DREAME AZD20A

Dreame Dazzle Hair Styler and Dryer Instruction Manual

MODEL: AZD20A

Brand: DREAME

Important Safety Information

Please read all instructions before using this appliance. Keep this manual for future reference.

- Keep out of reach of children.
- Do not use near water or immerse the appliance in water.
- Keep the power plug and cord away from heated surfaces.
- Do not use while bathing or in a shower.
- Always unplug the appliance after use and before cleaning.
- Do not operate any appliance with a damaged cord or plug, or if the appliance malfunctions or has been dropped or damaged.
- Do not block the air openings or place the appliance on a soft surface, such as a bed or couch, where the air openings may be blocked.
- Use this appliance only for its intended household use as described in this manual.

Product Overview

The Dreame Dazzle Hair Styler and Dryer is designed for efficient and versatile hair styling, featuring advanced technology for hair protection and ease of use.

- **Intelligent Nozzle Recognition:** The device automatically adjusts heat and airflow settings based on the attached nozzle for optimized styling.
- **Smart Display for Easy Operation:** A digital screen displays real-time temperature, airflow speed, and the current styling mode.
- **Fast, Powerful Drying:** Equipped with a 110,000RPM high-speed motor, it delivers strong airflow for quick drying.
- **5 Snap-on Attachments:** Includes various nozzles for different hair types and styling needs, easily interchangeable.
- **Precise, Safe Heat Control:** An integrated NTC thermistor and microprocessor monitor and regulate

temperature 1000 times per second to prevent heat damage.

- **Smooth, Shiny, Frizz-Free Hair:** Releases up to 300 million negative ions to reduce frizz, enhance moisture, and add shine.

Setup

- 1. Unpack:** Carefully remove all components from the packaging.
- 2. Connect Power:** Plug the power cord into a suitable electrical outlet. Ensure the voltage matches the appliance's requirements.
- 3. Attach Nozzle:** Select the desired styling nozzle. Align the nozzle with the main unit and gently twist or snap it into place until it is securely fastened. The device will automatically recognize the attached nozzle.

Intelligent Nozzle Recognition

Automatically adjusts heat and airflow based on the attached nozzle for smarter, safer styling.

Operating Instructions

The Dreame Dazzle features intelligent controls for optimal styling.

- Power On/Off:** Press the power button located on the handle to turn the device on or off.
- Intelligent Nozzle Recognition:** Once a nozzle is attached, the device automatically detects it and sets the optimal temperature and airflow. The smart display will show the current settings (e.g., Auto, 90°C, Cold).
- Adjusting Settings (Manual Mode):**
 - Temperature:** Press the temperature button to cycle through available heat settings (Cold, 57°C, 90°C).
 - Airflow:** Press the airflow button to adjust the fan speed (Low, Medium, High).
- Using Attachments:**
 - Styling Nozzle:** Directs concentrated airflow for precise drying and smoothing.
 - Soft Wind Nozzle:** Provides gentle, diffused airflow for delicate drying and a sleek finish.
 - Diffuser Nozzle:** Distributes air evenly to enhance natural curls and reduce frizz.

- **Oval Brush Nozzle:** Ideal for adding volume and creating smooth, straight styles.
- **Curling Nozzles:** Use for creating curls. The device will automatically adjust to a curling mode with alternating hot and cold air to set the curl.

5. **Negative Ion Technology:** The device continuously releases negative ions during operation to help reduce static, smooth hair, and add shine.

Maintenance

Regular maintenance ensures optimal performance and longevity of your device.

- **Cleaning the Air Filter:** Regularly check and clean the air filter located at the bottom of the main unit. Twist to remove the filter cover, gently brush away any dust or hair, and then reattach.
- **Cleaning Attachments:** Wipe attachments with a soft, damp cloth. Ensure they are completely dry before reattaching or storing. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the device and its attachments in a cool, dry place, away from direct sunlight and moisture.

Troubleshooting

If you encounter any issues, refer to the following common solutions:

- **Device Not Powering On:** Ensure the power cord is securely plugged into a functional electrical outlet. Check for any damage to the cord or plug.
- **Weak Airflow:** The air filter may be clogged. Refer to the 'Cleaning the Air Filter' section in Maintenance.
- **Attachments Not Staying Secure:** Ensure the attachment is correctly aligned and twisted/snapped firmly into place.
- **Inconsistent Heat:** The NTC thermistor may be detecting an issue. Turn off the device, unplug it, wait a few minutes, and then restart. If the issue persists, contact customer support.

Specifications

Model Number	AZD20A
Product Dimensions	1.77 x 4.72 x 8.82 inches
Weight	7.83 Pounds
Manufacturer	dreame
Material	Plastic
Wattage	1400 watts
Power Source	Corded Electric

Warranty and Support
