### SETUP AND ASSEMBLY

The Garvee 5-Drawer Dresser requires assembly. Please follow the included instructions carefully. It is recommended to assemble the dresser on a soft, clean surface to prevent scratches.

#### Before You Begin:

- Verify all parts and hardware are present according to the packing list.
- Ensure you have the necessary tools (usually a screwdriver and hammer, as specified in the assembly guide).
- Clear a spacious area for assembly.

#### Assembly Steps:

1. Begin by attaching the side panels to the base, ensuring proper alignment.
2. Install the drawer slides onto the interior of the dresser frame. Pay attention to left and right designations.
3. Assemble each drawer individually, attaching the front, back, and side panels, then inserting the bottom panel.
4. Attach the metal handles to the drawer fronts.
5. Carefully insert the assembled drawers into the dresser frame, ensuring they slide smoothly.
6. Attach the anti-tip hardware to the back of the dresser and secure it to a wall stud using the provided screws. This step is crucial for safety.

*Note: Detailed step-by-step diagrams are provided in the physical assembly manual included with your product.*

## OPERATION

---

Operating the Garvee 5-Drawer Dresser is straightforward. Its primary function is storage for various household items.

### Using the Drawers:

- **Opening:** Gently pull the metal handle on each drawer to open. The smooth metal slides ensure easy and quiet operation.
- **Closing:** Push the drawer firmly until it is fully closed and flush with the dresser frame.
- **Loading:** Distribute weight evenly within each drawer. Avoid overloading drawers beyond the recommended 25 lbs capacity to prevent damage to the slides or drawer structure.

## MAINTENANCE

Proper maintenance will extend the life and appearance of your Garvee dresser.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals, abrasive cleaners, or excessive moisture, which can damage the finish. Dry immediately with a clean cloth.
- **Dusting:** Regularly dust with a soft, dry cloth to prevent buildup.
- **Drawer Slides:** If drawers become stiff, a small amount of silicone-based lubricant can be applied to the metal slides. Do not use oil-based lubricants.
- **Hardware:** Periodically check all screws and fasteners to ensure they are tight. Retighten as necessary to maintain structural integrity.
- **Sunlight Exposure:** Avoid prolonged direct sunlight exposure, which can cause fading or discoloration of the wood finish.
