## CARE AND MAINTENANCE

Proper care will ensure the longevity and appearance of your Lulive Console Table.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the finish.
- **Spills:** The table is stain-resistant. In case of spills, wipe immediately with a dry cloth to prevent any potential damage.
- **Protection:** Use coasters under beverages and placemats under hot items to protect the tabletop from heat and moisture.
- **Fasteners:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten as necessary to maintain stability.

- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight to prevent fading or discoloration of the wood finish.

## TROUBLESHOOTING

If you encounter any issues with your console table, refer to the following common solutions.

- **Wobbly Table:** Ensure all cam locks and bolts are fully tightened. Check that the table is placed on a level surface. Adjust leg levelers if applicable (not specified for this model, but general advice).
- **Drawers Not Sliding Smoothly:** Verify that the drawer slides (H-1 and H-2) are correctly installed and aligned. Ensure no debris is obstructing the tracks. Lubricate slides with a silicone-based spray if needed.
