Zelotes F-36A

Zelotes F-36A Optical 2.4G Wireless Rechargeable Mouse User Manual

Model: F-36A

1. INTRODUCTION

Thank you for choosing the Zelotes F-36A Optical 2.4G Wireless Rechargeable Mouse. This manual provides detailed instructions to help you set up, operate, and maintain your new mouse, ensuring optimal performance and longevity. Please read this manual thoroughly before use.

2. PACKAGE CONTENTS

- Zelotes F-36A Optical 2.4G Wireless Rechargeable Mouse
- USB Receiver (2.4G)
- USB Charging Cable
- User Manual (this document)

3. PRODUCT OVERVIEW

The Zelotes F-36A mouse features an ergonomic design for comfortable use, 6 programmable buttons, and adjustable DPI settings for precise control. It connects wirelessly via a 2.4G USB receiver and is powered by a built-in rechargeable battery.

Image 3.1: Zelotes F-36A Optical 2.4G Wireless Rechargeable Mouse. This image displays the Zelotes F-36A wireless mouse in black, showing its ergonomic design, scroll wheel, left and right click buttons, and additional side buttons. The USB receiver is also visible next to the mouse.

Mouse Components:

1. Left Click Button
2. Right Click Button
3. Scroll Wheel / Middle Click Button
4. DPI Adjustment Button
5. Forward Button (Side)
6. Backward Button (Side)
7. Power On/Off Switch (Bottom)
8. Optical Sensor (Bottom)
9. USB Receiver Storage Slot (Bottom)
10. USB Charging Port (Front)

4. SETUP

4.1. Charging the Mouse

Before first use, it is recommended to fully charge the mouse. Connect the provided USB charging cable to the mouse's charging port and the other end to a USB power source (e.g., computer USB port, USB wall adapter). An indicator light will show the charging status and turn off or change color when fully charged.

4.2. Connecting the USB Receiver

1. Locate the USB receiver, usually stored in a slot on the bottom of the mouse.
2. Remove the USB receiver from its storage slot.
3. Plug the USB receiver into an available USB port on your computer.
4. Your computer should automatically detect and install the necessary drivers. This may take a few moments.

4.3. Powering On the Mouse

Flip the power switch located on the bottom of the mouse to the 'ON' position. The mouse should now be connected and ready for use.

5. OPERATING INSTRUCTIONS

5.1. DPI Adjustment

The Zelotes F-36A mouse features adjustable DPI (Dots Per Inch) settings, allowing you to change the cursor speed and sensitivity. Press the DPI adjustment button (usually located behind the scroll wheel) to cycle through available DPI levels. The maximum DPI is 2400. Each press will change the sensitivity, indicated by a brief flash of the LED light.

5.2. Button Functions

- **Left Click:** Standard selection and activation.
- **Right Click:** Opens context menus.
- **Scroll Wheel:** Scrolls up and down documents or web pages. Pressing it acts as a middle click.
- **DPI Button:** Adjusts cursor sensitivity.
- **Forward Button:** Navigates forward in web browsers or file explorers.
- **Backward Button:** Navigates backward in web browsers or file explorers.

6. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the mouse. For stubborn dirt, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.
- **Battery Care:** To prolong battery life, avoid fully discharging the mouse frequently. Charge it when the low battery indicator appears. If storing for an extended period, charge it to about 50% and turn off the power.
- **Storage:** When not in use, store the mouse and USB receiver in a dry, cool place away from direct sunlight and extreme temperatures.

7. TROUBLESHOOTING

Problem	Possible Solution

Problem	Possible Solution
Mouse not responding	- Ensure the mouse is powered on. - Check if the USB receiver is securely plugged into the computer. - Try plugging the USB receiver into a different USB port. - Ensure the mouse battery is charged. - Restart your computer.
Cursor movement is erratic or slow	- Clean the optical sensor on the bottom of the mouse. - Ensure you are using the mouse on a suitable surface (non-reflective, opaque). - Adjust the DPI setting to a higher value.
Mouse not charging	- Ensure the USB charging cable is properly connected to both the mouse and the power source. - Try a different USB charging cable or power source.

8. SPECIFICATIONS
