4. SETUP

4.1 Charging the Smart Watch

1. Connect the magnetic charging cable to the charging pins on the back of the watch.
2. Plug the USB end of the cable into a standard USB power adapter (not included) or a computer's USB port.
3. The watch display will indicate charging status. A full charge takes approximately 150 minutes.

Note: Ensure the charging pins are clean and dry before charging to prevent corrosion.

4.2 Pairing with Your Smartphone

To unlock all features, pair your GOBOULT Crown Smart Watch with the companion app on your smartphone.

1. Download the official GOBOULT companion app from your smartphone's app store (compatible with iOS and Android devices).
2. Ensure Bluetooth is enabled on your smartphone.
3. Open the GOBOULT app and follow the on-screen instructions to create an account or log in.
4. Select 'Add Device' or 'Pair New Device' within the app.
5. The app will search for available devices. Select 'GOBOULT Crown' from the list.
6. Confirm the pairing request on both your watch and smartphone.

Once paired, the watch will synchronize data with your phone, and you can customize settings through the app.

5. OPERATING INSTRUCTIONS

7. TROUBLESHOOTING

If you encounter issues with your GOBOULT Crown Smart Watch, refer to the following common solutions:

Problem	Possible Solution
Watch does not turn on	Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
Cannot pair with smartphone	Ensure Bluetooth is enabled on your phone. Restart both the watch and phone. Make sure the watch is within Bluetooth range. Check the app for pairing instructions.

Problem	Possible Solution
Inaccurate health data	Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor area on the back of the watch.
Bluetooth calling issues	Verify the watch is connected for both data and call audio in your phone's Bluetooth settings. Ensure microphone and speaker are not obstructed.
Screen not responding	Restart the watch. If the issue persists, ensure the screen is clean and dry.
Short battery life	Reduce screen brightness, disable unnecessary notifications, and limit continuous heart rate monitoring if not needed.

If the problem persists after trying these solutions, please contact customer support.
