IMPORTANT SAFETY INFORMATION

To ensure safe use and prevent injury or damage, please adhere to the following guidelines:

- **Weight Limits:** Do not exceed the specified weight limits for shelves and drawers. Overloading can cause structural failure and injury.
- **Anti-Tip Anchoring:** Always install the included anti-tip wall anchors. This is crucial to prevent the cabinet from tipping over, especially in households with children or pets.
- **Stable Placement:** Place the cabinet on a flat, level, and stable surface. Uneven surfaces can compromise stability.
- **Heavy Items:** Avoid placing excessively heavy items on the very top of the cabinet. Distribute weight evenly.
- **Assembly:** Ensure all parts are correctly assembled and fasteners are tightened securely before use. Periodically check and re-tighten fasteners as needed.
- **Children:** Do not allow children to climb on or play with the cabinet.
