## Vente-unique BENEDICTE

# Vente-unique BENEDICTE Bed 160 x 200 cm - Beige Fabric Instruction Manual

Model: BENEDICTE | Size: 160 x 200 cm | Color: Beige

## 1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- **Adult Assembly Required:** This product requires assembly by adults.
- **Weight Limit:** The maximum supported weight for this bed is 300 kg. Do not exceed this limit.
- **Proper Tools:** Ensure you have all necessary tools before beginning assembly.
- **Secure Fasteners:** Periodically check and tighten all bolts and screws to ensure stability.
- **Placement:** Place the bed on a level surface. Avoid placing near heat sources or in direct sunlight to prevent material degradation.
- **Children Safety:** Keep small parts away from children during assembly.

## 2. COMPONENTS LIST

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

*Image: Detailed view of the wooden slats and their plastic holders, forming the bed's support system.*

## Package Contents:

- Headboard (1 unit)
- Side Rails (2 units)
- Footboard (1 unit)
- Wooden Slats (28 units)
- Center Support Beam(s) (Quantity may vary)
- Bed Legs (4 units)
- Assembly Hardware (screws, bolts, washers, Allen key)

*Note: Mattress is not included.*

## 3. SETUP AND ASSEMBLY INSTRUCTIONS

---

Follow these steps carefully to assemble your BENEDICTE bed frame. It is recommended to assemble the bed with two people.

1. **Unpack and Inspect:** Carefully unpack all components and lay them out on a clean, soft surface (e.g., a rug or blanket) to prevent scratches. Compare with the components list to ensure everything is present.
2. **Attach Legs:** Secure the four bed legs to the footboard and side rails using the provided hardware. Ensure they are tightened firmly.
3. **Assemble Headboard and Footboard:** Connect the side rails to the headboard and footboard using the designated bolts and nuts. Do not fully tighten all fasteners until the entire frame is assembled.
4. **Install Center Support:** If your bed includes a center support beam, install it now, attaching it to the headboard and footboard or designated cross-supports.
5. **Place Slats:** Insert the wooden slats into their designated holders on the side rails and center support. Ensure each slat is securely seated.
6. **Final Tightening:** Once all components are in place and aligned, fully tighten all bolts and screws. Do not overtighten.
7. **Position Bed:** Carefully move the assembled bed frame to its desired location.

## 4. OPERATING INSTRUCTIONS

---

The BENEDICTE bed is designed for comfortable and stable sleep. To ensure optimal performance and longevity:

- **Mattress Compatibility:** This bed is compatible with all 160 x 200 cm mattresses. Ensure your mattress fits properly within the frame.
- **Even Weight Distribution:** Avoid concentrating heavy loads on a single point of the bed. Distribute weight evenly across the mattress and slatted base.
- **Movement:** When moving the bed, lift it rather than dragging it to prevent damage to the legs and frame.

## 5. MAINTENANCE AND CARE

---

Regular maintenance will help preserve the appearance and structural integrity of your bed.

- **Fabric Care:** For general cleaning, gently vacuum the fabric upholstery with a soft brush attachment to remove dust and debris. For spills, blot immediately with a clean, dry cloth. Do not rub. For stubborn stains, consult a professional upholstery cleaner. Avoid using harsh chemicals or abrasive cleaners.
- **Wood Care:** Wipe wooden legs with a soft, damp cloth. Dry immediately with a clean cloth. Avoid using silicone-based polishes or waxes.
- **Structural Check:** Periodically (every 3-6 months) inspect all bolts and screws and tighten them if necessary.

*Image: A close-up view of the beige polyester fabric, highlighting its texture and weave.*

## 6. TROUBLESHOOTING

---

Here are solutions to common issues you might encounter:

- **Squeaking Noises:** Squeaking often indicates loose connections. Check and tighten all bolts and screws on the frame and legs. Ensure slats are properly seated.
- **Bed Feels Unstable:** Verify that all legs are firmly attached and that the bed is on a level surface. Re-tighten all assembly hardware.
- **Slats Falling Out:** Ensure the slats are correctly inserted into their plastic holders and that the center support beam (if applicable) is securely in place.

## 7. SPECIFICATIONS

---

Feature	Detail
Model	BENEDICTE
Color	Beige
Material (Upholstery)	100% Polyester Fabric
Material (Frame Structure)	Plywood
Material (Legs)	Pine Wood
