MAMAZING S66

MAMAZING Lightweight Baby Travel Stroller - Model S66

Instruction Manual

1. INTRODUCTION

Thank you for choosing the MAMAZING Lightweight Baby Travel Stroller, Model S66. This stroller is designed for convenience, portability, and safety, featuring a carbon fiber frame and a one-handed folding mechanism. Please read this manual thoroughly before assembly and use to ensure proper operation and the safety of your child. Keep this manual for future reference.

2. SAFETY INFORMATION

Your child's safety is paramount. Always follow these guidelines:

- **Child Age and Weight Limits:** This stroller is suitable for children from 6 months up to 50 lbs (maximum height of 39.4 inches). Do not exceed these limits.
- **Harness Use:** Always secure your child with the 5-point harness. Ensure straps are adjusted snugly around your child.
- **Never Leave Child Unattended:** Do not leave your child in the stroller without supervision.
- **Brake Engagement:** Always engage the single-tap brake when the stroller is stationary. Ensure the stroller is stable before placing or removing your child.
- **Avoid Overloading:** Do not place heavy items on the handle or in the storage basket beyond recommended limits,

as this can cause the stroller to tip.

- **Folding/Unfolding:** Keep children clear of moving parts when folding or unfolding the stroller to prevent injury.
- **Safety Wrist Strap:** Utilize the safety wrist strap to maintain control of the stroller, especially on inclines or uneven terrain.
- **Bumper Bar:** Ensure the bumper bar is securely attached when in use. It is not a carrying handle.
- **ASTM Certified:** This product meets ASTM safety standards.

3. PRODUCT COMPONENTS

The MAMAZING Lightweight Baby Travel Stroller (Model S66) typically includes the following components:

- Stroller Frame (Carbon Fiber)
- Canopy (UPF 50+)
- Seat Unit with 5-Point Harness

- Storage Basket
- Bumper Bar
- Wheels (EVA foam)
- Instruction Manual

4. SETUP AND ASSEMBLY

The MAMAZING S66 stroller is designed for minimal assembly. Follow these general steps:

1. **Unpack:** Carefully remove all components from the packaging.
2. **Unfold Stroller:** Place the folded stroller on a flat surface. Follow the unfolding instructions in Section 5.1.
3. **Attach Wheels:** If not pre-attached, secure the wheels to the designated axles until they click into place. Ensure they rotate freely.
4. **Attach Bumper Bar:** Insert the bumper bar into the slots on the side of the seat unit until it locks securely.
5. **Verify All Connections:** Before first use, ensure all parts are securely attached and locked into position.

5. OPERATING INSTRUCTIONS

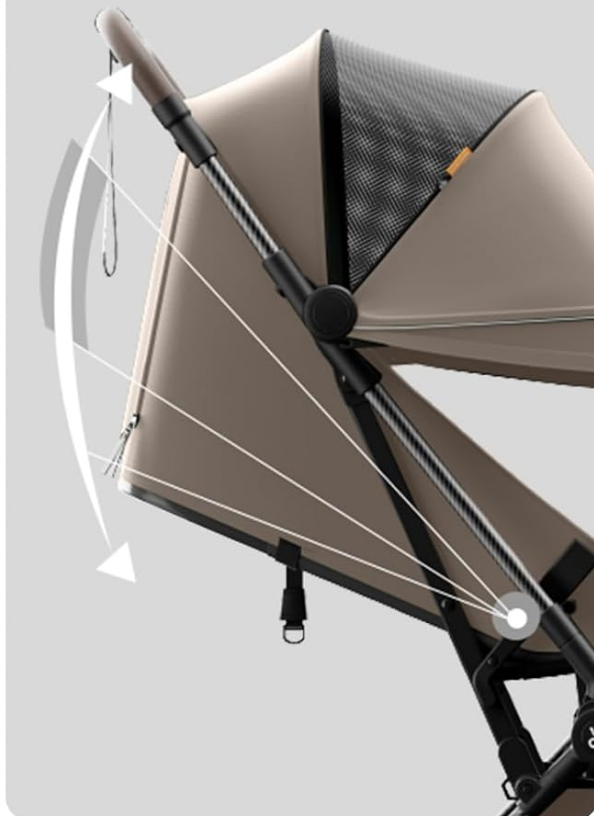

5.1. Folding and Unfolding

The stroller features a convenient one-handed folding design for quick storage and portability.

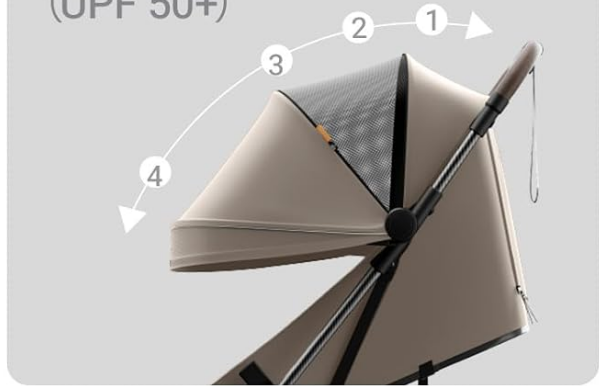

- **To Unfold:** Release the folding latch (if engaged). Hold the handle and lift upwards until the frame locks into its open position. You may hear a click.
- **To Fold:** Ensure the child is removed from the stroller. Locate the folding mechanism (usually a button or lever on the handle). Press or pull the mechanism while simultaneously pushing the handle downwards to collapse the stroller. Secure with the folding latch if available.

Keep Your Baby Comfortable

Multi-Position Recline

Extendable Canopy (UPF 50+)

Adjustable Footrest

Image 5.1: Stroller folding with one hand.

Fit for Every Trip

Easily fits in car and airplane cabinets

As small as a 21" carry-on suitcase

5.2. Adjustments for Child Comfort

The stroller offers several adjustable features to ensure your child's comfort:

- **Multi-Position Recline:** Adjust the seat recline between 110° and 145° using the lever or strap mechanism located behind the seat.
- **Extendable Canopy (UPF 50+):** Pull the canopy forward to extend it, providing UPF 50+ sun protection. Retract it as needed.
- **Adjustable Footrest:** Press the buttons on either side of the footrest to adjust its angle for your child's leg support.

Image 5.3: Stroller comfort features: multi-position recline, extendable canopy, and adjustable footrest.

6. MAINTENANCE AND CARE

Regular maintenance ensures the longevity and safe operation of your stroller.

- **Cleaning:** Wipe the frame and fabric components with a damp cloth. For more detailed cleaning of fabric parts, refer to the manufacturer's specific instructions on the care label. Do not use harsh abrasives or solvents.
- **Wheel Maintenance:** Periodically check the EVA foam wheels for debris and clear them. Ensure they rotate smoothly.
- **Lubrication:** Occasionally apply a silicone-based lubricant to moving parts (e.g., folding mechanisms, wheel axles) to maintain smooth operation.
- **Storage:** Store the stroller in a dry, cool place away from direct sunlight when not in use.
- **Inspection:** Regularly inspect all parts for wear, damage, or loose fasteners. Discontinue use if any damage is found and contact customer support.

7. TROUBLESHOOTING

If you encounter issues with your stroller, refer to the following common solutions:

- **Stroller does not fold/unfold smoothly:** Ensure all locking mechanisms are disengaged. Check for any obstructions in the folding joints. Lubricate moving parts if necessary.
- **Wheels are stiff or squeaky:** Clean any debris from the wheel axles. Apply a silicone-based lubricant to the axles.
- **Brake not engaging:** Check for obstructions around the brake mechanism. Ensure the brake pedal is fully depressed.
- **Harness difficult to buckle/unbuckle:** Ensure the buckle is clean and free of debris. Do not force the buckle.

If problems persist, contact MAMAZING customer support for assistance.
