OPERATING

The modular design of your Aotolo sofa allows for flexible configurations to suit various activities and room layouts.

Modular Configuration

The two main pieces of the sectional sofa can be rearranged to create different seating arrangements. This allows for adaptability in various living spaces, including living rooms, bedrooms, or offices.

- **L-Shape Chaise:** Position the chaise section on either the left or right side to create a traditional L-shaped sofa.
- **Separate Seating:** The two sections can be separated to function as individual seating units, such as a sofa and a standalone chaise or ottoman.
- **Bed Conversion:** The modular structure can be easily transformed into a comfortable sleeping space by aligning the sections.

TROUBLESHOOTING

Sofa Not Fully Expanded

If your sofa sections do not appear fully fluffy or expanded after unpacking:

- **Allow Time:** Ensure you have allowed the full 48 to 72 hours for the high-resilience sponge to expand completely.
- **Gentle Tapping:** Gently tap and knead the sections to help distribute the internal filling and encourage expansion.
- **Temperature:** Ensure the room temperature is moderate, as extreme cold can sometimes slow down the expansion process.

Minor Stains

For minor stains on the corduroy fabric:

- **Blot, Don't Rub:** Immediately blot the stain with a clean, dry white cloth. Rubbing can spread the stain or damage the fabric.
- **Mild Soap Solution:** For stubborn spots, lightly dampen a clean cloth with a very mild soap solution (e.g., diluted dish soap) and gently blot the area. Follow with a clean, damp cloth to remove soap residue, then blot dry.
