## FUFU&GAGA KF520041

# FUFU&GAGA Collection Shelf KF520041 Instruction Manual

Model: KF520041

## 1. INTRODUCTION

---

Thank you for purchasing the FUFU&GAGA Collection Shelf, Model KF520041. This display cabinet is designed to showcase your collectibles and provide elegant storage with its LED lighting, adjustable shelves, and stylish wood grain finish. This manual provides essential information for the safe assembly, operation, and maintenance of your new furniture.

## 2. SAFETY INFORMATION

---

Please read all safety instructions carefully before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Two-Person Assembly:** This product requires two people for safe and efficient assembly. Attempting to assemble alone may lead to difficulties or damage.
- **Secure Placement:** Ensure the cabinet is placed on a flat, stable surface. Use the provided anti-tip hardware to secure the unit to a wall, preventing accidental tipping.
- **Weight Limits:** Do not exceed the maximum weight capacity for each shelf. Distribute weight evenly to maintain stability.
- **Electrical Safety:** When connecting the LED lighting, ensure the power source is appropriate and follow all electrical safety guidelines. Keep cords away from water and heat sources.
- **Glass Handling:** Exercise caution when handling glass components to prevent breakage and injury.
- **Children and Pets:** Keep small parts and packaging materials away from children and pets during assembly. Do not allow children to climb on or play with the cabinet.

### 3. PACKAGE CONTENTS

---

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Product Body (various wooden panels and glass components)
- Installation Kit (screws, cam locks, dowels, shelf pins, anti-tip hardware)
- LED Lighting Kit
- User Manual (this document)

### 4. SETUP AND ASSEMBLY

---

Assembly of the FUFU&GAGA Collection Shelf requires careful attention to detail. We recommend having a second person assist with the assembly process to ensure stability and prevent damage.

#### 4.1 Preparation

- Clear a spacious, clean, and well-lit area for assembly.
- Lay out all parts and hardware. Compare them against the parts list in your included manual to ensure everything is present.
- Have a Phillips head screwdriver and a hammer (for dowels) ready.

#### 4.2 Assembly Steps

1. Begin by attaching the cam lock screws to the designated panels. Ensure they are inserted correctly and fully tightened.
2. Connect the main side panels to the base and top panels using the cam locks and dowels. Pay close attention to the orientation of each panel as indicated in the detailed assembly diagrams in your physical manual. Incorrect orientation can lead to misalignment.
3. Install the back panel. This step is crucial for structural integrity.
4. Insert the shelf pins into the desired holes for the movable shelves. The shelves are adjustable, allowing you to customize storage space.
5. Carefully place the glass shelves onto the shelf pins.
6. Install the LED lighting strip along the interior of the cabinet. Connect the power supply as per the instructions provided with the LED kit.
7. Attach the glass doors. Ensure hinges are properly aligned and tightened for smooth operation.
8. Finally, install the anti-shake (anti-tip) hardware to the back of the cabinet and secure it to a wall stud. This greatly enhances stability.

**Note:** Some users have reported that the assembly instructions can be challenging to follow. It is highly recommended to carefully review all diagrams and instructions before and during each step. Ensure cam lock screws engage properly to avoid instability.

## 5. OPERATING INSTRUCTIONS

---

### 5.1 LED Lighting

The FUFU&GAGA Collection Shelf features integrated LED lighting to illuminate your displayed items. To operate the LED lights, connect the power adapter to a suitable electrical outlet. The LED lights are typically controlled by an inline switch on the power cord or a touch sensor on the cabinet itself (refer to your specific LED kit instructions).

## 5.2 Adjustable Shelves

The cabinet includes movable glass shelves. To adjust the shelf height:

1. Remove all items from the shelf you wish to adjust.
2. Carefully lift the glass shelf off its pins.
3. Relocate the shelf pins to the desired holes on the side panels. Ensure all four pins are at the same height.
4. Gently place the glass shelf back onto the pins, ensuring it is level and secure.

## 5.3 Glass Doors

The central section features clear glass doors to protect your items from dust. Open and close the doors gently using the handles. Avoid slamming the doors to prevent damage to the hinges and glass.

## 6. MAINTENANCE

Proper care will ensure the longevity and appearance of your FUFU&GAGA Collection Shelf.

- **Cleaning Wood Surfaces:** Wipe wood surfaces with a soft, damp cloth. Avoid abrasive cleaners or

harsh chemicals that can damage the finish. Dry immediately with a clean cloth.

- **Cleaning Glass Surfaces:** Use a glass cleaner and a lint-free cloth for glass doors and shelves. Spray cleaner onto the cloth, not directly onto the glass, to prevent overspray onto wood.
- **Dusting:** Regularly dust the cabinet to maintain its appearance. The glass doors help protect items inside from dust accumulation.
- **Robot Vacuum Compatibility:** The cabinet's 5.9-inch (15 cm) high feet allow most robot vacuums to clean underneath, simplifying floor maintenance.
- **Hardware Check:** Periodically check all screws and fittings to ensure they remain tight. Retighten as necessary to maintain structural integrity.

Image 6.1: The high feet design facilitates easy cleaning underneath the cabinet.

## 7. TROUBLESHOOTING

If you encounter issues during assembly or use, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Cabinet is wobbly or unstable.	Loose connections; uneven floor; anti-tip hardware not installed.	Ensure all cam locks and screws are fully tightened. Place on a level surface. Install and secure the anti-tip hardware to a wall stud.
Cam lock screws do not engage properly.	Incorrect panel orientation; screw not fully inserted; defective cam lock.	Double-check panel orientation against diagrams. Ensure cam lock screws are fully seated before turning the cam lock. If issues persist, contact support for replacement parts.
LED lights are not working.	Power adapter not connected; faulty switch; loose connection.	Verify the power adapter is securely plugged into both the LED strip and the wall outlet. Check the inline switch (if present) is in the 'on' position. Inspect connections for looseness.
Scratches or minor damage on panels.	During shipping or assembly.	For minor scratches, wood repair markers or furniture polish may help. For significant damage, contact customer support.
Glass door does not close smoothly.	Misaligned hinges; loose hinge screws.	Adjust hinge screws to realign the door. Ensure all hinge screws are tight.

## 8. SPECIFICATIONS

Feature	Detail
Brand	FUFU&GAGA
Model Number	KF520041
Product Dimensions (D x W x H)	38.2 x 80 x 115 cm (15 x 31.5 x 45.3 inches)
Item Weight	38 kg (83.8 lbs)
Material Type	Wood
Special Features	LED Lighted, Adjustable Shelves
Mounting Type	Floor Mount
Number of Doors	1 (Glass)
Color	Brown

## 9. WARRANTY AND SUPPORT

For warranty information or technical support, please refer to the documentation included with your purchase or contact the retailer where the product was acquired. Keep your proof of purchase for any warranty claims.

If you have questions or require assistance with assembly or parts, please contact FUFU&GAGA customer service through their official website or the contact information provided in your purchase documentation.
