4. Setup

4.1 Initial Power On

1. Connect the DC adapter to the frame's power port and then to a power outlet.
2. The frame will automatically power on. Follow the on-screen prompts to select your language and time zone.

4.2 Wi-Fi Connection

1. On the frame's screen, navigate to **Settings** > **Wi-Fi**.
2. Select your Wi-Fi network from the list.
3. Enter your Wi-Fi password and tap **Connect**.

4.3 AiMOR App Installation

The AiMOR app is required for wireless photo and video sharing.

1. Download the free AiMOR app from the App Store (iOS) or Google Play Store (Android) on your smartphone or tablet.
2. Install and open the app.
3. Create a new account or log in if you already have one.

Private & Secure

Share moments with peace of mind.

Add your loved ones using a unique frame ID

Add friend

Share this code with friends to let them connect to your frame. After connecting, they will be able to send photos and videos to your frame, Note: friends only need to connect to the frame once.

4.4 Frame Pairing

1. On your Anna Bella Digital Photo Frame, go to **Settings** > **My Frame** to find your unique Frame ID.
2. In the AiMOR app, tap **Add Frame** and enter the Frame ID displayed on your device.
3. Confirm the connection on both the app and the frame.

5. Operation

5.1 Adding Photos and Videos

You can add media to your frame using the AiMOR app, a Micro SD card, or a USB drive.

5.1.1 Via AiMOR App (Wireless Sharing)

1. Open the AiMOR app on your smartphone.
2. Select the photos or 15-second videos you wish to send.
3. Choose the connected frame as the recipient.
4. Optionally, add a caption to your media.
5. Tap **Send**. The media will appear on your frame once uploaded.

Image: A step-by-step visual guide showing how to select photos from a gallery, choose recipients, add a caption, and select the important part of the photo before sending it to the frame via the AiMOR app.

5.1.2 Via Micro SD Card or USB Drive

1. Insert a Micro SD card or USB drive containing your media into the corresponding slot on the frame.
2. The frame will detect the external storage. Navigate to the storage option on the screen.
3. Select the photos or videos you wish to import to the frame's internal memory.
4. Confirm the import.

Image: The digital photo frame displaying a family photo, with text indicating support for Micro SD cards and USB drives for memory expansion.

5.2 Display Modes and Settings

5.2.1 Auto-Rotate Function

The frame automatically adjusts the display orientation (portrait or landscape) based on its physical position. The included stand allows for flexible placement.

With Your child

Image: The digital photo frame displayed in horizontal and vertical positions, illustrating its auto-rotate feature and suitability for both desk placement and wall mounting. Note: While the product description may mention wall mounting, the frame is primarily designed for desk placement with its auto-rotating stand.

5.2.2 Slideshow Customization

Access **Settings** on the frame to customize your slideshow:

- **Photo Duration:** Set display time from 3 to 60 seconds.
- **Order:** Choose between shuffle or chronological order.
- **Display Mode:** Select fill or fit to screen.

5.2.3 Brightness and Volume Adjustment

You can adjust the screen brightness and playback volume directly from the frame's settings or via the touch screen interface.

Show How You Feel instantly!
You can edit the title of the photo to easily share your feelings
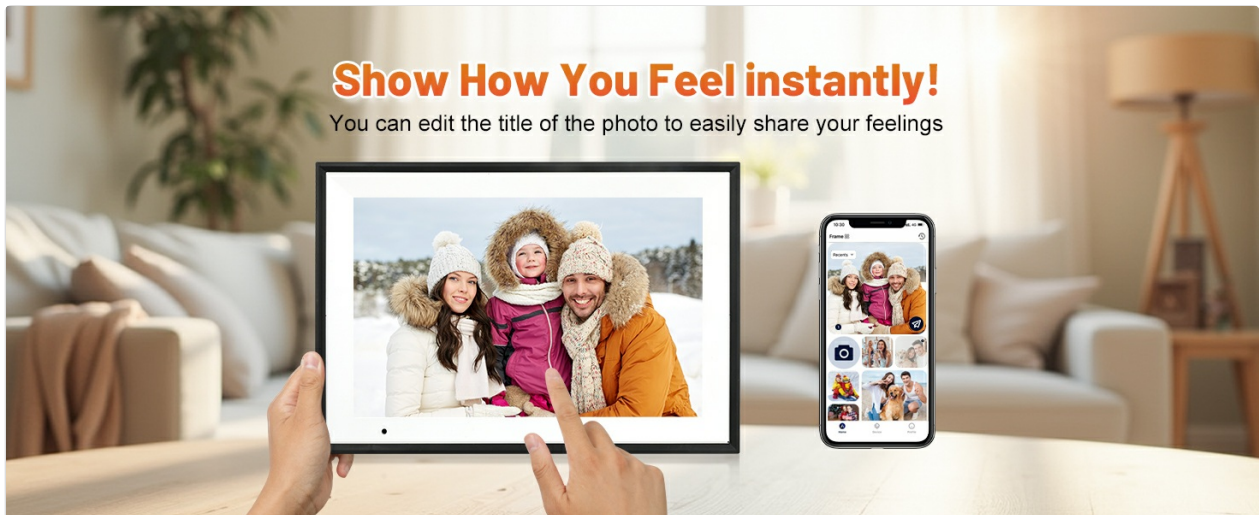

Image: A visual representation of adjusting the brightness and volume controls on the digital photo frame, emphasizing that videos with sound enhance memories.

5.2.4 Sleep Mode

To conserve energy, enable Sleep Mode in**Settings**. You can set specific times for the frame to automatically turn off and on (e.g., auto off 11 PM - 7 AM).

5.3 Multi-User Connection

The AiMOR app allows you to invite multiple users to share photos and videos to your frame. Each user will need to download the app and connect using your frame's unique ID.

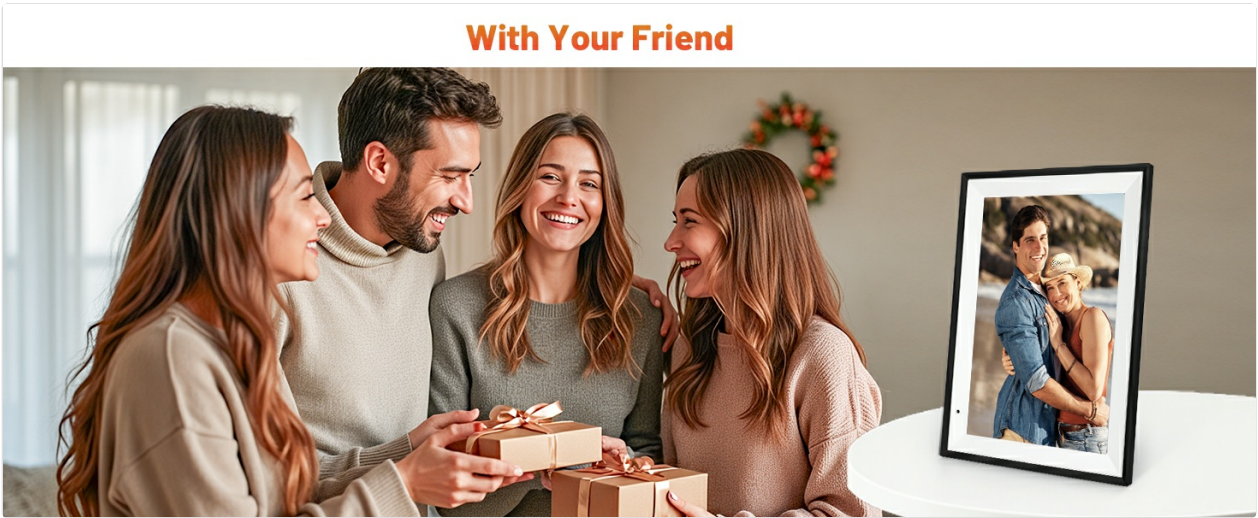

Image: A screen on the digital photo frame showing a prompt to add friends using a unique frame ID, emphasizing private and secure sharing.

6. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the screen and frame. Avoid abrasive cleaners or solvents.
- **Placement:** Place the frame on a stable, flat surface away from direct sunlight, heat sources, and moisture.
- **Software Updates:** Periodically check for software updates in the frame's settings to ensure optimal performance and new features.
- **Backup:** Regularly export important photos and videos to an SD card or computer for safekeeping.

7. TROUBLESHOOTING

Issue	Possible Cause	Solution
Frame does not power on	Power adapter not connected or faulty.	Ensure the power adapter is securely connected to the frame and a working power outlet. Try a different outlet.
Cannot connect to Wi-Fi	Incorrect password, weak signal, or network issue.	Verify Wi-Fi password. Move the frame closer to the router. Restart your router and the frame.
Photos not appearing on frame	App not connected, media not sent, or incorrect format.	Ensure the AiMOR app is connected to the frame. Verify media was successfully sent. Check if media format is supported (JPEG, PNG for photos; MP4 for videos).
Screen is unresponsive	Temporary software glitch.	Restart the frame by unplugging and re-plugging the power adapter.

Issue	Possible Cause	Solution
Limited photo uploads via app	Free app version limitations.	The free version of the AiMOR app may have limitations on the number of photos uploaded at once. Consider sending in smaller batches or exploring premium app options if available.
