## GOBOULT Crown Smart Watch

# GOBOULT Crown Smart Watch User Manual

Model: Crown Smart Watch

## INTRODUCTION

---

Thank you for choosing the GOBOULT Crown Smart Watch. This manual provides essential information for the proper setup, operation, and maintenance of your device. Please read it thoroughly to ensure optimal performance and longevity of your smartwatch.

## WHAT'S IN THE BOX

Upon unboxing, please verify that all the following items are included:

- GOBOULT Crown Smart Watch
- Charging Cable
- User Manual
- Warranty Card

## GETTING STARTED

### 1. Charging the Smart Watch

Before initial use, fully charge your GOBOULT Crown Smart Watch. Connect the provided charging cable to the charging port on the back of the watch and to a standard USB power adapter. The watch display will indicate charging status.

### 2. Powering On/Off

To power on, press and hold the side button until the GOBOULT logo appears. To power off, navigate to the settings menu on the watch, select 'Power Off', and confirm.

### 3. Pairing with Your Smartphone

1. Download the official GOBOULT companion app from your smartphone's app store (available for Android and iOS).
2. Ensure Bluetooth is enabled on your smartphone.
3. Open the GOBOULT app and follow the on-screen instructions to search for and pair with your Crown Smart Watch.
4. Confirm the pairing request on both your phone and the watch.

## OPERATING INSTRUCTIONS

### Display and Navigation

Image: Close-up of the smartwatch display, highlighting its 1.95-inch size and 900 Nits brightness for clear visibility.

- **1.95" HD Display:** The large, high-definition screen provides clear visuals and responsive touch interaction.
- **900 Nits Brightness:** Ensures excellent visibility even in bright outdoor conditions.

- **Working Rotating Crown:** Use the functional rotating crown on the side of the watch to scroll through menus, zoom in/out, and switch watch faces.

*Image: An exploded view illustrating the internal mechanism of the working rotating crown, used for navigation and control.*

## Bluetooth Calling

Image: The smartwatch screen showing an incoming call, alongside diagrams explaining Bluetooth 5.2 calling features like call answer/reject, dial pad, and contact sync.

The GOBOULT Crown Smart Watch supports Bluetooth Calling 5.2, allowing you to make and receive calls directly from your wrist. It features a built-in speaker and microphone for clear communication.

- **Answering/Rejecting Calls:** Tap the green icon to answer or the red icon to reject an incoming call.
- **Dial Pad:** Access the dial pad on the watch to make outgoing calls.
- **Sync Contacts:** Sync your phone's contacts to the watch via the companion app.

## Health Monitoring

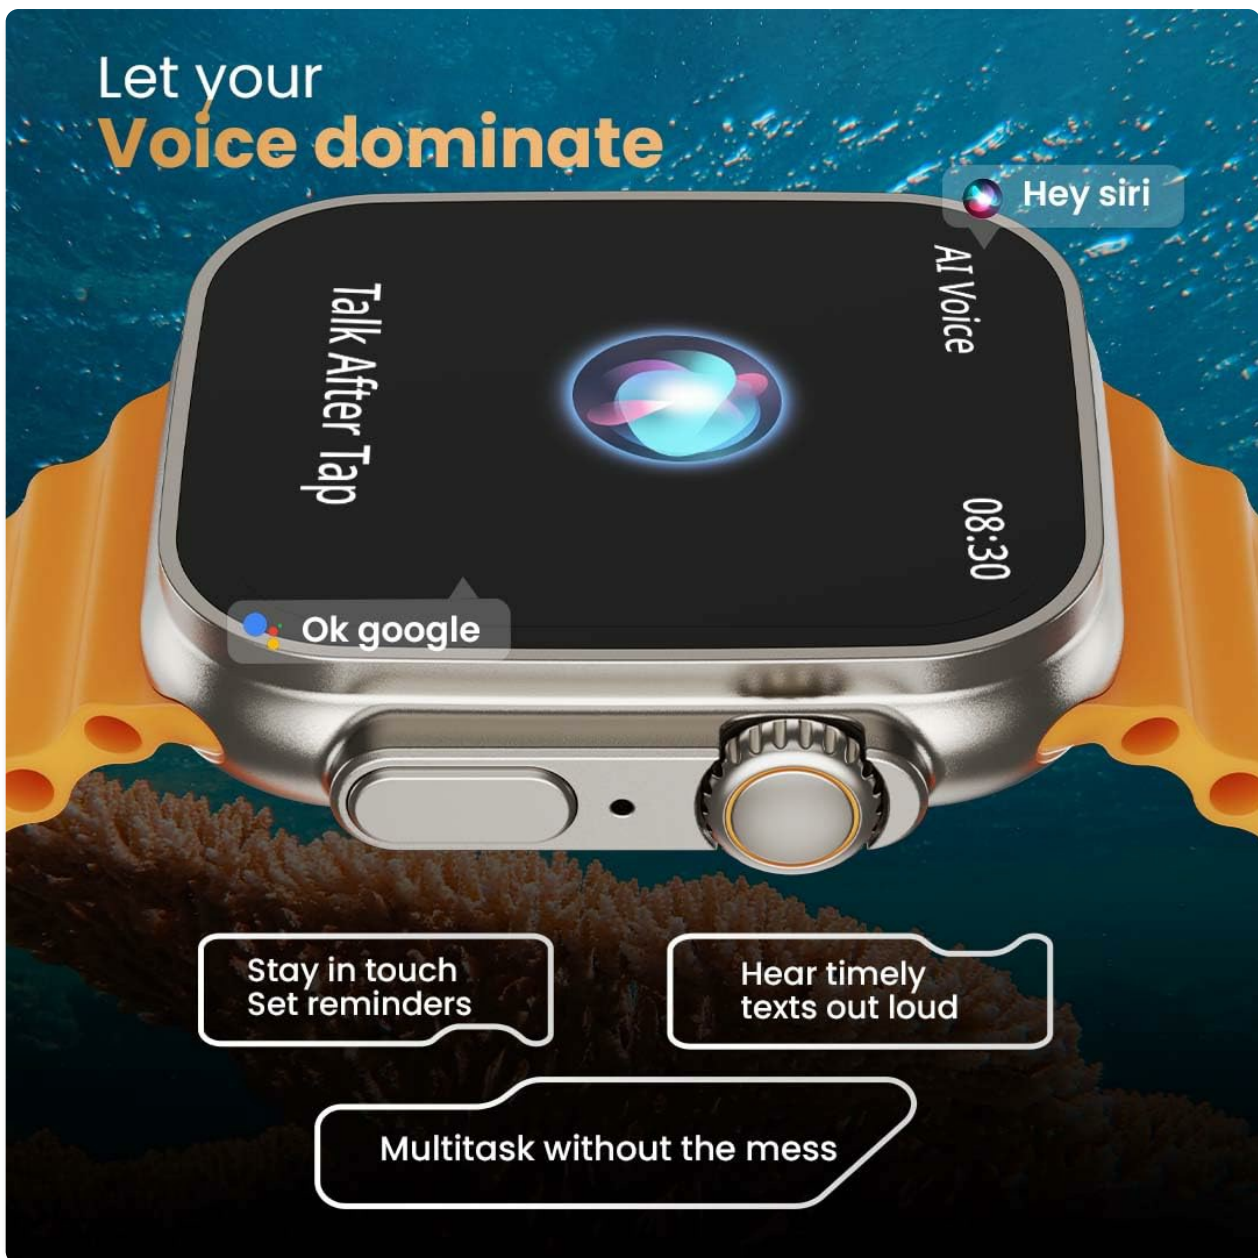

Image: The rear of the smartwatch showing its health sensors, accompanied by a list of health metrics it tracks, including heart rate, SpO2, and sleep.

The watch is equipped with an advanced health suite to help you monitor your well-being:

- **24/7 Heart Rate Monitor:** Continuously tracks your heart rate throughout the day.
- **SpO2 Blood Oxygen Saturation Monitor:** Measures your blood oxygen levels.
- **Sleep Monitoring:** Analyzes your sleep patterns and quality.
- **Activity Tracker:** Records steps, distance, and calories burned.
- **Female Menstrual Cycle Tracking:** Provides insights and predictions for menstrual cycles.
- **Breath Training:** Guided breathing exercises for relaxation.

## Sports Modes

Train like a king

Dedicated button  
for sports mode

*Image: The smartwatch screen showing a 'Running' sports mode with real-time metrics like duration, total steps, calories, and heart rate. A dedicated button for sports mode is also visible.*

With over 120 sports modes, the GOBOULT Crown Smart Watch can track a wide range of physical activities. Select your desired sport from the watch menu to record real-time metrics, performance insights, and track your progress.

## Customization

Image: A collage showcasing various watch faces, including custom and animated options, along with different UI styles available for personalization on the smartwatch.

Personalize your smartwatch experience:

- **100+ Cloud-Based Watch Faces:** Choose from a wide selection of watch faces available through the companion app.
- **Customization Options:** Customize your screen with widgets, backgrounds, and layouts to match your style.
- **8 UI Styles:** Select from different user interface styles for menu navigation.

### Additional Functions

- **AI Voice Assistant:** Interact with your watch using voice commands (e.g., "Hey Siri" or "Ok Google") for tasks like setting reminders or hearing texts aloud.

Image: The smartwatch screen showing the AI Voice Assistant interface, indicating support for voice commands like "Hey Siri" and "Ok Google".

- **Find My Phone:** If your paired phone is misplaced, use this feature on your watch to make it ring/vibrate.

# Find my Phone

On the quest for victory

## MAINTENANCE

### Cleaning

Regularly clean your smartwatch and strap to prevent skin irritation and maintain device hygiene. Use a soft, lint-free cloth. If necessary, slightly dampen the cloth with water. Avoid harsh chemicals or abrasive materials.

### Water Resistance

The GOBOULT Crown Smart Watch is IP67 water resistant. This means it is protected against dust and can withstand immersion in water up to 1 meter for up to 30 minutes. It is suitable for daily use and light splashes but not recommended for swimming, showering, or diving.

### Strap Care

### Metal Keeper

Keeps the loose strap  
in place

### Zinc alloy metallic frame

Endure the extreme

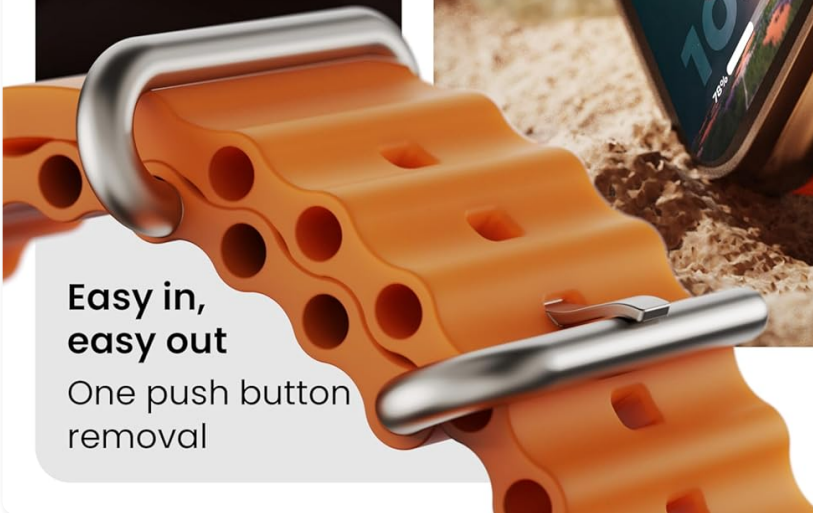

### Universal adjustability

Fits seamlessly

### Easy in, easy out

One push button  
removal

*Image: Detailed view of the smartwatch strap, highlighting features such as the metal keeper for securing the loose end, universal adjustability for a seamless fit, and a push-button mechanism for easy removal.*

The skin-friendly silicone strap is designed for comfort. Ensure it is not too tight or too loose for accurate health tracking. Clean the strap regularly, especially after workouts, to remove sweat and dirt.

## TROUBLESHOOTING

### Watch Not Turning On

- Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- Press and hold the side button for 10-15 seconds to attempt a forced restart.

### Pairing Issues

- Make sure Bluetooth is enabled on your phone and the watch.
- Ensure the watch is within the Bluetooth range (approximately 10 meters).
- Restart both your phone and the watch.
- Clear the Bluetooth cache on your phone or forget the device and try pairing again.

### Inaccurate Health Data

- Ensure the watch is worn snugly on your wrist, but not too tight.
- Clean the sensors on the back of the watch.
- Avoid excessive movement during measurements for better accuracy.

### Notifications Not Appearing

- Check if the watch is properly connected to your phone via Bluetooth.
- Verify notification permissions for the GOBOULT app in your phone's settings.
- Ensure 'Do Not Disturb' mode is not active on either your phone or watch.
