LEFFOT M1 Plus

LEFFOT M1 Plus 4K Ultra HD Streaming Device User Manual

MODEL: M1 PLUS | BRAND: LEFFOT

Introduction

This manual provides detailed instructions for the setup, operation, and maintenance of your LEFFOT M1 Plus 4K Ultra HD Streaming Device. Please read this manual thoroughly before use to ensure optimal performance and longevity of your device.

The LEFFOT M1 Plus is a high-performance streaming device designed to deliver an immersive entertainment experience with 4K Ultra HD resolution, powered by Android 14. It features robust connectivity options and intelligent voice control for seamless interaction.

What's in the Box

Packing List

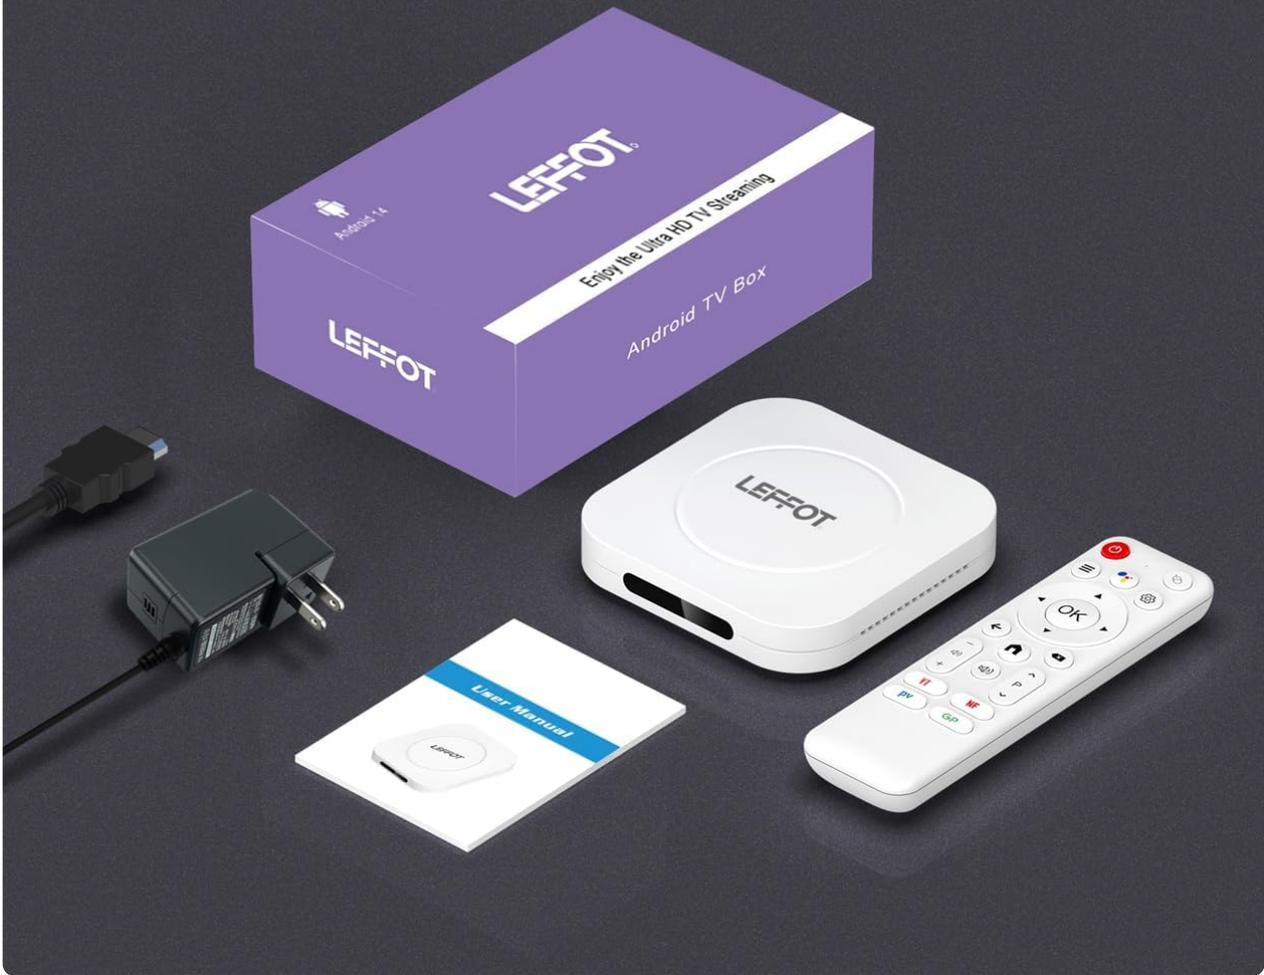

Image: Contents of the LEFFOT M1 Plus package. This includes the streaming device, remote control, HD cable, power adapter, and user manual.

- LEFFOT M1 Plus Streaming Device (x1)
- Voice Remote Control (x1)
- HD Cable (x1)
- Power Adapter (x1)
- User Manual (x1)

Setup Guide

1. **Connect to TV:** Insert one end of the provided HD cable into the HDMI port on the LEFFOT M1 Plus device and the other end into an available HDMI port on your television.

Image: Step-by-step visual guide for connecting the TV Box to your television's HDMI port, connecting to the internet, and starting to stream content.

2. **Power On:** Connect the power adapter to the DC port on the device and then plug the adapter into a power outlet. The device will automatically power on.
3. **Remote Control Pairing:** Insert two AAA batteries (not included) into the voice remote. Follow the on-screen instructions to pair the remote via Bluetooth. This typically involves holding down specific buttons on the remote near the device until a pairing confirmation appears.
4. **Network Connection:** On the initial setup screen, select your preferred language and connect to your Wi-Fi network. The device supports dual-band WiFi 6 (802.11ax) for fast and stable connections. Alternatively, you can connect via an Ethernet cable to the LAN port.
5. **Google Account Setup:** Sign in with your Google account to access the Google Play Store and other Google services.

Operating Instructions

Navigation

Use the directional pad and 'OK' button on the voice remote to navigate the Android TV interface. The home screen provides quick access to your favorite apps, recommended content, and system settings.

Voice Control (Google Assistant)

Bluetooth Voice Remote

Built-in Google assistant

Experience natural interaction with voice remote
Voice commands, unlock effortless smart living

Image: The LEFFOT M1 Plus remote control, highlighting the Google Assistant button for voice commands.

The device features built-in Google Assistant integration via the BT 5.4 voice remote. Press the Google Assistant button on the remote and speak your commands to search for content, adjust volume, open apps, or check information hands-free.

Screen Mirroring

Effortlessly share content from your mobile devices (smartphones, tablets) to your TV using Airplay, DLNA, or WiFidisplay functions. This is ideal for sharing photos, videos, or playing mobile games on the big screen.

Media Playback

Access thousands of apps from the Google Play Store, including popular streaming services like Netflix, Prime Video, YouTube, Hulu, and Disney+. The device supports 8K@23fps decoding and 4K@60fps HDR10 output for a high-quality viewing experience.

Key Features

- **Ultimate 4K Ultra HD Resolution:** Experience stunning clarity with 8K@23fps decoding and 4K@60fps HDR10 output, delivering cinema-quality picture with vibrant colors and crisp details.

2.4G & 5G Dual-band WiFi 6

Enable faster transmission speeds, greater capacity and reduce network congestion. Enjoy buttery-smooth 4K playback

Image: Visual representation of the device's advanced connectivity features, including 2.4G & 5G Dual-band WiFi 6 and 100M Ethernet for stable streaming.

- **Android 14 Entertainment Hub:** Runs the latest Android 14 OS, providing access to over 5,000 apps from the Google Play Store for endless entertainment options.
- **Massive 128GB Storage Capacity:** Store hundreds of apps, games, and offline media. Additional storage expansion is available via USB ports.
- **Complete Connectivity Suite:** Includes BT 5.4, USB 2.0 (x2), HD 2.0b, Ethernet, DC, and AV ports for connecting various external devices like soundbars, game controllers, and external storage.

Dimension & Interface

Connecting external devices & expanding functionality

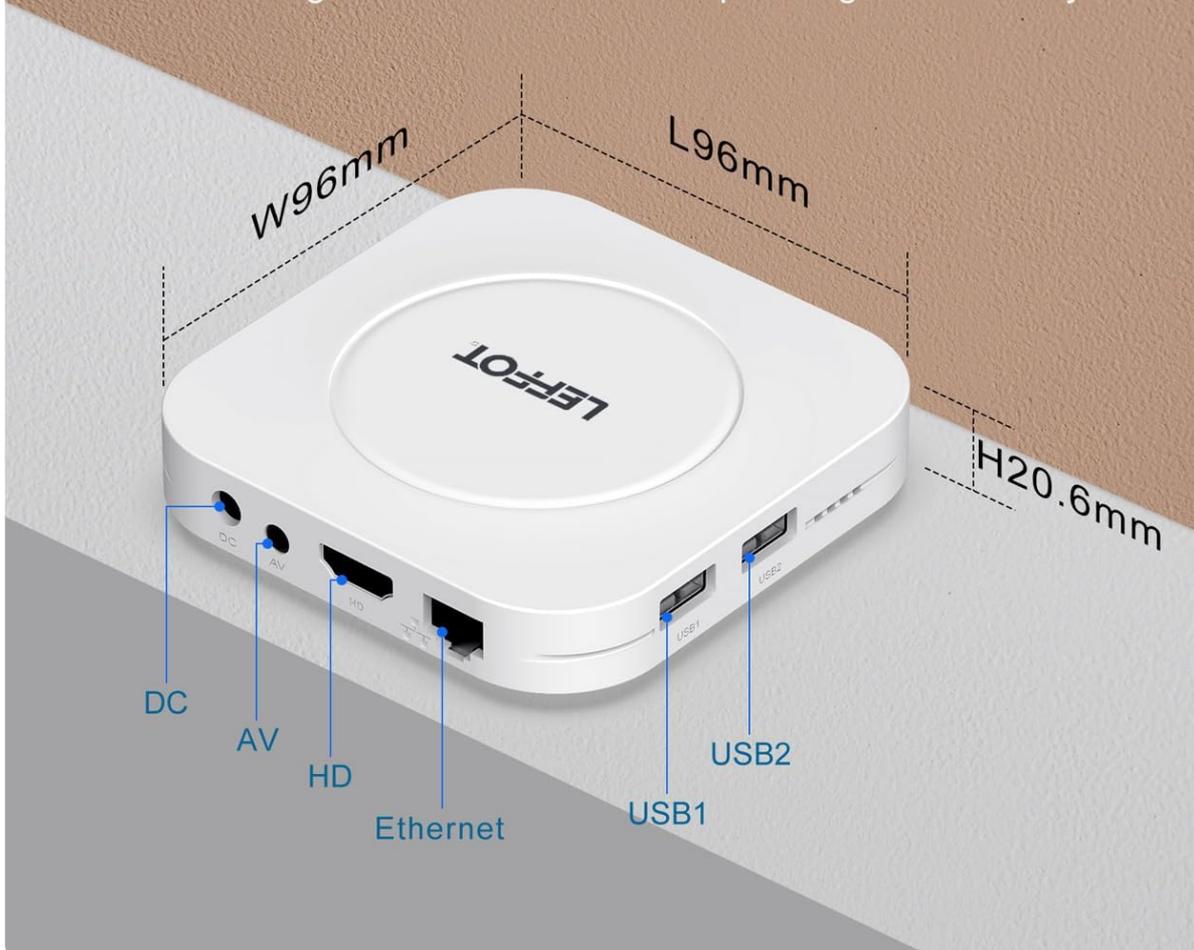

Image: An illustration detailing the dimensions and various interface ports of the LEFFOT M1 Plus, including DC, AV, HD, Ethernet, USB1, and USB2.

Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the device. Avoid liquid cleaners or abrasive materials.
- **Software Updates:** Ensure your device's software is up-to-date by checking for system updates periodically in the settings menu. This ensures optimal performance and security.
- **Storage Management:** Regularly clear cached data and uninstall unused apps to free up storage space and maintain device speed.

Troubleshooting

- **No Power:** Ensure the power adapter is securely connected to both the device and a working power

outlet. Try a different outlet if necessary.

- **No Picture on TV:** Verify the HD cable connections. Ensure your TV input is set to the correct HDMI port. Try a different HD cable if the issue persists.
- **Remote Not Responding:** Check the batteries in the remote control. Re-pair the remote by following the instructions in the Setup Guide.
- **Wi-Fi Connectivity Issues:** Ensure your Wi-Fi router is on and functioning correctly. Re-enter your Wi-Fi password in the device settings. Try moving the device closer to the router or connecting via Ethernet.
- **App Freezing/Crashing:** Close and restart the app. Clear the app's cache or data in the device settings (Settings > Apps > [App Name] > Storage). If the issue continues, uninstall and reinstall the app.

Specifications
