

## Grepatio Glass Display Cabinet

# Grepatio Glass Display Cabinet with Smart Color Lights Instruction Manual

## INTRODUCTION

---

Thank you for choosing the Grepatio Glass Display Cabinet. This 4-tier cabinet is designed to showcase your collectibles, books, and decorative items with elegance, featuring smart color LED lighting and secure glass doors. This manual provides essential information for safe assembly, operation, and maintenance of your new display cabinet.

## IMPORTANT SAFETY INFORMATION

---

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- **Anti-Tipping Device:** Always secure the cabinet to the wall using the provided anti-tipping device to prevent accidental tipping and ensure the safety of family members and pets.
- **Assembly Caution:** Exercise caution when assembling the cabinet to avoid injury from tools or falling parts. Two adults are recommended for assembly.
- **Weight Limit:** Each shelf has a weight capacity of 66 pounds. Do not exceed this limit to prevent damage or collapse.
- **Glass Handling:** Handle glass components with care to prevent breakage and injury.
- **Electrical Safety:** Ensure all electrical connections for the LED lights are properly secured and follow local electrical codes. Do not expose electrical components to moisture.

This image illustrates the proper installation of the anti-tipping device to secure the cabinet to the wall, preventing accidents.

## PACKAGE CONTENTS

---

Before beginning assembly, please verify that all parts are present and undamaged. Refer to the included parts list in your packaging.

- Cabinet Panels (Engineered Wood)
- Glass Doors (4 units)
- Glass Shelves (4 units)
- Smart Color LED Light Strips
- Remote Control for LED Lights
- Assembly Hardware (screws, connectors, etc.)
- Anti-Tipping Device
- Instruction Manual

## SETUP AND ASSEMBLY

---

Assembly is required for this display cabinet. It is recommended that two adults perform the assembly. Follow the detailed instructions provided in the separate assembly guide included in your package. Ensure you have adequate space and the necessary tools (e.g., screwdriver) before starting.

### Key Assembly Steps:

1. Unpack all components and verify against the parts list.
2. Assemble the main frame of the cabinet using the provided hardware.
3. Install the glass shelves into their designated positions. Crossbars underneath each shelf are designed to increase weight capacity.
4. Attach the pop-up glass doors. These doors feature spring-loaded hinges for effortless operation.
5. Install the Smart Color LED light strips along the interior edges of the shelves or cabinet frame as indicated in the assembly guide.
6. Secure the anti-tipping device to the top rear of the cabinet and then to a wall stud or appropriate wall anchor.

A close-up view demonstrating the handle-free, press-to-open mechanism of the glass doors.

## OPERATING INSTRUCTIONS

### Smart Color LED Lights

Your Grepatio display cabinet features versatile RGB LED light strips that can be controlled via a mobile application or the included remote control. Connect the LED lights to a power source after assembly.

### Mobile App Control:

- Download the designated mobile application (refer to the LED light instruction sheet for app name and QR code).
- Pair your smartphone with the LED lights via Bluetooth or Wi-Fi as per app instructions.
- Through the app, you can adjust colors, brightness, set timer functions, and activate music synchronization modes.

### Remote Control Operation:

- Use the provided remote control to power the lights on/off, change colors, adjust brightness, and select various lighting modes.
- Ensure the remote control has working batteries and is pointed towards the LED receiver.

# ANTI-TOPPLING DEVICE PROTECTS

Ample storage space and a sturdy construction give your cabinet greater load-bearing capacity.

This image demonstrates the range of RGB colors and control methods (app and remote) available for the LED lighting system.

## Pop-Up Glass Doors

The cabinet features handle-free pop-up glass doors. To open, gently press on the door panel. The spring-loaded hinges will release the door, allowing it to swing open. To close, push the door firmly until it latches securely.

## MAINTENANCE

- **Cleaning:** Wipe the engineered wood surfaces with a soft, damp cloth. For glass surfaces, use a glass cleaner and a lint-free cloth. Avoid abrasive cleaners or harsh chemicals.
- **Dusting:** Regularly dust the interior and exterior of the cabinet to maintain clarity and appearance.
- **LED Lights:** If LED lights malfunction, check power connections and remote control batteries. Do not attempt to repair electrical components yourself.
- **Door Hinges:** Periodically check the door hinges for smooth operation. If they become stiff, a small amount of silicone lubricant can be applied.
- **Stability:** Regularly check the anti-tipping device and all assembly hardware to ensure they remain secure.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
LED lights not turning on.	Power cable disconnected; remote batteries dead; app not paired.	Check power connection; replace remote batteries; re-pair app.
Doors not closing securely.	Hinges misaligned; obstruction.	Adjust hinges as per assembly guide; remove any obstructions.
Cabinet feels unstable.	Anti-tipping device not installed or loose; uneven floor.	Ensure anti-tipping device is securely installed; adjust cabinet leveling feet if present, or place on a level surface.
