1. SAFETY INFORMATION

Read all instructions before assembling and using the stroller. Failure to follow these instructions could result in serious injury or death to your child.

- **Child Age and Weight Limits:** Suitable for babies 6+ months up to 40 lbs (18 kg).
- **Harness System:** Always use the 5-point harness system with soft shoulder straps to secure your child. Ensure the harness is adjusted correctly and snugly.
- **Braking System:** Always engage the parking brake when placing or removing a child from the stroller, or when the stroller is stationary. The foot-operated brake is located on the rear wheels.
- **Canopy:** The adjustable UPF 50+ canopy provides protection against UV rays, wind, and light rain. Ensure it is properly extended when needed.
- **Stability:** Do not overload the storage basket (maximum 4.4 lbs / 2 kg). Do not hang bags or other items on the handle, as this can cause the stroller to become unstable and tip over.
- **Folding/Unfolding:** Keep children clear of the stroller when folding or unfolding to prevent finger entrapment.
- **Supervision:** Never leave your child unattended in the stroller.
- **Certification:** This stroller is JPMA-certified and exceeds ASTM and CPSC standards for safety.

2. PRODUCT OVERVIEW

The Mompush Jeto is an ultra-compact and lightweight travel stroller designed for convenience and comfort. It features a one-hand fold mechanism, all-terrain wheels, and a comfortable seating area for toddlers.

Key Features:

- **Ultra-Compact Design:** Patented one-second fold transforms the stroller into a handbag-size (17.7" x 20"), ideal for travel and storage.
- **Lightweight Construction:** Weighs just 9.8 lbs, making it 30% lighter than many compact strollers. Constructed from aerospace-grade aluminum for durability.
- **Comfortable Seating:** Features a wider seat (15.75 inches) and high reclining backrest for enhanced comfort, suitable for children up to 40 lbs.
- **All-Terrain Wheels:** Equipped with large 5.5" reinforced wheels and advanced suspension for a smooth ride over various surfaces.
- **Integrated Storage:** Includes an under-seat storage basket for essentials.
- **Adjustable Canopy:** UPF 50+ canopy protects against sun, wind, and light rain.

**Designed to Grow
with Your Child**

3. SETUP

Unfolding the Stroller:

1. Ensure the stroller is on a flat, stable surface.
2. Locate the folding mechanism (typically near the handle or seat base).
3. With one hand, release the locking mechanism and lift the handle upwards until the stroller frame clicks into its fully open position.
4. Verify that all locking mechanisms are securely engaged before placing a child in the stroller.

Attaching the Canopy:

The canopy typically attaches to designated points on the stroller frame. Ensure it is securely fastened to provide adequate shade and protection.

4. OPERATING INSTRUCTIONS

Folding the Stroller:

1. Ensure the child is removed from the stroller and any items are cleared from the storage basket.
2. Locate the one-hand fold mechanism (often a button or lever on the handle).
3. Activate the mechanism and push the handle downwards, allowing the stroller to collapse into its compact form.
4. The stroller is designed to self-stand when folded. An integrated carry strap allows for easy transport.

Securing Your Child:

1. Place your child in the seat.
2. Fasten the 5-point harness by connecting the shoulder straps to the waist straps, then inserting them into the buckle.
3. Adjust the harness straps to ensure a snug fit around your child. The harness buckle has 3 adjustable positions to accommodate growth.
4. Ensure the shoulder pads are positioned comfortably.

Engaging the Brake:

To engage the brake, press down firmly on the foot pedal located near the rear wheels until it locks into place. To release, lift the pedal upwards.

Adjusting the Canopy:

The canopy can be adjusted by pulling it forward or pushing it back to provide optimal shade for your child. It offers UPF 50+ protection.

Maneuvering:

The Jeto stroller features all-wheel suspension and 5.5-inch reinforced wheels, allowing for smooth steering and a stable ride across various terrains with one hand.

5. MAINTENANCE

Cleaning:

- **Fabric:** The polyester fabric is designed for easy cleaning. Spot clean with a damp cloth and mild soap. Do not use harsh detergents or bleach.
- **Frame:** Wipe the aluminum frame with a soft, damp cloth. Dry thoroughly.
- **Wheels:** Regularly clean the wheels and axles to remove dirt and debris. Lubricate moving parts as needed with a silicone-based lubricant.

Image: Close-up of the stroller's fabric, demonstrating its water-resistant and easy-to-clean properties.

Storage:

Store the stroller in a dry, cool place away from direct sunlight when not in use. Ensure it is fully folded and secured to prevent accidental opening.

6. TROUBLESHOOTING

Stroller Does Not Fold/Unfold Smoothly:

- Ensure all components are free from obstructions (e.g., blankets, toys).
- Check that the folding mechanism is fully engaged or disengaged.
- Apply a silicone-based lubricant to moving joints if stiffness persists.

Wheels Are Stiff or Squeaky:

- Clean any dirt or debris from the wheel axles and bearings.
- Apply a silicone-based lubricant to the wheel axles.

Stroller Feels Unstable:

- Ensure the stroller is fully unfolded and all locking mechanisms are engaged.
- Verify that the storage basket is not overloaded and no items are hanging from the handle.

Harness Not Securing Child:

- Ensure all five points of the harness are correctly buckled.
- Adjust the harness straps for a snug fit. The harness buckle has multiple adjustment positions.
