Erinnyees 79" Double Dog Crate Furniture Instruction Manual

Model: PXZZPC098HS

1. INTRODUCTION

Thank you for choosing the Erinnyees 79" Double Dog Crate Furniture. This product is designed to provide a comfortable and secure space for your pets while seamlessly integrating into your home decor as a stylish piece of furniture. This manual provides essential information for proper assembly, safe operation, and effective maintenance of your new dog crate.

Image 1.1: The Erinnyees 79-inch Double Dog Crate Furniture, shown with a Golden Retriever and a Border Collie comfortably housed in separate compartments. The crate features a wooden top and sides with black metal bars for the doors and side panels.

2. SAFETY INFORMATION

- Always ensure all parts are securely fastened before allowing pets to use the crate.
- Do not allow children to climb on or play inside the crate.
- Regularly inspect the crate for any loose or damaged parts. Replace or repair as necessary.
- Ensure the crate is placed on a level, stable surface to prevent tipping.
- This product is intended for indoor use only.
- Do not use harsh chemicals for cleaning, as they may be harmful to pets.

3. PACKAGE CONTENTS

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Wooden Top Panels (2 sections)
- Wooden Side Panels (4 sections)
- Wooden Base Panels (2 sections)
- Metal Door Panels (4 doors)
- Metal Side Grille Panels (2 sections)
- Removable Divider Panel (1)
- Support Legs (6)
- Hardware Pack (screws, bolts, latches, tools)
- Assembly Instructions Guide

4. SETUP AND ASSEMBLY

Assembly typically requires two adults. Please follow the steps carefully. A Phillips head screwdriver may be required (not included).

1. **Unpack and Identify Parts:** Lay out all components on a soft, clean surface. Compare them with the package contents list and diagrams in the separate assembly guide.
2. **Assemble Base Structure:** Attach the support legs to the wooden base panels using the provided hardware. Ensure they are tightened securely.
3. **Attach Side Panels:** Connect the wooden side panels and metal grille panels to the base structure.
4. **Install Divider (Optional):** If you intend to create two separate compartments, insert the removable divider panel into the designated slots. If you prefer a single large space, omit this step.
5. **Attach Top Panels:** Secure the wooden top panels to the assembled structure.
6. **Install Doors:** Attach the metal door panels to the front and side openings using the hinges and hardware. Ensure doors swing freely and latches operate correctly.
7. **Final Check:** Verify all screws and bolts are tight. Gently shake the crate to ensure stability.

DUAL ROOM DESIGN

Separate Spaces, Stress-Free Living

Want to give your dog more space?
Simply leave out the divider during assembly.

Image 4.1: The dual-room design of the crate, illustrating how the removable divider creates two distinct spaces. The image shows the crate functioning as a console table with decorative items on top.

5. OPERATING INSTRUCTIONS

5.1 Accessing the Crate

The Erinnyees Double Dog Crate features a quad-door design, providing flexible access options for your pets.

- **Front Doors:** Two large front doors allow for easy entry and exit. These can be opened independently for each compartment or fully opened for a shared space if the divider is removed.
- **Side Doors:** Two side doors, one on each end, offer additional access points, which can be particularly useful in certain room configurations or for independent pet access.

MULTIPLE ACCESS OPTIONS

Flexible Front & Side Door Design

Image 5.1: A visual representation of the crate's flexible access options, highlighting both the front doors and the side doors. Arrows indicate the direction of door opening.

5.2 Using the Divider

The removable divider allows you to customize the internal space:

- **Two Compartments:** With the divider installed, the crate provides two separate, private zones, ideal for housing two dogs or for separating a single dog from a specific area.
- **Single Large Space:** By omitting the divider during assembly, the crate transforms into one spacious area, suitable for a single large dog or multiple smaller pets that prefer to share.

5.3 Furniture Functionality

This dog crate is designed to serve as a versatile piece of furniture. Its sturdy top surface can be used as a TV stand, a console table in an entryway, or a decorative bench, blending functionality with home aesthetics.

6. MAINTENANCE AND CLEANING

6.1 Routine Cleaning

- Wipe down wooden surfaces with a damp cloth and mild soap. Dry immediately to prevent moisture damage.
- Clean metal bars with a damp cloth. Avoid abrasive cleaners that could damage the finish.
- For pet accidents, clean promptly with an enzymatic pet cleaner to neutralize odors and stains.

6.2 Robot Vacuum Friendly Design

The crate is elevated 4.9 inches off the ground, allowing most robot vacuums to pass underneath effortlessly. This feature simplifies floor cleaning around and under the crate, maintaining a hygienic environment for your pets without needing to move the furniture.

Image 6.1: An illustration demonstrating the 4.9-inch clearance beneath the crate, which accommodates a robot vacuum for easy cleaning without moving the unit.

7. TROUBLESHOOTING

- **Doors not closing properly:** Check hinges for proper alignment. Ensure all screws are tightened. The crate should be on a level surface.
- **Crate feels wobbly:** Verify that all assembly hardware is fully tightened. Ensure the crate is placed on a flat, stable floor.

- **Divider does not fit:** Ensure the divider is oriented correctly and aligned with the designated slots. If you intended a single large space, the divider should not be installed.
- **Missing parts:** Refer to the package contents list. If parts are missing, contact Erinnyees customer support with your purchase details.
