# Rhevoy Oversized Power Recliner Chair Swivel Glider with Massage and Heat

Model: Upgraded Swivel Power Recliner | Brand: Rhevoy

## INTRODUCTION

---

Thank you for choosing the Rhevoy Oversized Power Recliner Chair. This manual provides essential information for the safe and efficient use of your new chair, featuring a swivel glider, massage, and heat functions, along with an adjustable headrest and extra-wide seating. Please read these instructions carefully before assembly and use, and retain them for future reference.

## SAFETY INFORMATION

---

- Always ensure the chair is assembled correctly and does not exceed the maximum weight capacity of 350 lbs.
- Keep the chair away from heat sources and sharp objects to prevent damage to the fabric and potential injury.
- Ensure all electrical connections are secure and properly plugged into a suitable power outlet.
- Do not allow children to play with the chair's mechanisms or controls unsupervised.
- Avoid placing liquids directly on the chair's controls or electrical components.

## PACKAGE CONTENTS

---

Your Rhevoy Power Recliner Chair will arrive in two separate boxes. Please ensure you have received both packages before beginning assembly. The packages contain all necessary components and tools for

installation.

## SETUP & ASSEMBLY

---

Assembly is designed to be straightforward and can typically be completed in a few minutes. Please follow these steps:

1. Unpack all components from both boxes.
2. Attach the backrest to the seat base by aligning the metal brackets and pushing down firmly until it clicks into place.
3. Connect all electrical cables located under the seat base. Ensure all connections are secure.
4. Plug the power adapter into a wall outlet.

## MAINTENANCE & CARE

---

- **Cleaning:** For general cleaning, gently vacuum the chenille fabric to remove dust and debris. For spills, blot immediately with a clean, dry cloth. Avoid harsh chemicals.
- **Fabric Care:** The chenille material is soft and durable. To maintain its quality, avoid direct sunlight exposure for prolonged periods.
- **Mechanism:** Periodically check all screws and connections to ensure they are tight. Do not lubricate the reclining mechanism unless specified by the manufacturer.

## TROUBLESHOOTING

---

- **Chair Not Reclining:** Ensure the power cord is securely plugged into both the chair and the wall outlet. Check for any obstructions in the reclining mechanism.
- **Massage/Heat Not Working:** Verify the remote control is properly connected and the power button on the remote is activated. Check the intensity and mode settings.
- **Unusual Noises:** Inspect the chair's base and reclining mechanism for any loose parts or foreign

objects. If the noise persists, contact customer support.
