2. SETUP GUIDE

2.1. Unboxing and Initial Inspection

Upon opening the package, verify that all components are present and undamaged:

- OPPO Reno14 5G Smartphone
- Phone Case
- Power Adapter
- USB Cable
- SIM Tray Ejector

2.2. SIM Card Installation

1. Locate the SIM card tray on the side of the device.
2. Insert the SIM tray ejector tool into the small hole next to the tray and press gently until the tray pops out.
3. Place your Nano-SIM card(s) into the designated slots on the tray. Ensure the gold contacts face

downwards.

4. Carefully reinsert the SIM tray into the phone until it clicks into place.

2.3. Initial Power On and Charging

Press and hold the power button until the OPPO logo appears. Follow the on-screen instructions to complete the initial setup, including language selection, Wi-Fi connection, and Google account setup. For optimal performance, fully charge the device before first use using the provided power adapter and USB cable.

3. OPERATING YOUR DEVICE

3.1. Basic Navigation

The OPPO Reno14 5G features an intuitive Android 15 operating system with a touchscreen interface. Use gestures such as tapping, swiping, pinching, and spreading to navigate through menus, open applications, and interact with content.

3.2. Camera Features

The device is equipped with an advanced camera system designed for versatile photography.

- **Main Camera:** 50MP IMX882 sensor for high-resolution images.
- **Ultra Wide Camera:** 8MP for capturing broader scenes.
- **Telephoto Camera:** 50MP with 3.5x optical zoom, supporting up to 120x Super Digital Zoom.
- **Front Camera:** 50MP Ultra Clear Camera for detailed selfies.
- **Special Features:** Includes AI Studio for creative effects, AI Flash Photography, and a dedicated Underwater Photography mode.

3.3. Performance and Gaming

The OPPO Reno14 5G is powered by the MediaTek 8350 Chipset, designed to provide smooth performance for various tasks, including gaming. The AI Nano Dual-Drive Cooling System helps maintain optimal device temperature during extended use.

Image 3.3: Overview of the MediaTek Dimensity 8350 Flagship Platform.

3.4. Battery Management

The device features a 6000mAh battery, offering extended usage time. It supports 80W SUPERVOOC Flash Charge for rapid recharging.

**6000mAh 5-Year Durable Battery,
80W SUPERVOOC™ Flash Charge**
Long-Lasting for Full-Day Adventures

2.25 Days DoU	48 Mins From 1-100%
10 Hours MOBA Game	12.8 Hours Call 10 Minutes Charge

3.5. Operating System and AI Features

Running on Android 15, the OPPO Reno14 5G integrates AI-enhanced features, including Google Gemini for intelligent chat and multimodal interaction, and an AI Call Translator for real-time voice translation.

3.6. Connectivity

The device supports Bluetooth, USB, Wi-Fi, and GPS. The OPPO SignalBoost X1 Chip enhances network performance for stronger and more stable connections.

4. MAINTENANCE

4.1. Cleaning and Care

To clean your device, use a soft, lint-free cloth. Avoid abrasive materials or harsh chemicals. Keep the device away from extreme temperatures and direct sunlight.

4.2. Water and Dust Resistance

The OPPO Reno14 5G is rated IP68 and IP69 for water and dust resistance. This means it is protected against dust ingress and can withstand immersion in water up to 1.5 meters for 30 minutes. However, it is not recommended for prolonged underwater use or exposure to high-pressure water jets.

4.3. Software Updates

Regularly check for and install software updates to ensure your device has the latest features, security patches, and performance improvements. Updates can be found in the device's settings menu.

5. TROUBLESHOOTING

If you encounter issues with your OPPO Reno14 5G, consider the following common solutions:

- **Device not responding:** Press and hold the power button for about 10 seconds to force a restart.
- **Charging issues:** Ensure the charger and cable are securely connected and undamaged. Try a different outlet or charger.
- **Network connectivity problems:** Check if Airplane Mode is off. Restart the device. Verify your SIM card is properly inserted and active.
- **App crashes:** Clear the app's cache and data in settings, or reinstall the app.
- **Slow performance:** Close unnecessary background apps, clear storage space, or restart the device.

For persistent issues, refer to the official OPPO support website or contact customer service.

6. SPECIFICATIONS

Feature	Specification
Operating System	Android 15
Model Number	CPH2737
Dimensions (LxWxH)	15.8 x 7.5 x 0.7 cm
Weight	187 g
