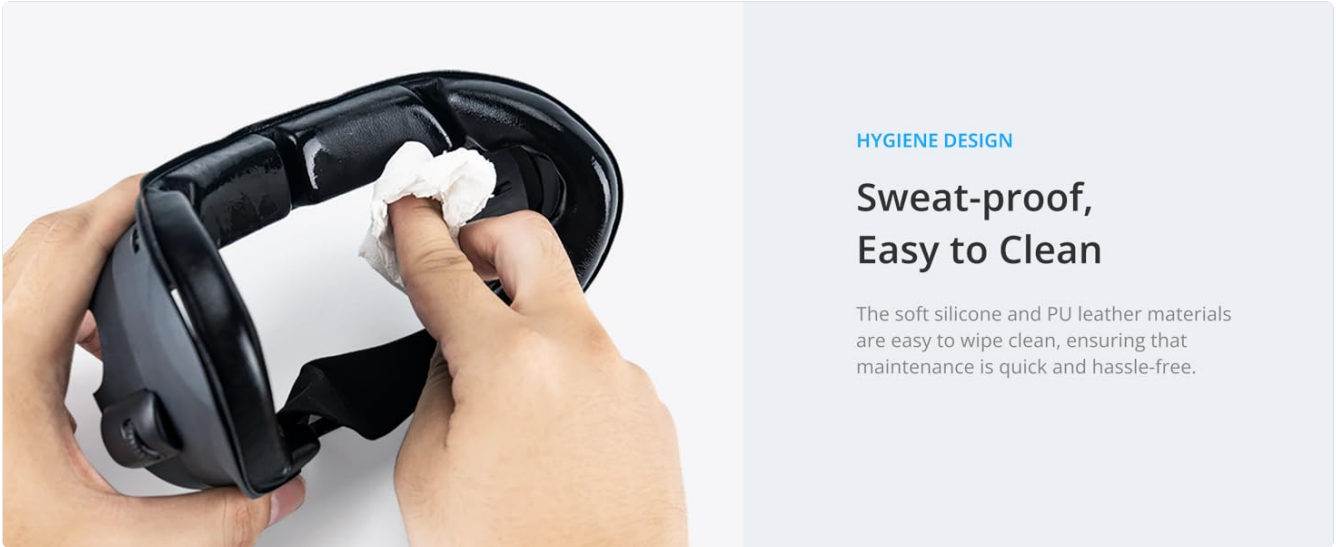

- Ensure the S3 Pro fan is properly attached and powered on.
- The fan will direct cool air through the integrated channels in the facial interface.
- Adjust your head strap to fine-tune the distribution of cool air across your face.

MAINTENANCE

Cleaning Instructions

To ensure hygiene and prolong the lifespan of your BOBOVR F3 Facial Interface, regular cleaning is recommended. The soft silicone and PU leather materials are designed for easy maintenance.

- Gently wipe the surfaces of the facial interface and face pads with a soft, damp cloth.
- For deeper cleaning, use a mild, non-abrasive cleaning solution specifically designed for electronics or delicate fabrics. Apply the solution to the cloth, not directly to the interface.
- Allow all components to air dry completely before reattaching them to your headset.
- Do not submerge the facial interface or pads in water.

HYGIENE DESIGN

Sweat-proof, Easy to Clean

The soft silicone and PU leather materials are easy to wipe clean, ensuring that maintenance is quick and hassle-free.

TROUBLESHOOTING

If you encounter any issues with your BOBOVR F3 Facial Interface, please refer to the common solutions below.

Problem	Possible Cause	Solution
Facial interface does not fit securely.	Improper alignment during installation.	Ensure the interface is correctly aligned with the headset's attachment points and press firmly until it clicks into place.
Light leakage around the nose area.	Nose guard not properly positioned or adjusted.	Adjust the Lycra nose guard to ensure it conforms to your nose shape and blocks light effectively.
Discomfort during use.	Incorrect face distance adjustment or face pad choice.	Use the scroll wheels to adjust the face distance. Try switching between the Air Face Pad and Classic Face Pad to find the most comfortable option for your face shape.
Reduced cooling effect.	S3 Pro fan (if used) not properly connected or obstructed.	Ensure the S3 Pro fan is securely attached and its vents are clear of obstructions. Check fan power supply.

SPECIFICATIONS

Attribute	Detail
Model Number	F3
Product Dimensions	7.28 x 4.33 x 3.86 inches
Item Weight	2.82 ounces
Manufacturer	ShenZhen XiaoZhai Technology Co., Ltd
Compatibility	Meta Quest 3
Key Materials	Soft silicone, foam padding, Lycra fabric

WARRANTY AND SUPPORT

BOBOVR products are manufactured with high-quality standards. For information regarding warranty coverage, technical support, or service inquiries, please contact BOBOVR customer service through their official website or the platform where the product was purchased.
