› Philips Hue Play Smart Wall Washer (Black, 1-Pack) - Instruction Manual

## Philips Hue 590166

# Philips Hue Play Smart Wall Washer (Black, 1-Pack)

## INSTRUCTION MANUAL

Model: 590166 | Brand: Philips Hue

### Introduction

The Philips Hue Play Smart Wall Washer is designed to enhance your home lighting experience with its wide illumination area and compact design. Featuring ColorCast technology and a sleek aluminum finish, this smart light provides vibrant, customizable color accents for any space, particularly for home entertainment setups. It integrates seamlessly with the Philips Hue ecosystem, offering versatile control options.

## Safety Information

- Ensure the product is installed and used in accordance with local electrical codes and regulations.
- Do not expose the device to water or moisture. This product is intended for indoor use only.
- Avoid looking directly into the light source when it is active, as it may cause eye strain.
- Keep out of reach of children.
- Use only with the provided power supply.

## What's in the Box

- 1 x Philips Hue Play Smart Wall Washer (Black)
- 1 x Power Supply Unit
- Mounting accessories (for tabletop or vertical placement)

## Setup

1. **Placement:** Position the Philips Hue Play Smart Wall Washer on a tabletop or mount it vertically using the included accessories. For optimal wall-washing effects, place it at a suitable distance from the wall.
2. **Power Connection:** Connect the wall washer to the provided power supply unit. The power supply can support up to three Hue Play lights.
3. **Download the Philips Hue App:** Download the Philips Hue app from the App Store (for Apple devices) or Google Play Store (for Android devices).
4. **Connect to Hue Bridge (Recommended for Full Features):** For the full smart lighting experience, including multi-room control, timers, automations, and entertainment syncing, connect your wall washer to a Philips Hue Bridge (sold separately). Follow the in-app instructions to add your device.
5. **Bluetooth Connection (Basic Control):** If you do not have a Hue Bridge, you can connect the wall washer directly via Bluetooth using the Philips Hue app for basic control within a single room.

## Operating Instructions

- **App Control:** Use the Philips Hue app to turn the light on/off, change colors, adjust brightness (ultra-low dimming to 1035 lm output), and select pre-set scenes.
- **ColorCast Technology:** Experience vibrant colors and ultra-smooth gradients projected by the unique ColorCast technology, providing a wider light effect that covers three times more surface area than

other wall washers.

- **Voice Control:** Integrate with voice assistants like Amazon Alexa, Apple Home, and Google Assistant for hands-free control of your lighting.
- **Entertainment Sync:** With a Hue Bridge and the Hue Sync Box (sold separately), synchronize your lights with movies, video games, and music for an immersive experience.

## Maintenance

- **Cleaning:** Gently wipe the surface of the wall washer with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Storage:** Store the device in a cool, dry place when not in use for extended periods.

## Troubleshooting

- **Light not turning on:** Check if the power supply is securely connected and plugged into a working outlet. Ensure the light is enabled in the Philips Hue app.
- **Connectivity issues:** For Bluetooth, ensure your device is within range. For Wi-Fi (via Hue Bridge), check your Bridge's connection to your router and ensure it's powered on. Restarting the app or the Bridge may resolve minor issues.
- **Inconsistent colors/brightness:** Ensure the firmware of your wall washer and Hue Bridge (if applicable) is up to date via the Philips Hue app.
