## Auxmir Moon Type RGB Night Light

# Auxmir RGB Night Light Bedside Lamp User Manual

Model: Moon Type RGB Night Light

## 1. INTRODUCTION

---

Thank you for purchasing the Auxmir RGB Night Light. This versatile bedside lamp is designed to provide customizable illumination for various settings, from a soothing night light for nurseries to a vibrant light for parties. Please read this manual carefully before use to ensure proper operation and to maximize the product's lifespan.

## 2. SAFETY PRECAUTIONS

---

- Do not disassemble or modify the device. This may cause damage or injury and will void the warranty.
- Keep the device away from water, moisture, and high temperatures.
- Use only the provided USB cable for charging.
- Do not expose the light directly to your eyes for extended periods, especially at high brightness settings.
- Keep out of reach of small children unless under adult supervision.

## 3. PACKAGE CONTENTS

---

- Auxmir RGB Night Light
- Remote Control
- USB Charging Cable (Type-C)
- User Manual

## 5. CHARGING THE DEVICE

---

The night light has a built-in 2000mAh lithium battery. Before first use, fully charge the device.

- Connect the provided USB Type-C cable to the charging port on the light and to a USB power source (e.g., wall adapter, computer, power bank).
- The charging indicator light will show charging status (e.g., red for charging, green/off for fully charged).
- A full charge takes approximately 4 hours and provides 12-18 hours of continuous use, depending on brightness and mode.

## 7. MAINTENANCE

- Clean the light with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- If not in use for an extended period, store the device in a cool, dry place.

## 8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Light does not turn on.	Battery is depleted.	Charge the device fully.
Remote control not working.	Battery in remote is low or depleted. Obstruction between remote and light.	Replace remote battery. Ensure clear line of sight.
Brightness/color not changing.	Incorrect button pressed.	Refer to Section 4 for correct button functions.
