JAKI KJ018

JAKI Northern Cardinal Building Kit (Model KJ018) Instruction Manual

INTRODUCTION

This manual provides detailed instructions for assembling your JAKI Northern Cardinal Building Kit with Holly Plant. Please read all instructions carefully before beginning assembly.

The kit allows you to construct a lifelike Northern Cardinal model with poseable wings, set within a winter-themed botanical display featuring holly leaves, red berries, and ivory blossoms.

SAFETY INFORMATION

WARNING: Toy includes small parts, NOT suitable for children under 3 years old. The packaging and instructions contain important information and should be retained.

WHAT'S IN THE BOX

- Building blocks for the Northern Cardinal model
- Building blocks for the Holly Plant display base
- Instruction Manual

ASSEMBLY INSTRUCTIONS

Follow these steps to assemble your Northern Cardinal Building Kit. Refer to the included instruction booklet for detailed diagrams.

Assembly Overview Video

Your browser does not support the video tag.

This video provides a visual guide to the assembly process for the Northern Cardinal and Holly Plant building kit. It demonstrates unboxing, initial base assembly, and attaching the cardinal components.

Step 1: Prepare the Base

Begin by assembling the base for the holly plant. Connect the green and brown base plates as shown in the instruction booklet. Attach the initial foliage pieces.

Capture the Dynamic Forms of A Cardinal

Image description: The base of the holly plant is shown with green and brown building blocks being connected. This forms the foundation for the botanical display.

Step 2: Construct the Holly Plant

Continue adding the green spiked leaves, red berries, and small ivory blossoms to the base. Ensure all pieces are securely attached to create a full botanical display.

Lifelike North Cardinal Immersive Natural Habitat

Image description: A close-up of the assembled holly plant base, featuring detailed green leaves, clusters of red berries, and small white flower elements.

Step 3: Assemble the Cardinal Body

Start building the main body of the Northern Cardinal using the red building blocks. Pay attention to the curvature and layering of the pieces to form the bird's shape.

North Cardinal Home Decor Building Set for Adults

Image description: A person is shown carefully assembling the red cardinal bird model, focusing on connecting the body pieces. The partially built model sits on a table.

Step 4: Attach Head and Wings

Assemble the cardinal's head, including the black face and orange beak. Construct the poseable wings separately and then attach them to the main body. Ensure the wings can move freely.

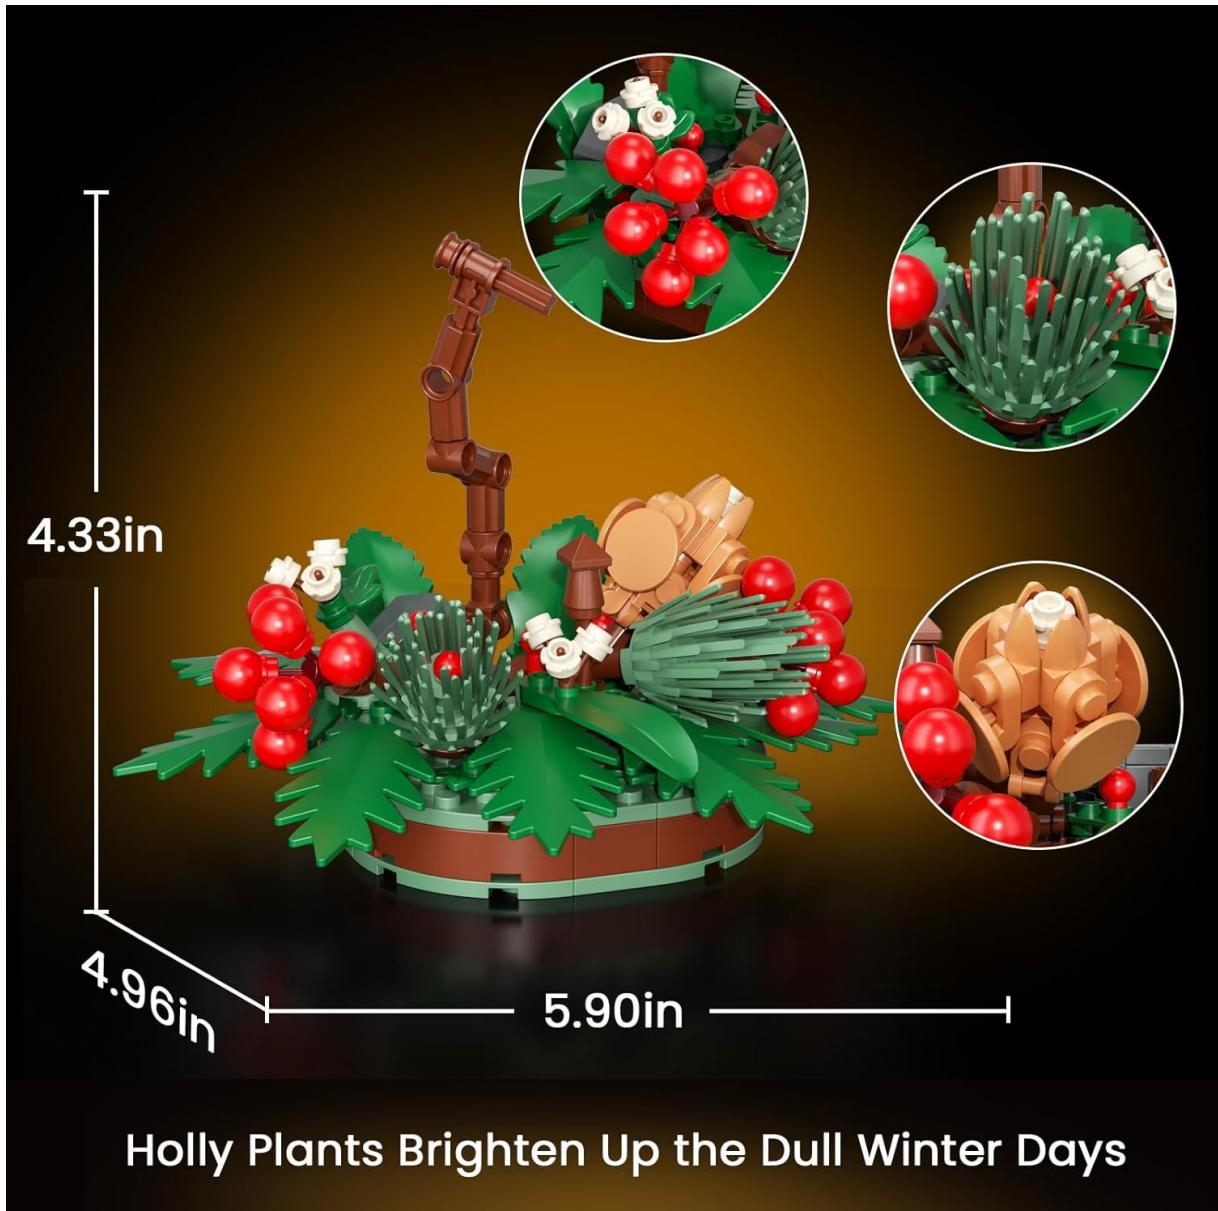

Image description: This image displays the dimensions of the assembled cardinal model, indicating its height (6.49 inches) and width (6.38 inches) for reference.

Step 5: Combine Cardinal and Base

Carefully attach the assembled Northern Cardinal model to the holly plant display base. The cardinal should be positioned as if perched or in flight over the foliage.

Build A North Cardinal and Holly

Image description: An adult and a child are shown collaborating on the assembly, with the child holding a red berry piece and the adult adjusting the cardinal model on its base.

Step 6: Final Adjustments and Display

Make any final adjustments to the cardinal's wings and position on the base. Your JAKI Northern Cardinal Building Kit is now complete and ready for display.

Recreate the North Cardinal Model for Display

Image description: The fully assembled Northern Cardinal model, perched on its holly plant base, is displayed on a white surface with a festive winter scene in the background, including a Christmas tree and snow globe.

OPERATING AND DISPLAY

The JAKI Northern Cardinal Building Kit is designed as a decorative display piece. Once assembled, you can adjust the cardinal's poseable wings to create different dynamic forms.

Place the model on a flat, stable surface such as a desk, shelf, or mantelpiece. Avoid direct sunlight or extreme temperatures to preserve the integrity of the building blocks.

MAINTENANCE

To clean your model, gently dust it with a soft, dry cloth or a soft-bristled brush. Avoid using abrasive cleaners or solvents, as these can damage the plastic.

If any parts become loose, carefully reattach them according to the assembly instructions.

TROUBLESHOOTING

Missing Parts

If you find any parts are missing from your kit, please contact JAKI customer support with details of the missing components. Refer to the parts list in your instruction booklet.

Difficulty with Assembly

Some steps may require careful attention. If you encounter difficulty, review the instruction booklet's diagrams closely. Ensure all pieces are oriented correctly and pressed firmly into place. Building block connections should feel secure.

Model Instability

If the assembled model feels unstable, recheck the connections, particularly at the base and where the cardinal attaches to the plant. Ensure all pieces are fully seated.

SPECIFICATIONS

- **Product Dimensions:** 8.07 x 5.12 x 2.56 inches
- **Item Model Number:** KJ018
- **Item Weight:** 13.1 ounces
- **Manufacturer:** JAKI
- **Date First Available:** June 9, 2025

WARRANTY AND SUPPORT

For product support, missing parts, or warranty inquiries, please contact JAKI customer service through their official channels. Retain your purchase receipt for warranty validation.
