## Fanbulous F-LY52BK-1X01

# Fanbulous 52-inch Smart Flush Mount Ceiling Fan User Manual

Model: F-LY52BK-1X01

## INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your Fanbulous 52-inch Smart Flush Mount Ceiling Fan. Please read this manual thoroughly before installation and use to ensure safe and efficient operation. Keep this manual for future reference.

## SAFETY INFORMATION

- Ensure power is disconnected at the main circuit breaker before installation or servicing.
- All wiring must be in accordance with national and local electrical codes. If you are unfamiliar with wiring, consult a qualified electrician.
- The ceiling fan must be mounted at least 7 feet (2.1 meters) from the floor to the bottom of the blades.
- Ensure the mounting structure can support the weight of the fan (approximately 8.8 pounds).
- Do not insert objects into the path of the fan blades.
- This fan is designed for indoor use only.

## PACKAGE CONTENTS

Carefully unpack all components and ensure you have received all items listed below. If any parts are missing or damaged, contact Fanbulous customer support.

Image: All components of the Fanbulous 52-inch Smart Flush Mount Ceiling Fan, including the motor, five blades, LED light kit, remote control, and various installation hardware.

- Fan Motor Assembly
- Fan Blades (5)
- LED Light Kit
- Remote Control
- Mounting Bracket
- Canopy
- Hardware Pack (screws, wire nuts, washers)
- User Manual

## INSTALLATION GUIDE

Follow these steps for proper installation. Professional installation is recommended if you are not experienced with electrical wiring.

## 1. Prepare for Installation

1. Turn off power at the circuit breaker.
2. Ensure the mounting location is suitable and can support the fan's weight.
3. Gather necessary tools (screwdriver, wire strippers, ladder, etc.).

## 2. Mount the Bracket and Motor

Secure the mounting bracket to the ceiling junction box. Then, attach the fan motor assembly to the mounting bracket, ensuring all connections are secure.

Image: Illustrates the high-quality DC motor, stable flush mount installation, 24W Max LED light, and the five double-color wood blades.

## 3. Install Fan Blades

Attach the five fan blades to the motor housing. The blades are reversible, offering a black or walnut finish to match your decor.

## *One Blade got 2 colors*

Suitable for variety decoration styles

Image: Demonstrates the dual-sided fan blades, allowing users to choose between a modern black finish or a farmhouse-style walnut finish.

#### **4. Connect Wiring and Install Light Kit**

Connect the electrical wires according to the wiring diagram in the user manual. Then, attach the LED light kit to the fan motor assembly.

## 5. Final Assembly

Secure the canopy to cover the wiring and mounting bracket. Ensure all screws are tightened and the fan is stable.

## OPERATING INSTRUCTIONS

---

Your Fanbulous ceiling fan offers multiple control options for convenience.

### Control Methods

- **Remote Control:** The included remote allows for easy adjustment of fan speed, light settings, and timer functions.
- **Smartphone App:** Download the dedicated app for advanced control, including infinite dimming and color temperature adjustments. Bluetooth connection is required for app control.
- **Wall Switch:** The fan can also be controlled via a standard wall switch (not included).

# App & Remote & Switch

Tips: Use APP control requires Bluetooth connection

Image: Displays the three control methods: a physical remote, a smartphone screen showing the control app (with a QR code for download), and a wall switch. The QR code links to [wosk.top/zd.html](https://wosk.top/zd.html) for app download.

## Fan Speed Adjustment

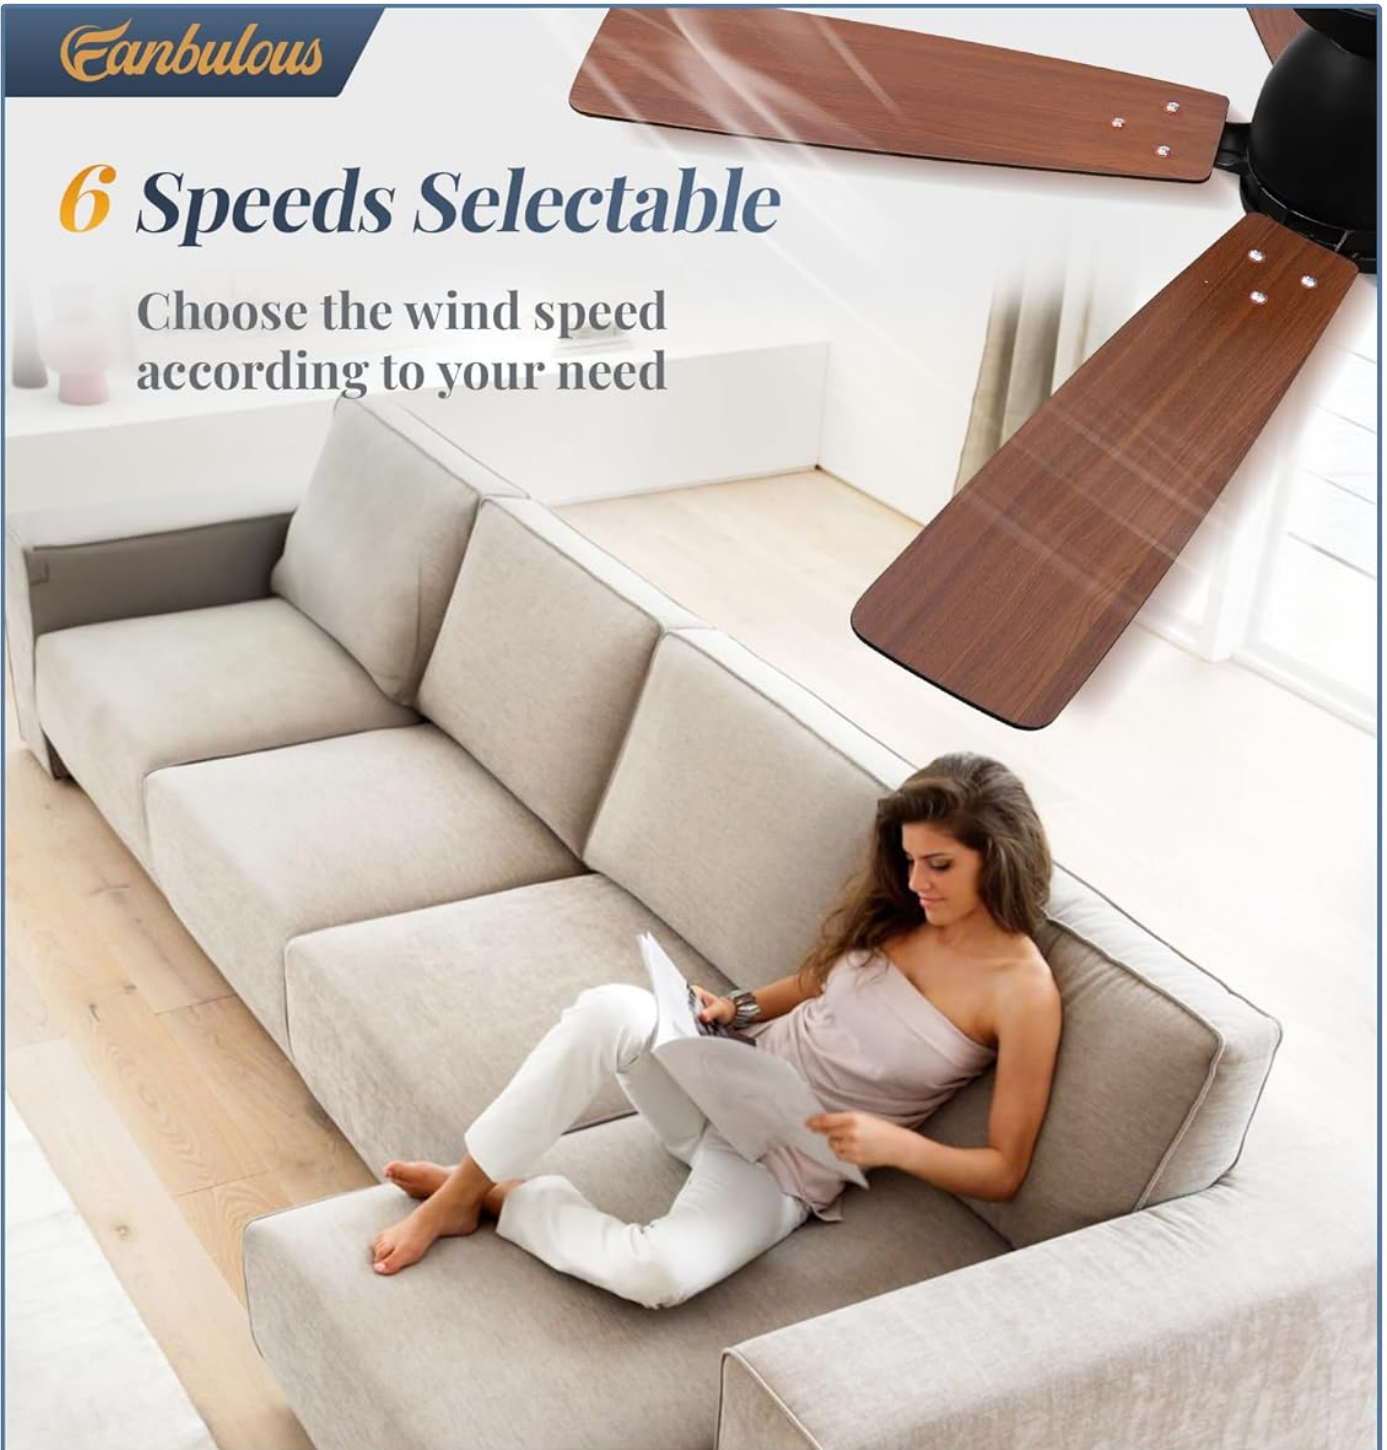

The fan features 6 adjustable speeds to suit your comfort needs:

- **Levels 1-2:** Soft Wind (Low)
- **Levels 3-4:** Natural Wind (Medium)
- **Levels 5-6:** Cool Wind (High)

*Fanbulous*

## 6 Speeds Selectable

Choose the wind speed according to your need

**LOW WIND**  
Level 1-2 Soft Wind

**MED WIND**  
Level 3-4 Natural Wind

**HIGH WIND**  
Level 5-6 Cool wind

Image: Visual representation of the fan's 6-speed settings, categorized into Low, Medium, and High wind levels.

## Light Functions

- **Dimmable Brightness:** Adjust the light intensity from 12% (216 LM) to 100% (1800 LM).
- **Adjustable Color Temperature:** Seamlessly change the light color from warm (3000K) to cool (6000K).
- **Timer Settings:** Set the light to turn off automatically after 1, 2, or 4 hours.
- **Memory Function:** The fan remembers your last light and fan settings.

*Fanbulous*

# *Infinately Adjustable Color Temperature*

Meet the light demand in different scenarios

Image: Illustrates the infinitely adjustable color temperature and dimmable brightness features of the integrated LED light.

## **Reversible Motor Function**

The DC motor allows for reversible blade rotation, providing comfort year-round:

- **Summer Mode (Downward Airflow):** Blades rotate counter-clockwise to create a cooling breeze.
- **Winter Mode (Upward Airflow):** Blades rotate clockwise to circulate warm air trapped near the ceiling.

## 6 Speed & Reversible Blade

Cool in summer, warm in winter

 Summer Forward Rotation  
with Cool Air

Image: Explains the 6-speed and reversible blade function, demonstrating how the fan provides cool air in summer and circulates warm air in winter.

## Official Product Video: Smart Features Overview

Your browser does not support the video tag.

Video: This video demonstrates the smart features of the Fanbulous 52-inch ceiling fan, including infinitely dimmable light and various control options via remote and app. It highlights the ease of adjusting fan speeds, light color temperature, and brightness.

## MAINTENANCE

- **Cleaning:** Dust the fan blades and motor housing regularly with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Blade Balance:** If the fan wobbles, check that all blade screws are tight. Use the included balance kit if necessary.
- **Light Source:** The integrated LED light is designed for long life and is not user-replaceable.

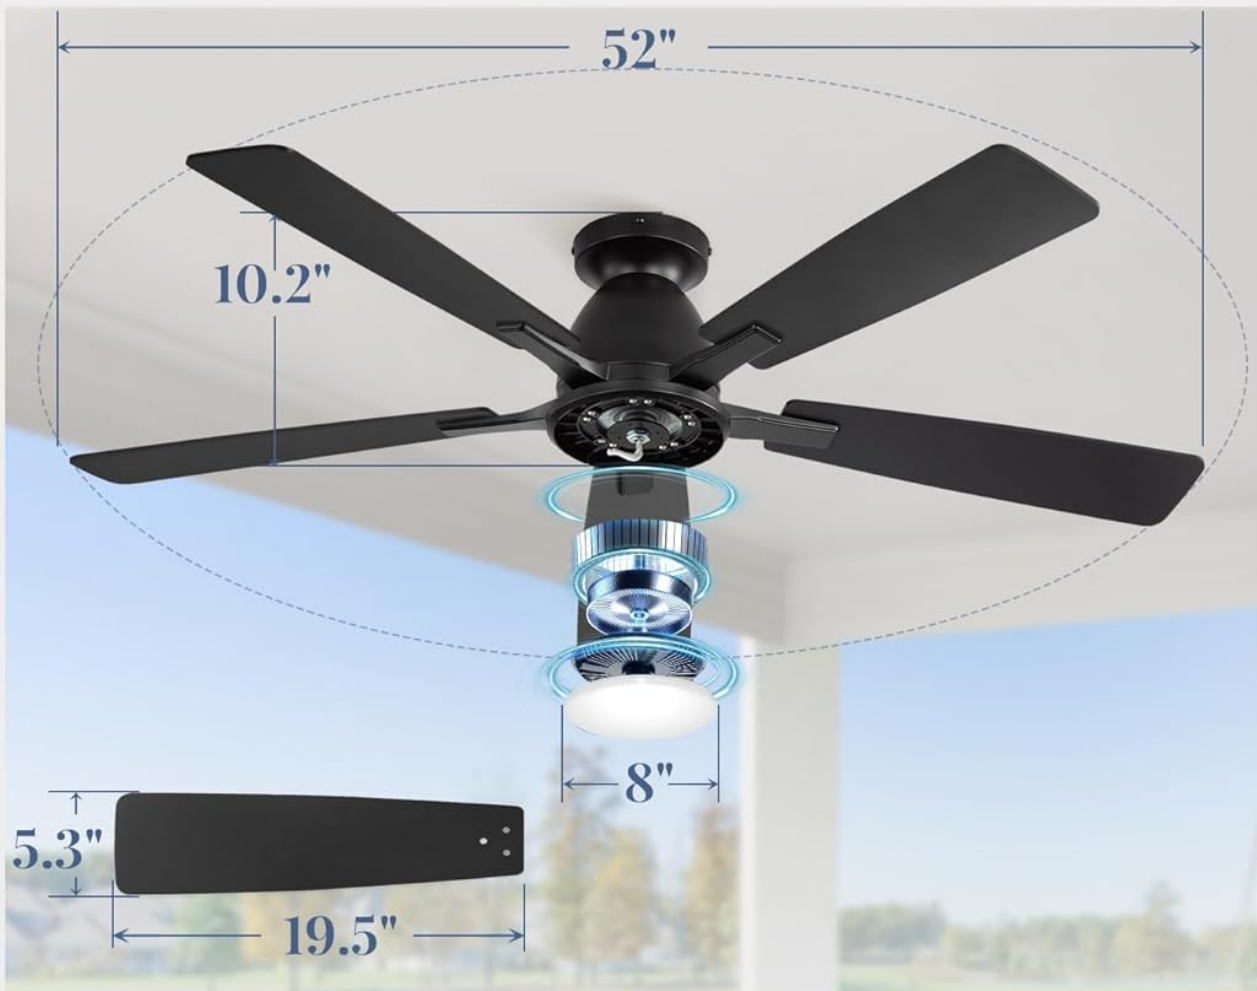

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Fan does not start	No power; loose wiring; remote not paired	Check circuit breaker; ensure all wires are securely connected; re-pair remote control with the fan.
Fan wobbles	Loose blade screws; unbalanced blades; improper mounting	Tighten all blade screws; use the blade balancing kit; ensure mounting bracket is securely installed.
Light does not work	Loose wiring; LED driver issue	Check light kit wiring connections; contact customer support if the issue persists.
Remote not responding	Dead batteries; remote not paired; interference	Replace remote batteries; re-pair remote with the fan; ensure no strong interference sources are nearby.

## SPECIFICATIONS

## 52 Inch Ceiling Fan with Light

**Motor:**  
Reversible & DC

**Light Power:**  
24W MAX

**Control Distance:**  
<15 M

**Triple Control:**  
Remote & App

**Certificate:** FCC

**Memory Function**

**Voltage:** 120V

**With Wall Switch**

Image: Detailed dimensions of the 52-inch ceiling fan, highlighting its 52-inch diameter, 10.2-inch height, 19.5-inch blade length, and 8-inch light diameter.

- **Model:** F-LY52BK-1X01
- **Size:** 52 Inch

- **Product Dimensions:** 52"D x 52"W x 10.2"H
- **Motor Type:** Brushless DC Motor
- **Number of Blades:** 5
- **Blade Length:** 19.5 Inches
- **Number of Power Levels:** 6 (Fan Speeds)
- **Light Power:** 20W (Max 24W)
- **Luminosity Range:** 216LM - 1800LM
- **Color Temperature Range:** 3000K (Warm) - 6000K (Cool)
- **Voltage:** 120 Volts
- **Noise Level:** 35 Decibels
- **Control Method:** Remote, App, Wall Switch
- **Installation Type:** Flush Mount
- **Indoor/Outdoor Usage:** Indoor
- **Certification:** FCC
- **Item Weight:** 8.8 Pounds

## WARRANTY AND SUPPORT

---

Fanbulous products are designed for quality and durability. For warranty information or technical support, please refer to the contact details provided with your purchase documentation or visit the official Fanbulous website.
