3. Operation

The Jurassic World Rebirth Quetzalcoatlus action figure is designed for interactive play through its articulated parts.

Articulated Movement:

- **Wings:** The wings can be moved up and down to simulate flight or resting positions. Hold the body firmly and gently adjust the wings at their pivot points.
- **Legs:** The legs have limited articulation, allowing for minor adjustments in stance.
- **Head:** The head may have slight articulation for expressive posing.

Always move joints gently. Do not force movement beyond the natural range of motion to prevent breakage.

4. Maintenance

Proper care will ensure the longevity of your action figure.

Cleaning:

- To clean the figure, wipe it with a soft, damp cloth.
- Use mild soap if necessary, then wipe with a clean, damp cloth to remove any soap residue.
- Do not submerge the figure in water.
- Avoid harsh chemicals or abrasive cleaners, as these can damage the paint and plastic.

Storage:

Store the action figure in a cool, dry place away from direct sunlight and extreme temperatures. Prolonged exposure to heat or sunlight can cause fading or warping of the plastic.

5. Troubleshooting

If you encounter any issues with your Quetzalcoatlus action figure, please refer to the following common solutions:

Problem	Possible Cause	Solution
Joints are stiff or difficult to move.	New figure, or dust/debris in joint.	Gently work the joint back and forth. If persistent, ensure no foreign objects are lodged. Do not apply lubricants.
Figure appears dirty.	Accumulation of dust or grime from play.	Refer to the Cleaning instructions in the Maintenance section.
Minor scuffs or paint wear.	Normal wear and tear from play.	This is typical with active use and does not affect the toy's functionality.
