First Ride On Ram01

First Ride On 24V Licensed Ram 1500 RHO Police Car Ride-On Toy Instruction Manual

Model: Ram01

PRODUCT OVERVIEW

The First Ride On 24V Licensed Ram 1500 RHO Police Car is a two-seater electric ride-on toy designed for children. It features realistic police styling, including flashing lights, siren sounds, and a working megaphone. This vehicle offers both manual driving and parental remote control options for enhanced safety and enjoyment.

Key Features:

- **Officially Licensed RAM 1500:** Authentic police car styling with realistic decals, flashing rooftop lights, and siren sound effects.
- **Dual Driving Options:** Kids can drive manually, or parents can use the included remote control.
- **Interactive Audio:** Features a working megaphone, Bluetooth, AUX, and USB ports for music playback.
- **Safety Focused Design:** Equipped with a soft start system, seatbelt, lockable doors, and high side panels to prevent tipping.
- **Powerful Performance:** 24V battery with dual motors for stable speed and handling on various terrains.
- **Functional Tailgate:** Drop-down tailgate provides extra seating or storage space.

Safety Information

Please read all safety warnings and instructions before operating the vehicle to prevent injury. Adult

supervision is required at all times.

- Suitable for ages 3 years and older.
- Maximum weight capacity: 132 lbs.
- Maximum height: 59 inches.
- Always ensure the child is securely fastened with the seatbelt.
- Operate on flat, level surfaces away from traffic, pools, or steep inclines.
- Do not allow children to operate the vehicle near stairs, hills, or roads.
- Ensure all doors are locked before operation.
- Only use the provided charger and battery.

WHAT'S IN THE BOX

Upon opening the package, please verify that all components are present:

- Kids Ride on Car (Main Body)
- Charger
- Remote Control
- Assembly Hardware (screws, washers, etc.)
- Instruction Manual

ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your First Ride On Police Car. It is recommended to have two adults for assembly.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface. Check against the 'What's in the Box' list.
2. **Wheel Installation:** Attach the wheels to the axles. Ensure all washers and locking pins are securely in place. Refer to the detailed video for visual guidance.
3. **Steering Wheel Assembly:** Connect the steering wheel to the steering column. Ensure all electrical connections are properly seated before securing the steering wheel.
4. **Seat Installation:** Place the seat into position and secure it with the provided screws.
5. **Battery Connection:** Connect the battery terminals. Ensure positive (+) and negative (-) connections are correct.
6. **Final Checks:** Before first use, ensure all screws are tightened, and all parts are securely attached.

OPERATING INSTRUCTIONS

Charging the Battery:

Before first use, charge the battery for a minimum of 8-12 hours. Subsequent charges should be 8-12 hours, not exceeding 18 hours. The charger indicator light will typically change color when fully charged.

Starting the Vehicle:

1. Press the power button located on the dashboard.
2. The vehicle will emit a startup sound and lights may illuminate.

Manual Operation (Child):

1. Ensure the child is seated and the seatbelt is fastened.
2. The child can use the steering wheel to control direction and the foot pedal to accelerate.
3. A mock gear shift lever allows for forward and reverse movement.

DUAL DRIVING OPTIONS

Parent Remote Control Mode

Kids Manual Driving Mode

Safe fun for both kids and parents

Image: A child demonstrating manual driving mode with the steering wheel and foot pedal.

Remote Control Operation (Parent):

The included remote control allows parents to guide the vehicle, which is ideal for younger children or for safety intervention.

1. Turn on the vehicle and the remote control.
2. Pair the remote control with the vehicle according to the specific instructions in the remote control manual (usually involves holding a button on the remote until lights flash).
3. Use the joystick or directional buttons on the remote to steer and control speed.
4. The remote control typically has an emergency brake function for immediate stopping.

Using Police Features:

- **Siren and Lights:** Activate the siren and flashing lights using the dedicated buttons on the dashboard.
- **Megaphone:** Connect the megaphone to its port and speak into it for amplified sound.
- **Music Playback:** Use the Bluetooth, AUX, or USB ports to play music through the vehicle's speakers.

MAINTENANCE

- **Cleaning:** Wipe the vehicle with a damp cloth. Do not use abrasive cleaners or solvents. Avoid spraying

water directly onto electrical components.

- **Battery Care:** Recharge the battery after each use. If storing for extended periods, charge the battery once a month to prolong its lifespan.
- **Storage:** Store the vehicle in a dry, cool place away from direct sunlight and moisture.
- **Inspections:** Regularly check for loose screws, damaged wires, or worn parts. Replace any damaged components immediately.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Vehicle does not move	Low battery; Loose battery connection; Blown fuse; Motor issue	Charge battery; Check connections; Replace fuse; Contact support
Remote control not working	Remote batteries low; Not paired; Interference	Replace remote batteries; Re-pair remote; Move to open area
Lights or sounds not working	Loose wiring; Damaged component	Check connections; Contact support
Vehicle moves slowly	Low battery; Overload (too much weight); Rough terrain	Charge battery; Reduce load; Operate on smoother surfaces
